WEST SENECA.

This town is in Erie Co. Incorp. 1851. The decrease in the valuation for 1909 was caused by a division of the town, cutting off the city of Lackawanna. While the bonds below are considered a lien upon the whole town, the referee appointed to apportion the debts has decided that they are to be paid by the city of Lackawanna, the sewer having been built in that city. This report came up in Dec. 1911 for confirmation by the State Supreme Court and was opposed by the city of Lackawanna. No decision has been rendered.

	$1,990,250 00
Debt to be counted in ascertaining the power to become further indebted	$6,854,221 01

Assessment bonds, revenue bonds, certificates of indebtedness and local improvement notes are issued in anticipation of the collection of taxes and assessments and paid from the receipts thereof.

Refunding bonds are issued to refund $277,500 redemption bonds, $60,000 assessment bonds and $42,000 tax-relief bonds and paid from moneys received from taxes, assessments and redemption of lands purchased by the city for non-payment of taxes and assessments.

Water bonds are paid from receipts of Water Bond Sinking Fund.

Prior to Jan. 1 1908, the School Bonds were issued by the Board of Education and the water bonds by the Water Board. Since the date referred to, however, all bonds of the city have been issued under the Uniform Charter for cities of the second class. Chapter 452 of the Laws of 1908 repeals the Acts under which the Board of Education and the Water Board were created separate bodies.

LEGISLATURE meets annually the second Tuesday of January, and there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The constitution of 1844 forbade the creation of a State debt exceeding one hundred thousand dollars *except* for purposes of war, &c. This exception, under which it was allowable to exceed the hundred-thousand-dollar limit, became operative on the occasion of the breaking out of the Civil War. Quite a debt was created at that period. The last of these war bonds was retired on Jan. 1 1902.

TOTAL DEBT.—With the exception of $116,000 certificates issued to the Commissioners of the Agricultural College under Act approved June 13 1895, the State is now clear from debt, and has been since Jan. 1 1902. At previous dates the debt was:

Nov. 1 1901	$71,000	Nov. 1 1895	$660,400
Nov. 1 1898	194,000	Nov. 1 1894	735,400
Nov. 1 1897	394,000	Nov. 1 1880	1,996,300
Nov. 1 1896	593,400	Nov. 1 1866	3,395,200

On Nov. 1 1911 the cash balance on hand in the State Fund was $3,121,-081.20; this fund also held on the same date 1,887 shares (par value $188,-700) of the stock of the United Railroad & Canal Companies of New Jersey, the market value of which amounts to about $475,000. The State School Fund on Nov. 1 1911 held securities to the amount of $5,327,314.16; cash balance on hand for investment, $189,675.11.

ASSESSED VALUATION.—The asssed valuation for a series of years has been as below. Under new tax laws the assessment beginning with 1906 has been made at supposed full value—a much higher basis than in former years.

1911	$2,166,735,535	1902	$952,560,540	1888	603,676,953
1910	2,045,898,214	1901	918,418,741	1886	573,256,303
1909	1,949,687,287	1900	891,237,286	1884	554,828,114
1908	1,843,001,178	1898	844,354,193	1882	534,917,876
1907	1,841,527,418	1896	794,428,048	1880	518,617,518
1906	1,570,210,073	1894	774,398,332	1878	531,851,849
1905	1,153,682,961	1892	742,759,082	1876	596,833,707
1904	1,055,379,023	1890	649,979,700	1874	619,057,903
1903	1,008,062,612				

In addition to the above, valuation of railroad and canal property in 1900 was $219,656,014, in 1902 $223,486,392, in 1903 $227,195,115, in 1904 $231,655,525, in 1905 $236,720,571, in 1906 $194,532,469, in 1907 $200,-045,173, in 1908 $272,182,490, in 1909 $279,059,611, in 1910 $286,546,453 and in 1911 $284,542,181. The values of railroad and canal property from 1906 to 1911 incl. do not include 2d class RR. property, the latter being given in the totals shown above for those years. No general tax is imposed in New Jersey, the State deriving its revenue from other sources.

POPULATION OF STATE.—Population has been as follows:

1910	2,537,167	1870	906,096	1820	277,575
1905	2,144,134	1860	672,035	1810	245,562
1900	1,883,669	1850	489,555	1800	211,149
1890	1,444,933	1840	373,306	1790	184,139
1880	1,131,116	1830	320,823		

DEBT LIMITATIONS.—The provisions of law limiting and regulating the debt-making power in New Jersey will be better understood and the information will be made more serviceable to the investor if arranged in accordance with the civil divisions to which the provisions apply.

(1) *THE STATE* is restricted as to its debt-making power by the State constitution. In Article IV, Section VI, paragraphs 3 and 4 the whole subject is disposed of. The third paragraph forbids a loan of the State's credit and the fourth paragraph forbids the creation of debt. These provisions are as follows:

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any manner create any debt or debts, liability or liabilities of the State which shall singly or in the aggregate, with any previous debts or liabilities, at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and discharged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object statd therein, and to the payment of the debt thereby created. This section shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States.

According to the foregoing (4th paragraph), the power of the State for making debt is limited to $100,000, except (1) for purposes of war, &c., and (2) when the authorization is for some single object of work specified therein, &c. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the constitution.

CITIES, COUNTIES, TOWNS, &c., are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the constitution. We give these paragraphs in full:

19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for, or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation whatever.

It will be noted that the above prohibitions are absolut

Article IV, Section VII, Paragraph 11, of the constitut forbids the passage by the Legislature of any special laws "regulating the internal affairs of towns and counties," the constitution directing that in this and all other cases where general laws are feasible, general laws shall be provided.

In compliance with this last provision the Legislature has passed many general laws relating to the bonded indebtedness of the different kinds of municipalities existing in New Jersey, which are counties, cities, towns, townships, boroughs, villages, school districts, and certain anomalous municipalities governed by Boards of Commissioners, or Improvement Commissions, and not specifically named as villages, which they really are. See Compiled Statutes of New Jersey 1910, under the following headings: Chosen Freeholders, Cities, Towns, Townships, Boroughs, Villages and Municipal Corporations.

There is no general debt limit for New Jersey municipalities, either constitutional or statutory.

The most important law applicable to the debt of all municipalities is the Act of Mar. 29, 1887, P. L. 1887, p. 67, Com. Stat. of 1910, p. 3676, which prohibits the issuance of bonds by any municipality which is in default in the payment of its past-due bonds, or the interest thereon, or in arrears for over six months in the payment of any State or county tax, or other legal indebtedness. A supplement to this Act passed in 1912 provides that the failure to pay interest or principal of bonds the validity of which is contested by the municipality in pending litigation is not to be deemed a default under said Act.

The constitutional prohibition above referred to against special legislation relating to the internal affairs of towns and counties has been so construed by the highest Court in New Jersey as to prevent special legislation relating to the internal affairs of any municipality. The word "towns" as used in the constitutional provision is construed in the broadest possible sense, so as to include cities, towns, townships, boroughs, villages, school districts and municipalities of every kind. The result of this is that while the Legislature may, and does, incorporate municipalities by Special Laws, naming them and defining their boundaries, Special Laws as to the government and powers of such municipalities cannot be passed. The old special charters, which many cities have and which were granted before Sept. 1875, when this constitutional provision was adopted, remain in force except so far as amended or repealed by general laws, as the constitutional prohibition prevents the amendment or repeal of these old special charters by a special law. Consequently, at almost every session of the Legislature in recent years, one or more laws have been passed providing generally for the government of cities, or some other class of municipalities, which laws, while general in form, are really passed for the benefit of some particular municipality. To avoid the amendment or repeal of the old special charters, the new laws by their terms do not take effect until accepted by the voters at an election held for that purpose, and usually only the particular municipality at whose solicitation a law is passed accepts it. This makes it necessary to inquire as to any municipality whether or not it has accepted any such laws in order to know how it is governed. These referendum charters, as they may be called, frequently contain special debt limits and other important provisions in regard to municipal finance, as did also the old special charters. Similarly, many acts granting power to municipalities are passed which do not provide a frame of government, but still take effect only on acceptance.

Counties, towns, townships, boroughs and villages are almost entirely governed by general laws applicable either to all municipal corporations or to those classes, except that a few of the older towns have special charters which are still in force so far as not inconsistent with general laws adopted since. Counties are governed by the General County Act of 1846, as amended, Comp. Stat. of 1910, p. 474, and there are numerous Acts giving powers either to all counties or to those of a certain population. Towns are governed by the General Town Law of 1895, P. L. 1895, p. 218, Comp. Stat. of 1910, p. 5518. This Act applies to all towns incorporated under it by referendum proceedings, and also to towns previously incorporated under other General Town Laws. Boroughs are governed by the General Borough Law of 1897, Comp. Stat. 1910, p. 226. This Act limits the bonded debt of boroughs to 15% of the assessed valuation. Townships are governed by the General Township Law of 1899, Comp. Stat. of 1910, p. 5567, which limits the bonded debt of townships to 10% of the assessed valuation. There are few villages in New Jersey, most of the former villages being now incorporated under some other form, but the remaining villages are mostly governed by the General Village Act of 1891, Comp. Stat. of 1910, p. 5727, which is known as The Winton Act.

The Act of Mar. 26 1896, appearing in the Comp. Stat. under the heading of "Municipal Corporations," Sec. 20 and 21, p. 3462, provided that thereafter no borough or village shold be incorporated except by special Act of the Legislature. While this Act operated to prevent the incorporation of boroughs and villages by referendum proceedings under previous general laws, it does not prevent subsequent action by the Legislature permitting such incorporation. It is, however, a declaration by the Legislature of its policy to incorporate municipalities by special Act, which policy has been pursued as to all municipalities since that date. This course has many advantages, the principal one of which is, that as to municipalities so incorporated there can be no question as to their corporate existence, name, and boundaries, which are fixed by the special Act. When the Legislature desires to incorporate a town, township, borough or village, it now does so by a special Act fixing the name and boundaries of the new municipality, and the new municipality thereupon becomes subject to the general laws affecting the class to which it belongs. In the case of new cities, the situation is more complicated, because there is no general Act relating to all cities and furnishing a form of government therefor which takes effect without acceptance by the voters or governing body of the city. Therefore, when the Legislature incorporates a new city, as it cannot by the Act of incorporation provide for its government, but can only fix its name and boundaries, the new city would be without any frame of government unless it should proceed to accept one of the general referendum charters. Cities under 12,000 population are governed by the Act of March 24 1897, Comp. Stat. of 1910, p. 1297, unless they have a special charter or have adopted a referendum charter. This is the course generally pursued, and frequently the Legislature has simultaneously incorporated a new city and passed a new referendum charter ostensibly for all cities, but which was intended to be, and was, accepted only by the new city. The effect of this is practically the same as if a special charter had been passed for the new city.

At the session of 1911 the Legislature adopted an Act providing for the commission form of government in cities, generally known as The Walsh Act, being Chap. 221 of the Laws of that year. This Act, (which only applies to municipalities accepting it at an election) provides that it may be so accepted by "cities, towns, boroughs and other municipalities." This left it uncertain whether on the one hand the Act applied to counties and school districts (which the Legislature probably did not intend) or whether, on the other hand, it could be accepted by villages and townships (which the Legislature probably did intend). This doubt has been set at rest by an amendment adopted by the Legislature at the session of 1912, which amended the title and body of the Act so as to make it applicable to cities, towns, townships, boroughs, villages and municipalities governed by boards of commissioners and improvement commissions, and to these only, so that it is now clear that counties and school districts are not affected. The Walsh Act has been accepted by only four of the larger municipalities in New Jersey, i. e., the cities of Trenton, Passaic, Atlantic

City Act Long Branch, and, when submitted to the voters of a number of other cities, such as Jersey City, Paterson, Hoboken, Elizabeth and Bayonne, was rejected by them. The Walsh Act limited the net bonded debt of cities adopting it to 7% of the assessed valuation of property therein, unless authorized by the voters at a special election. Said amendment of 1911 provided that such net bonded debt shall be determined by deducting from the gross bonded debt all water bonds, cash and investments held in sinking funds, and all bonds the payment of which is provided for in the annual tax levy, but makes the limit on debt without an election 15%, instead of 7%.

Under the County Act of 1846, as amended, counties are governed by a board of seven Freeholders, each Freeholder being elected by the municipalities in proportion to population. By the Strong Act (P. L. 1908, p. 268), counties accepting it at an election have a small Board of Chosen Freeholders, consisting of 7, 9 or 11 members, according to population. The Strong Act was amended by P. L. 1909, p. 264, and by two Acts passed in 1911, viz., P. L. 1912, p. 278, and p. 641, and revised and re-enacted by P. L. 1912, p. 619. P. L. 1912, p. 228, is a similar referendum Act applicable only to counties of the first class (population 200,000). Several counties have already accepted the Strong Act, and as the small Board of Freeholders represents one of the principles of the so-called commission form of government, it has been stated in the press that these counties have accepted the "commission form of government," thus creating the false impression that they had accepted the Walsh Act.

School bonds are governed by the General School Law of 1903, Comp. Stat. of 1910, p. 4774, which provides that every incorporated city, town, township and borough shall be a school district. City school districts are governed by Art. VI of the law, which practically makes the Board of Education a branch of the City Government, and authorizes the issuance of bonds of the city for school purposes to an amount not exceeding 3% of the assessed valuation of the city. School districts in towns, townships and boroughs are governed by the provisions of Art. VII of this law, which requires the submission for the issuance of bonds of such school districts (which are the municipalities of the town, township or borough) as the legal voters (taxpayers), without any limitation. But under an amendment of 1912 these bonds cannot run for more than 30 years or be issued in excess of 3% of assessed valuation. This amendment does not, however, affect the issuance of bonds already voted, but not issued. The School Law also provides that the voters of any city school district may accept the provisions of Art. VII of the School Law, and be governed like a town, township or borough district, and, on the other hand, town, township and borough school districts may accept the provisions of Art. VI of the School Law and be governed like a city district. This has been done chiefly by large towns, which found it cumbersome to submit all important matters as to taxation and bond issues to meetings of the voters, and the towns of West Hoboken, Kearny and Montclair have accepted and are governed by Art. VI. So far as we are aware, no city has accepted the provisions of Art. VII. The proceedings for the issuance of bonds of all school districts under Art. VII must be submitted to the Attorney-General for his approval before the bonds are issued.

SALE OF BONDS.—By the Act of Apr. 9th 1910, P. L. 1910, p. 317, Comp. Stat. of 1911, p. 3055, all municipal bonds must be sold for not less than par at public sale on ten days' notice, unless the statute under which they are issued expressly authorizes private sale. By an amendment to this Act, passed in 1911 (P. L. 1911, p. 218), the notice must be given by two insertions in a local paper, and private sale to the sinking fund is allowed. The School Law of 1903, the Borough Law of 1897 and the Funding Act of March 23 1899, Comp. Stat. of 1910, p. 3081 (which last Act is extended applies to all municipalities except school districts and counties), expressly authorize private sale, as does the Grade Crossing Act of April 1 1912 and the County Funding Act of the same date which last Act authorizes the funding of floating debt of counties existing Jan. 1 1912. A supplement to the School Law, P. L. 1911, p. 514, prohibits the issuance of school bonds except after public sale on ten days' notice, unless previously offered to and rejected by the School Fund. This Act also requires all school Bonds to be signed, sealed, delivered and paid for in the State of New Jersey, such payment to be made by cash or certified check to the order of the custodian of school moneys, who is the Treasurer of the city, town, township or borough, as the case may be.

TAX EXEMPTION.—By Sec. 3 of the General Tax Act of 1903, Comp. Stat. of 1910, p. 5075, bonds and other securities of the United States and of the State of New Jersey or any county, taxing district or school district of the State are exempt from taxation. This makes all New Jersey municipal bonds tax-exempt in that State.

LIMITATION OF TAX RATE.—Chap. 116, Laws of 1906, provides that the ultimate maximum tax rate for all taxing districts of the State for county, school district and local purposes, shall be $17.50 for each $1,000 of assessed valuation, and requires a gradual reduction to said maximum rate in taxing districts where the rate in 1905 exceeded that amount. The Act further provides an ultimate rate of taxation for county purposes of $5.00 per $1,000 of assessed valuation, and for a similar gradual reduction to said ultimate rate in counties which had a higher rate in 1905. This limitation does not apply to taxes required to raise any State tax or State school tax, or to pay judgments, all of which may be in addition to the rate limited by said Act. Therefore, any holder of bonds or other obligations of any New Jersey municipality, while he might not be able to compel the immediate levy of a tax to pay such obligations, (if such a levy would exceed the limit), could finally reach the same result by first reducing his claim to a judgment, and then compelling the levy of a tax to pay that judgment. These limitations are, therefore, not of much importance to investors in New Jersey municipal securities except as they limit the tax burden on the taxable property for other purposes.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The savings bank law of New Jersey was completely revised by the State Legislature of 1906, without, however, changing in any essential respects the investment provisions. We give below in full the investment sections of the new law.

VI. DEPOSITS—HOW INVESTED.

SECTION 33. No savings bank shall invest the moneys deposited with the same in any manner except as follows, to wit:

I. In stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

II. In the interest-bearing bonds of this State; or in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State, by virtue of any law of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank, defaulted in the payment of any part of either principal or interest in any debt authorized by any law of such State to be contracted.

IV. In the bonds of any county, township, municipality or school district of this State issued pursuant to the authority of any law of this State, *provided*, such county, township, municipality or school district shall not, within the five years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof, and *provided further*, the total indebtedness of any borough or village does not exceed 10% of its assessed valuation, and such school district bonds are by law charged upon all the property of the inhabitants of such district or in said interest-bearing obligations (other than obligations commonly known as improvement certificates) issued by the city, county, town, township, borough or village in which such bank is situated;

V. In the bonds of any city or county of any other State of the Union issued pursuant to the authority of any law of any such State; *provided*, no such city or county has, within ten years previous to making such investment, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; and *provided further*, the total indebtedness of any such city or county is limited by law to 10% of its assessed valuation;

VI. In first mortgage bonds of any railroad company which has paid dividends of not less than 4% per annum regularly on its entire capital stock for a period of not less than five years next previous to the purchase of such bonds, or in any consolidated mortgage bonds of any such company authorized to be issued to retire the entire bonded debt of such company.

VII. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned thereon, but not to exceed 80% of the whole deposits shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than 30% of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, and two members of which committee shall certify in writing to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the bank;

VIII. In real estate strictly in accordance with the following provisions:

(a) A plot whereon is erected, or may be erected, a building or buildings requisite for the convenient transaction of its business, and from portions of which not required for its own use a revenue may be derived; the costs of such building or buildings and lot shall in no case exceed 50% of the net surplus of such bank except with the written approval of the Commissioner of Banking and Insurance; *provided*, the limitations as to the cost of such lot and building contained in this subdivision shall not apply to or affect any such investment heretofore made by a savings bank organized under a special charter;

(b) Such as shall have been purchased or acquired by it at sales upon the foreclosure of mortgages owned by such corporation, or upon judgments or decrees obtained or rendered for debts due to it, or in settlements effected to secure such debts, or in satisfaction of such mortgages; and all such real estate shall be sold by such bank within five years after the same shall have been so purchased, unless, upon application by such corporation to the Commissioner of Banking and Insurance, he shall extend the time within which such sale shall be made; the provisions of this section shall apply to all funds of any savings bank, including its reserve fund, and all investments of money and sales and transfers of securities may be made in the manner provided and made lawful in this Act, notwithstanding any provision in any special charter contained limiting the number of trustees or managers who shall act in the investment of moneys and the sale or transfer of stocks or securities.

SECTION 34. No savings bank shall loan the money on deposit with the same, or any part thereof, upon notes, bills of exchange or drafts, except upon the additional pledge of collateral security, which shall be of the same nature and character as those in which the money deposited may be invested as directed in the preceding section, or the capital stocks of national and State banks, or the capital stock or bonds of other corporations of this State which have not defaulted in the payment of interest or dividends, upon the collateral loaned upon, within two years next preceding the time of such loan, and then only to the extent of 80% of the market value of such collaterals; *provided*, the total amount of such loans shall not exceed 15% of the total deposits held by such savings bank.

INVESTMENT OF TRUST FUNDS.—This subject is covered by the Act of May 8 1907, Public Laws 1907, p. 382; Comp. Stat. of 1910, p. 3864, printed in full in "Chronicle" of Nov. 23 1907, p. 1352

JERSEY CITY.
H. O. Wittpenn, Mayor; F. Gormley, Comptroller.
On Feb. 13 1900 the citizens authorized the purchase of a water plant for the sum of $7,595,000. V. 70, p. 344. After extensive litigation the city completed negotiations for the purchase of the plant of the Jersey City Water Supply Co., paying that company on Oct. 10 1911 $6,992,000 for its property. See V. 93, p. 1107. The city issued $6,776,000 bonds to cover the cost of the water plant, and they are given below. Commission government defeated July 18 1911.

RAHWAY.
This city, of Union County, was declared bankrupt in 1882, and a composition of the debt, exclusive of the water debt (as to which, was forthwith agreed to with most of the leading creditors at 45 cents on the dollar. The debt, exclusive of water debt, then amounted to about $1,200,000. This settlement was completed in 1884, and interest is now paid promptly on the new bonds. The water bonds were renewed in 1891 at 4%, an agreement having been made in 1890 with all except interest at 7% was reduced at the 35% rate. Interest on these water bonds is also now promptly paid. Incorporated 1855. Commission government defeated Sept. 26 '11.

DEBT LIMITATION. In Pennsylvania the limit to the indebtedness of the State, and to the indebtedness of the cities and minor civil organizations [illegible] the State is fixed by the State constitution.

Constitutional provisions.—With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections 1, 6, 11, 12, 13 and 14 of Article IX of the constitution, and are as follows:

ARTICLE IX, SEC. 4. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars.

SECTION 5. All laws authorizing the borrowing of money by and on behalf of the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified, and for no other.

SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than [illegible] and fifty thousand dollars, the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it such part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bonds of the United States or of this State.

SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years.

(2) *County and Municipal Indebtedness.*—Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons, elected biennially under the minority system of voting, by which the minority party in each county usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations:

ARTICLE IX, SEC. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association, institution or individual.

SECTION 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city the debt of which now exceeds seven per centum of such assessed valuation may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation.

[At the Nov. 1911 election the voters adopted an amendment to the above section which allows the city of Philadelphia, in ascertaining its borrowing capacity, to exclude such debt as may be incurred for the construction or development of subways for transit purposes or for the construction of wharves or docks owned or to be owned by the city and which produce revenue sufficient to pay the interest and principal of such debt. V. 93, p. 1547. We print below the lines added to Section 8.

"Except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenue in excess of the interest on said debt or debts and of the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund for their cancelation shall be established and maintained."

SECTION 9. The Commonwealth shall not assume the debt, or any part thereof, of any city, county, borough or township, unless such debt shall have been contracted to enable the State to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebtedness.

SECTION 10. Any county, township, school district or other municipality incurring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.

TAXATION OF MUNICIPAL AND SCHOOL BONDS.—All bonds issued by municipalities, counties and school districts in Pennsylvania are subject to a State tax of four mills, which is paid by the place issuing the bonds and deducted from the remittance of interest to the bondholder, unless the bonds are issued as "tax-free," when the municipality itself assumes the tax. See V. 92, p. 359.

SCHOOL CODE.—The school laws of this State were codified in the new School Code approved May 18 1911. One of the important provisions of this law is (Sec. 506) that the Directors of school districts may incur debt and issue bonds "only at the time of assessing and levying the annual school taxes." Thus school bonds can only be issued at the time of the school tax levy, which must be in April or May.

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at the time of a like character. The date of the organization was November 27 1816, and the bank was opened for business Dec. 2 1816. The oldest edger of the company goes back to the time of opening, and shows a deposit on that day (December 2 1816) of five dollars. The company was not incorporated until February 25 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1889 a general law facilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department of November 1 1911 shows that the total number of savings banks within the State was only eleven. The aggregate deposits of these banks at that date was $186,680,985.

The provisions of the special charters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters, contains the following:

"*Provided also*, that no • • • Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this Act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, *except* upon first mortgage or lien upon real estate within this Commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, township or school district, *or any other good and valid securities*."

Authority to loan on any "good and valid security" appears to confer about as broad a discretion upon the managers as could be expressed in a statute.

In 1897 an Act was passed allowing savings institutions and savings banks chartered under Special Acts to invest in Pennsylvania county and municipal bonds, notwithstanding any provisions of their charters. The law follows:

CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under Special Acts of this Commonwealth of Pennsylvania, may, notwithstanding any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth issued pursuant to the authority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are pledged.

It was not until 1889, as already stated, that a general law facilitating the organization of savings institutions was passed. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1) In the stocks or bonds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate situated in this State.

The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

PHILADELPHIA. Rudolph Blankenburg, Mayor; J. M. Walton, Comp.; O. C. Bosbyshell, Sec. Sinking Fund Comm.: L. Wagner, Chairman.

Philadelphia, co-extensive with the county of the same name, is the third city of the United States, and has an area of over 130 square miles. The city was founded in 1681 by William Penn, chartered in 1787, and consolidated in 1854 with numerous outlying districts and boroughs. Many sections of the city of Philadelphia still retain their old names and are constantly referred to as such. Among these may be mentioned Germantown, Manayunk, Frankford, Bridesburg, Roxborough, West Philadelphia, Richmond, &c., &c. The county is under city control and has no separate debt.

Net debt	95,828,600	86,248,200
Warrant debt	3,363,511	1,244,671

The cash on hand in the city treasury Jan. 1 1912 was $21,362,504.93, exclusive of the cash in the sinking fund, which aggregated $123,197.02.

The amount of bonded debt redeemed by Sinking Fund Commission during the year 1911 was $1,057,800. The Philadelphia & Erie RR. stock formerly held by the city among its assets was sold Nov 15 1904.

CITY PROPERTY.—The city owns land, buildings, equipment and other permanent improvements valued on Jan. 1 1912 at $270,914,558, an increase of $20,563,205 over Jan. 1 1911.

BORROWING CAPACITY.—Borrowing capacity on Jan. 1 1912, based upon assessed valuation of Aug. 4 '11 ($1,533,791,867) was $8,090,705.69.

ASSESSED VALUATION, &C.—The following shows the assessed value of property, and the tax rate, for years indicated. Property in this city up to and including 1903 was assessed at about 80% of its actual value. In 1904, however, values were increased to nearly real value, resulting in a decreased tax rate.

INTEREST.—On bonds of 1906 is payable at the office of School Fund Trustee; refunding bonds of 1897 at the Philadelphia National Bank in Philadelphia; on $230,000 4s at the Farmers' Bank of Dover; on Hospital and farm-purchase 4s and 10,000 4s at the Farmers' Bank in Wilmington.

TOTAL DEBT, &c.—The total liabilities on Sept. 1 1912 were $826,785. The assets on Sept. 1 1912 were $2,066,346.01; assets in excess of liabilities, $1,239,561.01. The total assets include bank stocks, $770,122 (market value); mortgages on railroads, $385,000; bonds, $293,785; real estate, $410,000, and cash in treasury, $207,439.01.

ASSESSED VALUATION.—The total assessed valuation of the State in 1911 was $90,116,638. No tax is levied for general State purposes

DEBT LIMITATION.— Neither the new Constitution (adopted June 4 1897) nor the State statutes contain any general provisions authorizing bond issues or limiting the debt-making power, *except* that the new Constitution—

(1) Forbids the State (Article 8, Sec. 3) to borrow money or create debt, "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."

(2) Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lend its credit or appropriate money to, or assume the debt of or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever."

(3) Forbids any corporation (Article 9, Sec. 1) to be created, &c., by Special Act, "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," &c.

The above indicates that the authority as regards municipalities [except as already specified in number (2)] rests with the General Assembly and the General Assembly always passes Special Acts to provide for special occasions and needs.

TAXATION OF BONDS.—Charles S. Richards, Secretary of State, advised us Dec. 18 1911 that "no law has been passed relative to the taxation of bonds and notes, therefore they are exempt from taxation."

* The $6,693,850 included in "sinking funds, &c.," on Sept. 30 1911 above, was composed of $1,500,000 mortgage bonds of the Northern Central Ry., $5,117,380 stocks, bonds and cash in the various sinking funds, and $76,470 stock in various companies.

As against the net debt of $3,735,076 Sept. 30 1911, the State had as an offset her unproductive stocks, amounting to $1,099,627, and $794,966 due from Accounting Officers and Incorporated Institutions.

The receipts of the State for the year ending Sept. 30 1911 amounted to $8,706,493.45, balance in treasury Sept. 30 1910, $875,111.16; total, $9,581,604.61; disbursements, $8,110,083.97. The cash balance in the treasury on Sept. 30 1911 amounted to $1,471,520.64

DEBT LIMITATION.—There is nothing in the Constitution of Maryland limiting the power of the Legislature to authorize bond issues either by the State or by its municipalities, except that in Section 34, Article 3, we find that "the credit of the State shall not in any manner be given, or loaned to or in aid of any individual, association or corporation; nor shall the General Assembly have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto which shall involve the faith or credit of the State." No general limit for cities and towns has been fixed by the Legislature, nor is there any general authorization to be found in the statutes under which cities and towns can issue bonds. This power is lodged in the Legislature, and is delegated to the municipalities from time to time for specific purposes as the occasion may arise. It is necessary, therefore, for the investor to study the law in each case on this as well as on other points affecting the loa with respect to which he may need information

TAXATION OF BONDS.—N. Winslow Williams, Secretary of State, advises us under date of Dec. 8 1911 that while there is no general Act exempting State and municipal bonds from taxation, this provision is usually contained in each separate Act authorizing the issuance of such securities.

SAVINGS BANKS INVESTMENTS.—There are in this State general banking laws under which savings banks may be organized, but a number of the savings institutions have been incorporated under special charter. However, in both the general and special laws there appears to be a pretty general authority granted for investing the deposits. The general law states that—

> Any savings institution incorporated under this article shall be capable of receiving from any person or persons or bodies corporate or politic, any deposit of money *which shall be invested or loaned out on good security in the discretion of the directors;* provided that *no part* of the funds of said corporation *shall be loaned to any officer or director* of such corporation

In a special charter granted to the Germania Savings Bank of Baltimore in 1890 the power to loan the deposits is made a little more definite. The section referring to that subject states that the "corporation shall have power to borrow money, receive money on deposit, loan money, *taking such security therefor, either real or personal, as the Board of Directors may deem sufficient,* provided that no part of the funds of said corporation *shall be loaned to an officer or director* thereof."

We cannot discover any marked difference in the two provisions cited except that the enactment in the case of the Germania Savings Bank states distinctly that the security can be either real or personal. But as much as that would, we think, be assumed as authorized under the general provision, since no limit is made, and loaning on bond and mortgage is always a legitimate part of the business of savings banks.

TOTAL DEBT, SINK. FUND, &c.

City of Baltimore, Md.

Dec. 31 1911.

Gross water debt	$9,500,000
Water sinking fund	4,923,833
Net water debt	$4,576,167
Bonded and floatng debt (other than water)	$55,303,891
Sinking fund (other than water)	18,188,628
Net general debt	$37,115,263
Total bond. & float. debt	$64,803,891
Total sinking funds	23,112,461
Net gen. and water debt	$41,691,430

The city's holdings in the Western Maryland were sold in June 1902 for $8,751,370.45. V. 74, p. 999. The disposition made of this sum was fully given in V. 75, p. 202—$4,263,000 being deposited with several local banks and trust companies for a fixed period of 25 years at 3½% interest, and $65,909.66 invested in city loans, these sums being set aside to meet the Western Maryland bonds for the payment of which the city is responsible. The remainder was deposited at 3½%, subject to withdrawal on 30 days' notice, and was withdrawn after the city's great conflagration in 1904.

Against the net debt of $41,691,430 on Dec. 31 1911, the city reports productive assets amounting to $17,547,063.

On Dec. 31 1911, besides the above assets, the city held unproductive assets to the amount of $5,000,000, representing the cost of the new Court House and City Hall. The value of city property, excluding the new Court House and City Hall, was $15,000,000.

LEGISLATURE.—The State Constitution provides that the Legislature shall meet biennially in even years on the first Monday in January. There is no limit to length of sessions. The requirement being that State elections must be held in even years, this would make it impossible for legislators to convene until the second January after their election. Nevertheless, an amendment for the purpose of relieving this situation by changing the time for convening the Legislature was defeated in 1908; V. 87, p. 1435. (Report of Secretary of State, page 574.) The Legislature in 1910, however, passed an Act providing for the beginning of the regular session on the first Monday in January after members are elected. See V. 91, p. 894. (V. 101, O. L., page 137.) A session held in 1911 under this law was declared legal by the Supreme Court on March 28 1911. See V. 92, p. 673. (V. 83, O. S., page 412.)

HISTORY OF DEBT.—The historical details of Ohio's State debt from 1825 to 1894 will be found in the "State and City Supplement" of April 1894, page 75.

TOTAL DEBT, ETC.—With the exception of $1,665 domestic loan bonds, interest on which has ceased, Ohio has no funded State debt at present, the last $200,000 bonds having been retired on July 1 1903. The total bonded debt on Nov. 15 1902 was $201,665; in 1901 it was $451,665; in 1900 was $701,665; in 1885, $3,720,229; in 1880, $6,476,805; in 1871 $9,022,721; in 1861, $14,897,273 in 1851, $17,563,329.

NEW TAX BILL.—The "Smith Tax Bill," signed by the Governor on June 2 1911, provides that the levy for any governmental unit, such as the city, the schools or the like, shall not be more than the levy of 1910; also that the total levy shall not be more than 1% of the tax duplicate. In order to raise sufficient revenue under these decreased rates of taxation, assessment of property was generally raised to its full value.

TAXATION OF MUNICIPAL BONDS.—The voters of this State on Nov. 7 1905 adopted an amendment to Section 2, Article XII., of the State constitution, which exempts municipal bonds from taxation. V. 80, p. 1985. The amendment took effect Jan. 1 1906. On Nov. 3 1908 the voters defeated an amendment to the same article whereby the tax-exemption feature on State and municipal bonds was to have been left optional with the Legislature. V. 87, p. 1372. On Sept. 3 1912, however, an amendment was adopted, to take effect Jan. 1 1913, providing for the taxation of future issues of State and municipal bonds. The amendment will be found in full in V. 95, p. 766.

DEBT LIMITATION.—Ohio has very carefully guarded the debt-making power of the State. This could not be said while the Constitution of 1802 was in force; for under that instrument it was competent for the Legislature to construct works of internal improvement on behalf of the State, or to aid in their construction by subscribing to the capital stock of corporations created for that purpose, or to authorize in other ways the creation of debt in unlimited amounts. But since the adoption of the Constitution of 1851 the whole situation in these particulars has changed, the legislative power with respect to the State having been limited. The same is in large measure true also of the municipalities.

FIRST. As to the State's power to contract debt, this is regulated under the first five sections of Article 8 of the Constitution We insert these five sections in full.

SECTION 1. (*Debt Limited to Seven Hundred and Fifty Thousand Dollars.*) The State may contract debts to supply casual deficits or failures in revenues or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more Acts of the General Assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted and to no other purpose whatever.

A proposed amendment to the above section permitting the Legislature to issue $50,000,000 bonds (not more than $10,000,000 in any one year) for a system of inter-county wagon roads was defeated on Sept. 3 1912. See V. 95, p. 766.

SECTION 2. (*Additional and for What Purpose.*) In addition to the above limited power the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to repay such debts, and to no other purpose whatever; and all debts incurred to redeem the present outstanding indebtedness of the State shall be so contracted as to be payable by the sinking fund hereinafter provided for as the same shall accumulate.

SECTION 3. (*The State to Create No Other Debt.*) Except the debts above specified in Sections 1 and 2 of this article, no debt whatever shall hereafter be created by or on behalf of the State.

SECTION 4. (*Credit of State; the State Shall Not Become Joint Owner or Stockholder.*) The credit of the State shall not in any manner be given or loaned to or in aid of any individual association, or corporation whatever; nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere formed for any purpose whatever.

SECTION 5. (*No Assumption of Debts by the State.*) The State shall never assume the debts of any county, city, town or township, or of any corporation whatever unless such debt shall have been created to repel invasion, suppress insurrection or defend the State in war.

The foregoing sections complete the limitation as to State debt and credit. Sections 7, 8, 9, 10 and 11 of Article 8 cover the matter of sinking funds referred to in Section 2 above. But they need not be published here.

SECOND As to Cities, Towns, Counties, &c., so far as the Constitution affects the power of the Legislature to authorize these municipalities to create debt, the limitations are found in Section 6 of Article 8 and in Sections 1, 2 and 6 of Article 13. (1) Section 6 of Article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of Article 13 forbid the passing of Special Acts and require General Acts for conferring corporate powers. (3) Section 6 of Article 13 provides that the General Assembly make provision for the organization of cities, etc., by general laws and restrict their debt-making power. These sections are as follows:

ARTICLE 8, SECTION 6. (*Counties, Cities, Towns or Townships Not Authorized to Become Stockholders, &c.*) No laws shall be passed authorizing any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint stock company, corporation or association whatever; or to raise money for, or loan its credit to, or in aid of, any such company, corporation or association; provided, that nothing in this section shall prevent the issuing of public bonds of a county to a mutual insurance associations or companies. Laws may be passed providing for the regulation of all rates charged by any board or combination, association or association organized under the laws of this State or doing any insurance business in this State for profit. [That part of the above section given in italics was added by an amendment adopted Sept. 3 1912. V. 95, p. 766.]

ARTICLE 13, SECTION 1. (*Corporate Powers.*) The General Assembly shall pass no Special Act conferring corporate powers.

SECTION 2. (*Corporations—How Formed.*) Corporations may be formed under general laws; but all such laws may from time to time be altered or repealed.

SECTION 6. (*Organization of Cities, &c.*) The General Assembly shall provide for the organization of cities and incorporated villages by general laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from Section 6, Article 8, above cited, that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint stock companies. That, however, is not a correct construction, as was decided in the case of Walker vs. The City of Cincinnati, a case which arose under an Act of the General Assembly of Ohio entitled "An Act relating to cities of the first class" authorizing any such city to construct a line of railroad therefrom to any other terminus in this State or in any other State. In pursuance of the authority that Act purports to give, Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legality of that proceeding this action was brought. The Court's opinion is very full and explicit, the conclusion being that from "the language of the section, it is quite evident that it *was not intended to prohibit the construction of railroads nor indeed to prohibit any species of* ..." The section contains no direct reference to railroads "or to any other special classes of improvements or enterprises. The "restrictions are directed only against a particular manner or means by "which under the constitution of 1802 many public improvements had "been accomplished."

In compliance with Section 6, Article 13 (cited above), which provides for the organization of cities, &c., by general law, the Legislature made an elaborate classification of municipal corporations, which was in existence for years. First they were divided into cities, villages and hamlets. Then cities were divided into two classes, the first class being subdivided into three grades, and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census. In addition many special laws found their way on to the statute books nominally general in their scope but really so worded as to apply to only one city. In June 1902, however, the State Supreme Court handed down several decisions declaring such laws special legislation and therefore unconstitutional. The decisions were considered to be of such broad application that the Governor called an extra session of the Legislature for the purpose of framing a new general municipal code. The extra session convened Aug. 25 1902 and after a session of nearly two months passed a new "municipal code"—a document too lengthy to quote in these columns. We would refer our readers, therefore, to pages 994 and 995 of the "Chronicle," Nov. 1 1902, wherein will be found at length the more salient points of this important measure.

It remains to be said that at the regular session of the Legislature in 1902 an Act popularly known as the "Longworth Omnibus bill" was passed and subsequently upheld by the State Supreme Court. This Act amends Section 2835, 2836 and 2837, Revised Statutes of Ohio, relating to the issuance of bonds by cities, villages and other municipal corporations. Under the new law the municipal boards of legislation, councils, &c., may by two-thirds vote issue bonds for *certain specified purposes* to the extent of 1% of the assessed valuation yearly (but not exceeding 4% in the aggregate) without submitting the question to a vote of the people. Bonds issued under this Act in excess of 1% in any one year or in excess of 4% in the aggregate must first be submitted to a vote of the people and carried by two-thirds of those voting on the proposition; but a net debt (bonds less sinking fund) of more than 8% in the aggregate cannot be authorized in any event. The Act as amended in 1906 will be found in the "Chronicle" May 26 1906, page 1224. In May 1910 the law was further amended so as to limit the bonding power of boards of education and municipal corporations to 5%, instead of 8%, of the tax duplicate. This was done by amending Sections 3942, 3945, 3948 and 3954 of the General Code, making them read as follows:

Sec. 3942. The net indebtedness incurred by any township or municipal corporation for the purposes mentioned in sections 3295 and 3939 of the General Code shall never exceed 2½% of the total value of all the property in such corporation or township, as listed and assessed for taxation, unless the excess of such amount is authorized by vote of the qualified electors of the township or corporation in the manner hereinafter provided.

Sec. 3945. Such limitation of 1% and 2½% hereinbefore prescribed shall not affect bonds lawfully issued for such purposes upon the approval of the electors of the township or corporation.

Sec. 3948. Before any bonds in excess of such limitations of 1% and 2½% are issued as provided, the question of issuing them shall be submitted to the voters of the township or corporation at a general or special election.

Sec. 3954. No municipal corporation or township shall create or incur a net indebtedness over the authority of this chapter in excess of 5% of the total value of all the property in such township or corporation as listed and assessed for taxation. The limitations and provisions for such purposes which at the time of [illegible] within the limitations existing at the time of such [illegible] to fulfill the obligations of the township or municipal corporation [illegible] In ascertaining the limitations of such 5%, and of such 2½%, net debt shall be considered except those specifically excluded by Section 3954 of the General Code.

The Act took effect Jan. 1 1911, but as many cities complained that they could not raise funds for necessary improvements by reason of having given the tax duplicate as it stood on Jan. 1, a bill was passed suspending the operation of the Act of 1910 until Oct. 1 1911. See V. 92, p. 1114.

N.B.—Some doubts having arisen as to whether old bonds as well as "Longworth" bonds ought to be counted in figuring the 8% debt limit, a suit was instituted and the State Supreme Court in May 1906 held that only such bonds as may have been issued subsequent to the enactment of the "Longworth" bill should be counted in considering the 8% limit provided for in Sec. 2835. V. 82, p. 1114. Furthermore, in the amended law of 1908, it is expressly provided that the 8% limit shall apply only to the bonds issued subsequent to the enactment of this Act.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions of the law defining securities in which savings banks in this State may invest their funds are contained in Sections 9765 and 9758 of the General Code. These sections read as follows:

Sec. 9765. A savings bank may invest the residue of its funds in, or loan money on, discount, buy, sell or assign promissory notes, drafts, bills of exchange and other evidences of debt, and also invest its capital, surplus and accretions to the same, in the following:

a. The securities mentioned in Section 9758 [we give Section 9758 below], subject to the limitations and restrictions therein contained, except that a savings bank may loan not less than 75% of the amount of the paid-in capital, surplus and accretions on notes secured by mortgage on real estate. But all loans made upon personal security shall be upon notes with two or more sureties, or upon a note indorsed, payable and to be paid at a time not exceeding six months from the date thereof. In the aggregate not exceeding 10% of the capital, surplus and deposits of a savings bank shall be so loaned.

b. Bills and notes and dividends for five consecutive years next prior to the investment, issued and [illegible] notes of corporations, when this is authorized by a [illegible] of a majority of the board of directors or by the executive committee of such savings bank. No purchase or investment shall be made [illegible] of any other corporation organized or doing business under the laws of this State. The Superintendent of Banks may order any such securities which he deems undesirable to be sold within six months.

c. Promissory notes of individuals, firms or corporations, when secured by a [illegible] of collateral approved by the directors, subject to the provisions of [illegible] 9758, Sec. 282, Sec. 57).

[illegible] Section 9758 limits the amount to be loaned by a [illegible] to any one person, firm or corporation to 20% of its paid-in capital and surplus, unless such loan is secured by [illegible] improved farm property in a sum not exceeding 60% of its value. It is further provided that the total liabilities, [illegible] of individuals, firms, company, corporation or firm to any bank, other [illegible] or as security or indorser for others, for money [illegible] shall not exceed 20% of its paid-in capital stock and surplus. The discount of bills of exchange drawn against actually existing values and the discount of commercial or business paper actually owned by the person, company, corporation or firm negotiating it, shall not be considered as money borrowed. Section 9755, also mentioned above, stipulates that the deposits of funds in a bank or trust company not duly designated as a depository by the board of directors shall be held to be a loan within the meaning of Section 9754.]

Sec. 9758. Subject to the provisions of the preceding section (Sec. 9757), commercial banks may invest their capital, surplus and deposits in or loan them upon:

a. Personal or collateral securities.

b. Bonds or other interest-bearing obligations of the United States or those for which the faith of the United States is pledged to provide payment of the interest and principal, including bonds of the District of Columbia; also in bonds or other interest-bearing obligations of any foreign government.

c. Bonds or interest-bearing obligations of this or any other State of the United States.

d. The legally issued bonds or interest-bearing obligations of any city, village, county, township, school district or other district or political subdivision of this or any other State or Territory of the United States and of Canada.

e. Mortgage bonds or collateral trust bonds of any regularly incorporated company which has paid, for at least four years, dividends at the rate of at least 4% on their capital stock. Such loan shall not exceed 80% of the market or actual value of such bonds, the purchase of which first has been authorized by the directors. The Superintendent of Banks may order that any such securities which he deems undesirable be sold within six months.

f. Notes secured by mortgage on real estate, where the amount loaned thereon, inclusive of prior encumbrances, does not exceed 40% of the value of the real estate if unimproved, and if improved 60% of its value, including improvements, which shall be kept adequately insured. Not more than 50% of the amount of the paid-in capital, surplus and deposits of such bank at any time shall be invested in such real estate securities (99 v. 280, Sec. 50.)

CINCINNATI.
Henry T. Hunt, Mayor; Ira D. Washburn, Aud.; C. T. Greve, Sec Sinking Fund Trustees.
Cincinnati is situated in Hamilton County. Founded in 1789; incorporated as a town Jan. 1 1802 and as a city Feb. 5 1819. The following villages have since been annexed:
Avondale, Clifton, Linwood, Riverside, Westwood, Hyde Park, Evanston, Bond Hill, Winton Place, Delhi, College Hill, Saylor Park, Carthage, Madisonville, Mt. Airy, Mt. Washington, Pleasant Ridge, Oakley, Hartwell and Fernbank. Question of annexing village of Kennedy Heights carried on Nov. 5 1912. A proposition to annex Elmwood Place was also favored by the voters of Cincinnati on Nov. 5 1912, but was defeated by the village itself.

*These figures include $14,932,000 Cincinnati Southern Ry. bonds and $2,000,000 Covington Southern Ry. bonds, which the sinking fund and interest on which is paid by the lessee in the form of rent and therefore not counted against the tax duplicate.

There were outstanding on July 31 1912 street bonds for $1,567,755, payable by special assessment and *not included* in the above statement of total bonded debt on that [illegible] 1912 $1,145,-225.75 was [illegible] while $82,500 bonds of the Board of Education and $5,065,972 city bonds, were held in the sinking fund, with cash on hand amounting to $838,553—a total of $8,423,145. Bonds marked thus * are held in sinking fund.

CITY PROPERTY.—The city owns the Cincinnati Southern RR. The rental received for the road was (under the old lease) $1,090,000 till 1991 and then $1,250,000 till 1906, when same would have expired. A new lease was submitted to a vote of the people at the 1901 election and ratified. Under its terms the lease is extended to Oct. 12 1966 at an annual rental of $1,050,000 until Oct. 12 1906, and for the 20 years following $1,100,000 for the second period of 20 years and $1,200,000 for the remaining 20 years. The railroad company is also to pay the int. on $2,500,000 bonds to be issued for terminal facilities, as well as a sum annually in addition for a sinking fund. V. 72, p. 409, V. 74, p. 628. The legality of the lease was upheld in a decision handed down by the Superior Court on Dec. 6 1902 (V. 74, p. 292) and affirmed upon appeal by the State Supreme Court (V. 74, p. 741). On Nov. 19 1912 the common stockholders of the Cin. N. O. & Tex. Pac. Ry. voted to authorize the company to enter into an agreement with the lessees of the Cincinnati Southern Ry. supplementary to the existing lease, under which the rent payable by the Cin. N. O. & T. P. shall be increased in an amount sufficient to pay the interest on the bonds of the City of Cincinnati to be issued to create a fund whereby said trustees may complete the terminal facilities, and to provide a sinking fund for the redemption of said bonds at their maturity. Said bonds, however, not to exceed $5,000,000 and to be issued at not exceeding $100,000 per annum. V. 95, p. 1274. The water-works pays the interest and sinking fund on all water bonds.

CLEVELAND. Thomas Coughlin, Auditor; F. J. Murphy, Deputy Auditor.

Cleveland is in Cuyahoga County and was incorporated Mch. 5 1836. This city has annexed the villages of Glenville, South Brooklyn, Collinwood and Corlett. Annexation of Newburg and Nottingham carried on Nov. 5 '12. Of the bonds outstanding, about 50% are registered, the remainder being in coupon form. At the general election Nov. 8 1910 the voters granted to the Cleveland Underground Rapid Transit Co. the right to construct a subway system. See V. 91, p. 1398.

ASSESSED VALUATION.—The following table shows the total valuation of real and personal property, including railroad and other property-also the State tax rate (per $1,000) *for the general fund* for the years indicated. By an Act of the Legislature of 1905 the General Fund tax was fixed at $1.20 per $1,000 for each of the years 1905, 1906, 1907 and 90 cents per $1,000 annually thereafter; the law also stopped levy for sinking fund until 1908, when it was again resumed.

Years—	*Valuation.*	*State tax.*	*Years*—	*Valuation.*	*State tax*
1911	$1,891,601,167	$0.90	1903	$1,513,433,644	$0.90
1910	1,797,486,410	0.90	1902	1,394,808,242	0.90
1909	1,776,132,096	0.90	1901	1,360,445,139	0.90
1908	1,723,311,564	0.90	1891	1,255,256,038	1.20
1907	1,717,037,215	1.20	1880	764,287,517	1.20
1906	1,654,888,461	1.20	1870	662,283,178	1.50
1905	1,597,560,087	1.20	1860	455,011,378	1.50
1904	1,543,000,000	0.90	1850	138,362,085	2.50

The total tax rate (per $1,000) for 1911 was $3.185, including Benevolent Institution tax $0.50, school tax $1.36, State Debt Sinking Fund tax $0.15 and Educational Institution tax $0.275, in addition to the general fund tax of $0.90 as given above.

POPULATION OF STATE.—

1910	2,700,876	1870	1,680,637	1830	343,030
1900	2,516,462	1860	1,350,428	1820	147,178
1890	2,192,404	1850	988,416	1810	24,520
1880	1,978,301	1840	685,866	1800	5,641

Between 1860 and 1870 the increase was 330,209, or 24.45%; between 1870 and 1880 297,664, or 17.71%, and between 1880 and 1890 214,103, or 10.82%; from '90 to '00 it was 14.8%; from '00 to '10 it was 7.3%.

DEBT LIMITATION.—In the present Constitution of Indiana, which went into effect Nov. 1 1851, and was amended in 1881, there are explicit provisions limiting the power of both the State and its municipalities to contract debt.

FIRST, as to the State, Section 5 of Article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel invasion, &c., can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense.

In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows:

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever."

SECOND, as to municipalities, the provision contained in the Constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2% of the valuation. It is Article 13 of that instrument (an amendment to the 1851 Constitution adopted March 14 1881) which relates to this subject, and we give the article in full below.

LIMITED—EXCESS VOID.—No political or municipal corporation in this State shall ever become indebteded in any manner or for any purpose to an amount in the aggregate exceeding 2% on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; *Provided*, That in time of war, foreign invasion or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporation, the public authorities in their discretion may incur obligations necessary for the public protection and defense to such an amount as may be requested in such petition.

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder *beyond the 2% limit*, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the Constitution. (See editorial in "State and City Supplement" for October 1899, page 3.)

THIRD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporation unless paid for at time of such subscription. The section which covers this subject is Section 6 of Article 10, and is as follows:

COUNTIES CANNOT TAKE STOCK.—No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incorporated company, nor borrow money for the purpose of taking stock in any such company; nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1869, granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law, too (Section 5377, Burns's Annotated Statutes, revision 1901), which authorizes counties bordering on the State line, or any township or city situated in such county, to subscribe for railroad stock. In that law no attempt is made to endow counties with power to issue bonds for this purpose (thus obeying the mandate of the Constitution), though by the succeeding section (Section 5378) cities are given authority to issue such bonds.

COUNTIES are apparently restricted by statute to a lower than the Constitutional limit of 2% in the matter of creating certain kinds of debt. For instance, Section 7834 of Burns's Annotated Statutes, 1901, authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing debt; in those cases county commissioners may borrow for that purpose not exceeding 1% on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made under the provisions of the Act shall remain unpaid. From Section 7920 it appears, moreover, that whenever the *aggregate* indebtedness, funded or otherwise, of any county having a voting population of over 20,000 amounts to or exceeds 1%, it is not lawful to increase such indebtedness in any manner or form except only by temporary loans in anticipation of the revenue of the then current fiscal year and not exceeding two-thirds of the amount of the county tax duplicate of the preceding year.

Limit of 1% may be exceeded in counties for funding purposes in certain cases where the aggregate indebtedness in 1879 exceeded 1% (see Burns's Revised Statutes, 1901, Section 7918); also for temporary loans (see Burns's Revised Statutes, 1901, Section 7920).

Also the limit of 2% may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. By statute the limit for such bonds (Section 6910) is 4%.

In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the Constitutional limit of 2% on valuation. But we have not the space to set out here the details, or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as water-works, &c.

NEW CONSTITUTION ACT DECLARED VOID.—An Act of the Legislature approved by the Governor on March 4 1911, providing for the submission to a vote of the people of a proposed new State Constitution, in the view that it might be considered as a series of amendments to the existing Constitution, was declared unconstitutional by Judge Remster of the Marion County Circuit Court on Sept 25 1911. V. 93, p. 893. Judge Remster's ruling was affirmed by the Supreme Court on July 5 1912. V. 95, p. 126. Petition for a re-hearing was denied Oct. 18 1912. V. 95, p.1143.

GRAVEL ROAD LAW OF 1905.—The State Supreme Court in November 1909 decided that this Act was unconstitutional on the ground that it contained provisions which were such as to make it a local and special Act. The decision was based on that part of the law which provides that "whenever a petition signed by fifty or more freeholders and voters of any township in any county in this State includes any incorporated town or city in such township having a population of less than 30,000 inhabitants, praying," &c., the commissioners shall proceed to carry out the provisions of the Act. Upon rehearing, however, it was pointed out that this section as printed contained a clerical error, and the Court on Jan. 25 1910 reversed itself and upheld the contention that the word "includes" should be read "including," thereby making eligible to become petitioners for gravel roads any freeholder and voter in any township with the exception of those residing in incorporated towns and cities of over 30,000 inhabitants, which latter should be neither taxed nor eligible to participate in such proceeding. See V. 90, p. 316.

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, &c., hereafter issued by State or municipal corporations. The section follows:

SECTION 1. Be it enacted by the General Assembly of the State of Indiana, That all bonds, notes and other evidences of indebtedness hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said State or the said municipal corporations pay interest shall be exempt from taxation.

The above Act became effective April 23 1903.

Another law passed by the Legislature, and which became effective March 4 1911, provides that all bonds hereafter authorized by any county or township for the construction of free gravel or macadamized roads, and which bear not higher than 4½% interest, shall be exempt from taxation. Section 1 of the Act reads as follows:

"Section 1. Be it enacted by the General Assembly of the State of Indiana that all bonds hereafter authorized by any county or township in the State of Indiana, for the purpose of building constructing and paying for the construction of any free gravel, macadamized or other improved roads, shall be exempt from taxation: Provided, said bonds shall not bear a greater rate of interest than four and one-half (4½) per cent interest per annum, payable semi-annually.

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions.

HISTORY OF DEBT.—The historical details of the State debt of Illinois from 1829 to 1870, when the debt was all paid off, will be found in the "State and City Supplement" of April 1894, page 91.

BONDED DEBT.—This State has no bonded debt, except $17,500 bonds which have ceased to draw interest, but have not yet been surrendered for payment.

EQUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate for State purposes (per $1,000) for 1911 was $3.50.

*For explanation as to the falling off of values in the year 1900, see letter of State Auditor in V. 74, p. 741. *x* Property now assessed at 1-3 true value instead of 1-5—see remarks below

Under a law passed Feb. 25 1898 there is a general assessment of real estate but once in every four years instead of annually; personal property is listed every year. The law also provides that property shall be appraised at full value, but assessed at only one-fifth of such value. This law was changed, however, by an Act passed in 1909 which provides for the assessment of property at one-third of the actual value. The new basis of assessment went into effect in 1909, with the result that values for that year show large increases while the tax rates are decreased correspondingly.

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of its present Constitution. We say developed, because this antagonism has apparently been progressive. Nothing of it is to be found in the Constitution of 1818. The Constitution of 1848 contains no reference to municipalities, but has in it stringent restrictions limiting to $50,000 the power of the Legislature to create State debt, except in case of war, invasion, &c., unless the law proposing the issue of bonds is submitted to a vote of the people. But turning to the Constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled.

FIRST, as to the State, the provisions are not very unlike the provisions of the Constitution of 1848, except that as to the limit for casual deficits and failures of revenue, the aggregate which can be created is very properly raised to $250,000. But with that exception and with the further exception for the purpose of repelling invasion, &c., no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues, and previous notice of the election be given by publication for three months prior to such election. These last two restrictions as to interest and notice on election are only found in the 1870 Constitution. The sections which cover these matters are as follows; we omit the first portion of Section 18 of Article IV. which relates only to appropriations and payment of appropriations out of funds belonging to the State:

SECTION 18. * * * * * *Provided*, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the aggregate $250,000, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the debt thus created, and to no other purpose; and no other debt except for the purpose of repelling invasion, suppressing insurrection or defending the State in war (for payment of which the faith of the State shall be pledged), shall be contracted, unless the law authorizing the same shall at a general election have been submitted to the people, and have received a majority of the votes cast for members of the General Assembly at such election. The General Assembly shall provide for the publication of said law for three months at least before the vote of the people shall be taken upon the same; and provision shall be made at the time for the payment of the interest annually as it shall accrue, by a tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest by such tax shall be irrepealable until such debt be paid; *And provided further*, that the law levying the tax shall be submitted to the people with the law authorizing the debt to be contracted.

SECTION 20. The State shall never pay, assume or become responsible for the debts or liabilities of, or in any manner give, loan or extend its credit to or in aid of, any public or other corporation, association or individual.

CANAL BONDS.—At the general election in November 1908 the people by a vote of 692,522 "for" to 195,177 "against" adopted an amendment to the State Constitution which provides for the issuance of not exceeding $20,000,000 bonds, to construct a deep waterway or canal, and to erect, equip and maintain power plants, locks, bridges, dams and appliances suitable for the development and utilization of the water power. See V 85, p. 1289 and V. 87, p. 1372. No action has yet been taken to avail of this amendment, and on Oct. 25 1911 the Illinois House of Representatives defeated a bill for the appointment of a deep waterway commission and for obtaining water-power sites between Lockport and Utica. See V. 93, p. 1211.

SECOND, municipal indebtedness is regulated only in the Constitution of 1870. In that instrument the subject is dealt with in all its phases. *First* is a provision in Article 8, Section 3, forbidding the General Assembly and every municipality from making any appropriation in aid of any sectarian purpose. *Second* is a "separate section" forbidding any such municipality from becoming a subscriber to the stock of any railroad, &c., or to loan its credit. *Third* is the broad and general provision, Section 12, Article 9, which limits the indebtedness of all municipalities to 5% "on the value of the taxable property therein," &c. We give these sections below:

ARTICLE 8, Section 3. Neither the General Assembly nor any county city, town, township, school district or other public corporation shall ever make any appropriation, or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help support or sustain any school, academy, seminary, college, university or other literary or scientific institution controlled by any church or sectarian denomination whatever; nor shall any grant or donation of land, money or other personal property ever be made by the State or any such public corporation to any church or for any sectarian purpose.

ARTICLE 9, Section 12. No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness. Any county, city, school district or other municipal corporation incurring any indebtedness as aforesaid shall, before or at the time of doing so, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. This section shall not be construed to prevent any county, city, township, school district or other municipal corporation from issuing their bonds in compliance with any vote of the people which may have been had prior to the adoption of this Constitution in pursuance of any law providing therefor.

SEPARATE Sections. [Municipal subscriptions to railroads, &c.] No county, city, town, township or other municipality shall ever become subscriber to the capital stock of any railroad or private corporation, or make donation to or loan its credit in aid of such corporation; *provided, however*, that the adoption of this Article shall not be construed as affecting the right of any such municipality to make such subscriptions where the same have been authorized, under existing laws by a vote of the people of such municipalities prior to such adoption.

The foregoing limitation to 5% is general, as will be seen—that is, it applies to all municipalities. With this limitation preserved the Legislature has passed general laws authorizing the City Council in cities and the board of trustees in villages to issue bonds for corporate purposes, for refunding and consolidating debt, for water works, &c.; and the county board of any county has been authorized by general statute to issue, when it deems it necessary, county bonds, after submitting the matter to the legal voters of the county at a general election at which a majority vote is required as a prerequisite of the issue. An attempt was made to limit "any county city, township, school district or municipal corporation" in counties containing 125,000 or more inhabitants to 2½% of the assessed value, but Jan. 12 1900 the State Supreme Court ruled that this was an arbitrary and unnatural classification of municipalities which could not be sustained. See Vol. 70, p. 242.

The matter of the amount of bonds that might be issued on the basis of the debt limitations given has been complicated in late years by changes in the method of assessing property. A letter of the State Auditor in V. 74, p. 741, throws some light on these changes.

TAXATION OF MUNICIPAL BONDS.—J. S. McCullough, State Auditor, advised us under date of Dec. 11 1911 that there is no law exempting from taxation bonds, notes or other evidences of indebtedness issued by the State or any of its municipalities.

BUSSE BOND BILLS.—The Legislature of 1909 passed a series of bills, known as the Busse Bond Bills, which enlarge the leeway for the creation of debt by the various municipalities in the State by fixing the assessed value of property at one-third of the actual value instead of one-fifth, as before. With the exception of counties a proportional decrease is made in the maximum rate of taxation.

The amendments to the tax law providing for a decrease in the maximum rate of taxation mentioned above were held constitutional by the State Supreme Court in January 1910. See V. 90, p. 387.

NEW BONDS MUST BE SUBMITTED TO A VOTE.—At the 1909 session the Legislature also passed the Jones referendum bill, which provides that all bond issues, excepting those for refunding purposes, must be submitted to a vote and ratified by a majority of those voting on the proposition

WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the improvement of water-works) certificates against the earnings of the Water Department without regard to the bonded indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attempted to issue bonds under the law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5% limit could not be exceeded. V. 73, p. 94. This decision was confirmed by Supreme Court. V.74, p. 491.

IMPROVEMENT BONDS.—There is a kind of improvement bond authorized in some cases which is made a special lien on the land benefited and to which the 5% limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed the assessment may be paid in instalments or otherwise, and such city or village may issue bonds sufficient to pay the assessment. In that case the

bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, &c., to be charged must endorse upon the back of such bond his consent, under seal, in substance, as follows: "I hereby indorse the within bond and consent that the lot or lots or parts thereof therein designated shall become liable for the interest and principal therein named, and the same shall be a lien upon said property from this date until paid off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the Recorder's office in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice.

We have room to give only this very brief and imperfect outline of this statute. The whole law will be found in the Hurd's Revised Statutes of Illinois, the 1911 edition, pages 345, 346 and 347.

CHICAGO. C. H. Harrison, Mayor; John E. Traeger, City Comptroller.

This city is in Cook County. Incorp. Mch. 4 1837; reincorp. Apr. 23 1875. City on Apr. 5 1904 voted in favor of municipal ownership of street railways (V. 78, p. 1408). At election held Apr. 3 1906 propositions for the ownership of street railways and for the issuance of $75,000,000 street railway certificates carried, while the proposition for municipal *operation* of street railways failed. V. 82, p. 824. In a decision handed down in the Circuit Court on Sept. 15 1906 the legality of these certificates was upheld. The case was taken to the Supreme Court (V. 83, p. 712), and by a decision handed down Apr. 18 1907 the certificates were declared invalid. V. 84, p. 949 and 967. At the April 1907 election ordinances granting franchises to the present street railways were ratified by a vote of the people. V. 84, p. 826. The electors of this city on Sept. 17 1907 defeated the question of a new City Charter. V. 85, p. 745. The suburb of Edison Park has been annexed.

* Includes railroad property to the value (1911) of $41,046,613 and capital stock to the value (1911) of $36,411,080. *a* In 1909 and 1910 property was assessed at one-third of actual value, instead of one-fifth, as formerly. See page 106 of this publication.

The tax rate above given is that for city purposes only. In addition to this the three districts of which the city is composed are assessed for their proportion of State and county taxes, and for certain improvements, the city in its corporate capacity not being assessable for these purposes. The total tax rate for all purposes in 1910 was $49.50.

CONSTITUTIONAL AMENDMENT.—A new section to Article 4 (Sec. 34) of the State constitution proposed by the 1903 Legislature, was ratified by the voters of the State at the general election Nov. 8 1904. This amendment permits the Legislature to form a new charter for the local government of the City of Chicago, authorizes the consolidation in the municipal government of the powers now vested in the city, Board of Education, township, park and other local governments (V. 76, p. 989). In event of such consolidation, the indebtedness of the city, including the existing debt, the debt of all municipal corporations lying wholly in the city, and also the city's proportion of the debt of the county and sanitary district, may be limited to 5% of the *full* value of the taxable property. Legislation enacted under this amendment must be submitted to the voters of the City of Chicago for approval. The question of a new city charter was defeated by the voters on Sept. 17 1907. See V. 85, p. 745.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act Jan. 11 1805) July 4 1805
Admitted as a State (Act June 15 1836) Jan. 26 1837
Total area of State (square miles) 58,915
State Capital Lansing
Governor (term exp. Dec. 31 1912) Chase S. Osborn
Sec. of State (term exp. Dec. 31 '12) Frederick C. Martindale
Treasurer (term expires Dec. 31 1912) Albert E. Sleeper

LEGISLATURE meets biennially in odd years the first Wednesday in January, and there is no limit to the length of sessions, excepting special sessions. In attending which members can receive no more than 20 days' pay.

HISTORY OF DEBT.—The historical details of Michigan's State debt up to 1894 will be found in the "State and City Supplement" of April 1894, page 98. In 1864 the State Treasurer reported the funded debt at $3,880 - 399 and $1,450,472 additional "trust fund debt." The State has no bonded debt at present. The "trust fund debt" on June 30 1912 amounted to $6,888,508.43. The term "trust fund debt" is, however, a misnomer. In explanation it should be said that the United States Government set aside certain lands in the State of Michigan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides, however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of interest to be so paid is raised by taxation.

EQUALIZED VALUATION.—Since 1856 the equalized valuation has been determined only once in five years. The following shows the equalized valuation and tax rate for State purposes for every tenth year since 1846 and every fifth year since 1896. The State tax rate for 1907 was 2.81 mills, for 1908 2.41 mills, for 1909 3.42 mills, 1910 2.72 and 1911 2.85 on each dollar of valuation as equalized by the State Board of Equalization.

Year.	Equalized Val	Tax Rate	Year.	Equalized Val.	Tax Rate
1911	$2 288,000,000	$2.85	1876	$630,000,000	$1.144
1906	1,734,100,000	1.95	1866	307,965,843	1.889
1901	1,578,100,000	2.430	1856	137,663,009	0.472
1896	1,105,100,000	1.871	1846	29,369,065	2.50
1886	945,450,000	1.272			

In 1911 the assessed valuation of real estate was $1,481,788,753; personal property, $416,268,623; total valuation, $1,898,057,356.

POPULATION OF STATE.—

1910	2,810,173	1880	1,636,937	1840	212,267
1904	2,530,016	1870	1,184,059	1830	31,639

1890	2,093,889	1850	397,654	1810	4,762

From 1860 to 1870 increase was 434,946, or 58.1%; from 1870 to 1880, 452,878, or 38.25%; from 1880 to 1890, 456,953, or 27.92%. From 1890 to 1900 the increase was 327,092, or 15.6%. From 1900 to 1910 the increase was 389,191, or 16.1%.

DEBT LIMITATION.—Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So to be abreast with the times, instead of putting any limit on the power of the State to create debt, it put into its Constitution a notice to the Legislature to go to work at once and make provision for "ascertaining the ' proper objects of improvement in relation to roads, canals and navigable " waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible.

That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another Constitution. During the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be, and this purpose is continued in the new Constitution approved by a popular vote on Nov. 3 1908. The provisions of the 1908 Constitution concerning the debt-making power of the State are contained in Sections 10, 11, 12, 13 and 14 of Article X. These sections follow:

SECTION 10. The State may contract debts to meet deficits in revenue, but such debts shall not in the aggregate at any one time exc d two hundred and fifty thousand dollars. The State may also contra bts

to repel invasion, suppress insurrection, defend the State or aid the United States in time of war. The money so raised shall be applied to the purpose for which it is raised or to the payment of the debts contracted.

SECTION 11. No scrip, certificate or other evidence of State indebtedness shall be issued except for such debts as are expressly authorized in the Constitution.

SECTION 12. The credit of the State shall not be granted to or in aid of any persons, association or corporation, public or private.

SECTION 13. The State shall not subscribe to nor be interested in the stock of any company, association or corporation.

SECTION 14. The State shall not be a party to, nor interested in any work of internal improvement, nor engage in carrying on any such work except in the improvement of, or aiding in the improvement of public wagon roads, in the re forestation and protection of lands owned by the State and in the expenditure of grants to the State of land or other property.

The 1908 Constitution also provides that counties shall not incur any indebtedness which shall increase their total debt beyond 3% of their assessed valuation. At the general election in Nov. 1910, however, the voters adopted a Constitutional amendment to allow counties having an assessed valuation of $5,000,000 or less to create debt up to 5% of this value. The vote was 131,147 to 128,729.

Cities and villages are left by the 1908 Instrument to the discretion of the Legislature in the matter of restrictions upon their borrowing power. The provision which relates to this subject is found in Article 8, Section 20, and is as follows:

SECTION 20. The Legislature shall provide by a general law for the incorporation of cities and by a general law for the incorporation of villages, such general laws shall limit their rate of taxation for municipal purposes and restrict their powers of borrowing money and contracting debts.

Pursuant to Sec. 20, laws providing for the incorporation of cities and villages were passed by the Legislature in 1909.

By Subdivision (i) of Section 26 of Act No. 278 of the Public Acts of 1909, villages are prohibited from incurring debt in excess of 10% of the assessed valuation as shown by the last preceding assessment roll, except that in the case of fire, flood or other calamity, requiring an emergency fund, or for the repair or rebuilding of any of its municipal buildings, works, bridges or streets, a village may borrow an additional amount not exceeding ¼ of 1% of the assessed value, but such debt not to run for more than three years. Moneys on hand in a sinking fund limited to the payment of indebtedness may be deducted in figuring the borrowing capacity. Mortgage bonds to acquire or operate any public utility may be issued beyond the limit of general indebtedness, but such bonds, it is provided, shall be secured only upon the property and revenue of such utility, including a franchise, stating the terms upon which, in case of foreclosure the purchaser may operate the same, which franchise shall in no case extend for a longer period than 20 years from the date of the sale of such utility and franchise on foreclosure. The rate of tax which villages may levy for municipal purposes is limited by subdivision (j) of Sec. 26 to 2% of the assessed valuation. Subdivision (k) says that no village shall have power to issue any bonds without creating a sinking fund for their payment, except special assessment bonds, which are a charge upon a special district created for the payment thereof, and serial bonds payable annually.

The borrowing powers of cities are regulated by subdivision (b) of Sec. 4 of Act No. 279 of the Public Acts of 1909, as amended by Act 203 of the Public Acts of 1911. It is therein provided that each city may in its charter provide for borrowing money in a sum not to exceed 8% of the assessed value except that in cities where the amount which may be borrowed is now limited by law, such limit shall continue until raised or lowered by a 2-3 vote of the electors voting on the question at a general or special election; and in such cities bonds issued for public improvements in connection with which a special assessment district is made to pay therefor, and which are a charge upon such district, shall not be included unless the contrary is provided by the charter, and the resources of the sinking fund shall be deducted in determining the amount of such indebtedness. The limit of such indebtedness shall not be increased oftener than once in two years. No single increase shall exceed 2% of the assessed value. Mortgage bonds to acquire or operate any public utility may be issued beyond the general limit of bonded indebtedness, provided that such bonds shall be secured only upon the property and revenues of such public utility, including a franchise stating the terms upon which, in case of foreclosure, the purchaser may operate the same, which franchise shall in no case extend for a longer period than 20 years from the date of the sale of such utility and franchise on foreclosure: No city shall have power to borrow money for the purchase, construction or maintenance of a public utility for transportation purposes, which liability, added to the then existing general indebtedness of the city, shall cause the net general indebtedness of the city to exceed 4% of the assessed value. In case of fire, flood or other calamity, the legislative body may borrow for the relief of the inhabitants of the city and for the preservation of municipal property, a sum not to exceed ¼ of 1% of the assessed value, due in not more than three years, even if such loan would cause the indebtedness of the city to exceed the limit fixed in the charter. No city shall have the power to incur indebtedness or issue bonds of any kind except for emergency purposes as above stated, and bonds secured only by mortgage on the property and franchise of a public utility which shall exceed in the aggregate 10% of the assessed value of all the real and personal property in the city. It is also provided that cities now incorporated as fourth-class cities may, while so incorporated, incur indebtedness up to the limits contained in the Act of incorporation.

Subdivision (a) of Section 4 allows cities to levy an annual tax not exceeding 2% of the assessed value.

EXEMPTION FROM TAXATION.—An Act of the Legislature approved May 13 1909 provides that bonds hereafter issued by any county, township, city, village or school district in the State of Michigan shall be exempt from all taxation. V. 88, p. 1452.

DETROIT.
Wm. B. Thompson, Mayor; David E. Heineman, City Comptroller.

Detroit is situated in Wayne Co. Incorp. in 1806. Woodmere (population 4,474) annexed April 1 1906. Arrangement for a vote Jan. 23 1912 on a charter amendment providing for the municipal ownership and operation of the lines of the Detroit United Rys. failed because of a decision of the State Supreme Court. V. 94, p. 293. In a decision rendered Feb. 16 1912 the State SupremeCourt held that the Board of Education and the Library Commission are corporations separate from the city and therefore their bond issues should not be included in the 2% limit of indebtedness for municipal purposes specified in the city charter. V. 94, p. 575. The question of annexation of Highland Park was defeated Nov.8 1910. V. 91, p. 1342.

LEGISLATURE meets biennially in odd years on the second Wednesday n January, and there is no limit to length of sessions.

HISTORY OF DEBT.—A brief summary of the early history of the Wisconsin debt will be found in the "State and City Supplement" for April 1895.

The bonded debt of the State, created for war purposes in 1861-63, has all been paid or else converted into certificates of indebtedness, which are held by the various trust funds. The amounts due the several funds in Oct., 1912, were as follows:

Certificates of indebtedness,	School Fund	$1,563,700
" "	Normal School Fund	515,700
" "	University Fund	111,000
" "	Agricultural College Fund	60,600
Total		$2,251,000

ASSESSED VALUATION.—The total assessed valuation of the State as determined by the State Board of Assessment, and the tax rate for State purposes, have been as follows for the years named below:

Year.	Real Estate.	Personal Property.	Total Valuation.	State Tax Rate (per M.)	Taxes Raised.

*The large increase in values for 1901 and since that date is due to the formation of a new State Board of Assessment by Chapter 237, Laws of 1901, which has construed the meaning of the existing law to be a command to assess at *full value* whereas former boards did not so construe the Act.

DEBT LIMITATION.—The constitutional provisions of Wisconsin restricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, debts of cities, &c., as well as the State, are definitely limited by that instrument. We give the provisions first which relate to the State and after that those which have reference to cities, &c.

(1) *STATE indebtedness is confined within* very close bounds. It seems as if the framers of the Constitution must have taxed to the extreme their ingenuity for forms in which to express their determination to inhibit debt making. The sections which cover the subject are Sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 3. *Credit of State, for what not given.* The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

SECTION 4. *Contracting debts.* The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. *Limitation on public debt.* For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed $100,000). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House, to be taken by yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid.

SECTION 7. *State may borrow money, when.* The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

SECTION 9. *Evidences of debt.* No scrip, certificate or other evidence of State debt whatsoever shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.

SECTION 10. *Internal improvements—avails of grants.*—The State shall never contract any debt for works of internal improvement or be a party in carrying on such works; but whenever grants of land or other property shall have been made to the State especially dedicated by the grant to particular works of internal improvement, the State may carry on such particular works and shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion. Provided that the State may appropriate moneys for the purpose of acquiring, preserving and developing the water power and forests of the State; but there shall not be appropriated under the authority of this section in any one year an amount to exceed two-tenths of one mill of the taxable property of the State as determined by the last preceding State assessment.

(2) *CITIES, counties, towns, villages, &c.*, were unrestricted except by legislative enactment until 1874. Since that amendment was adopted 5% on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before, or at the time when it incurs any indebtedness, to make provision for an annual tax sufficient to pay the interest and also sufficient to pay the principal within twenty years (*) from the time of contracting the debt. We give below the amendment referred to in full.

Limitation of Municipal Indebtedness.—Adding to Section 3, Article 11, the words:

"No county, city, town, village, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose, to any amount, including existing indebtedness in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness. Any county, city, town, village, school district or other municipal corporation incurring any indebtedness as aforesaid, shall before or at the time of doing so provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years (*) from the time of contracting the same."

The Legislature from time to time has passed laws providing for the issuance of bonds for various specified purposes, but these laws are too numerous to be given here. *Such authority is of course subject to the foregoing provisions of the Constitution.*

* An amendment extending from twenty to fifty years the time within which cities or counties having a population of 150,000 or over shall pay debts incurred for the acquisition of land was submitted to the voters on Nov. 5 1912. See V. 93, p. 1620. As soon as it is definitely determined by official count whether this amendment has carried or not, the fact will be reported in the "State and City Department" of the "Chronicle."

Treasurer (1st Monday Jan. 1913)----------Walter J. Smith
Auditor (1st Monday Jan. 1913)------------S. G. Iverson

LEGISLATURE meets biennially in odd years on the Tuesday after the first Monday in January, and sessions are limited to ninety days.

HISTORY OF DEBT.—For the early history of Minnesota's debt see "State and City Supplement," April 1893, page 103. The details of Minnesota's present debt are given in the following statement:

	——Interest——	——Principal——		
Name and Purpose of Loan.	Rate.	Payable.	When Due.	Outstanding.
Certificates of indebtedness	3	July 1	1913-1928	$900,000

INTEREST is payable at the office of the State Treasurer.

TOTAL DEBT.—On Sept. 1 1912 the State had outstanding $900,000 certificates of indebtedness, all of which were held in State funds.

PERMANENT SCHOOL FUND.—The school fund on Aug. 1 1912 amounted to $22,644,294.33, including $141,728.88 in cash, $5,928,729.65 in school and contracts and $16,513,835.80 in bonds. The permanent university fund on Aug. 1 1912 amounted to $1,506,136.12; swamp land fund to $2,671,727.12 and the internal improvement land fund to $118,610.72.

TAXABLE VALUATION.—The taxable valuation, total tax levied and the rate of State tax have been as follows for the years named.

	——Taxable Valuation——			*Tot. Taxes	State tax
	Real	Personal.	Total.	Levied.	per $1,000
1911	$1,035,526,273	$177,041,521	$1,212,567,794	$35,974,773	$2.65

1905	708,304,220	144,729,315	853,033,535	22,355,326	1 80
1902	647,654,760	114,105,514	761,760,274	18,520,947	1 30
1900	489,213,453	98,803,235	588,016,688	14,963,301	1 60
1895	556,135,887	85,114,394	641,250,281	14,770,864	1 80
1880	203,473,637	54,581,906	258,055,543	4,191,811	1 80
1870	67,221,148	19,912,525	87,133,673	2,783,756	5 00
1861	33,350,057	5,914,883	39,264,740	658,358	4 00

*The total taxes levied in the above table include the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and in 1911 it was $2.65, adding the tax of $1 23 for school and university purposes, the total tax rate was $3.88. In 1910 the total tax rate was $1.47; in 1909 it was $2.80.

DEBT LIMITATION.—Minnesota has protected the State from extravagant expenditures through restrictions which its Constitution puts on every kind of debt-making. That instrument fixes the limit at $250,000 "for the purpose of defraying extraordinary expenditures"; and an amendment ratified in 1879, extended this power to $250,000 additional "for erecting and completing buildings for the insane, a deaf, dumb and blind asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the Constitution which relates to that subject, and that has reference to making railroad debt.

FIRST, as to State indebtedness the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

SECTION 5.—(*Public Debt May Be Contracted.*)—For the purpose of defraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and nays on the journals of each House, respectively; and every such law shall levy a tax annually sufficient to pay the annual interest on such debt, and also a tax sufficient to pay the principal of such debt within ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation and taxes shall not be repealed, postponed, or diminished, until the principal and interest of such debt shall have been wholly paid. The State shall never contract any debts for works of internal improvements, or be a party in carrying on such works, except in cases where grants of land or other property shall have been made to the State, especially dedicated by the grant to specific purposes, and in such cases the State shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion.

SECTION 6.—(*Bonds for Public Debt.*)—All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts not less than five hundred dollars each on interest, payable within ten years after the final passage of the law authorizing such debt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds shall be kept by the Treasurer, in numerical order, so as always to exhibit the number and amount unpaid, and to whom severally made payable

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article

SECTION 8.—(*Application of Loans.*)—The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified in the Act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—(*Public Debt for State Buildings.*)—For the purpose of erecting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may, by law, increase the public debt of the State, to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt already heretofore authorized by the Constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State, and appropriate the money only for the purpose aforesaid, which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality, the only restriction on the debt making power in the Constitution is the following, found in article 9, section 15:

SECTION 15.—(*Municipal Debts in Aid of Railroads.*) The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds, or to become indebted in any manner, to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county taxation, previous to the incurring of such indebtedness

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to *ten per cent* of valuation. Hence the amendment consisted in simply changing the word *ten* and making it *five*.

This is all the Constitution contains with reference to the debts of municipalities. The Legislature, however, has made some general provisions governing bond issues which we have not the space to give here.

DRAINAGE BONDS DIRECT OBLIGATIONS OF COUNTY.—The State Supreme Court holds that drainage bonds issued under Sec. 18, Chapter 230, of the general laws of 1905 as amended, are direct and general obligations of the county issuing the same. V. 94, p. 365.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law, which became effective April 30 1907, imposing a tax of 50 cents upon each hundred dollars of the principal debt, secured by any mortgage or real property located within the State, recorded or registered on or after April 30 1907. The full text of this law will be found on page 1194 of the "Chronicle" of May 18 1907.

TAXATION OF MONEY AND CREDITS.—In 1911 the Legislature passed a bill (Chapter 285) levying a tax of 3 mills on each dollar of the "fair cash value" of "money" and "credits" as the same are defined in Sec. 798, Revised Laws of 1905. It is provided, however, that nothing in the Act shall apply to money or credits belonging to any incorporated bank in Minnesota nor to any debt on which the tax is paid under Chap. 328, Gen. Laws of 1907 (mortgage tax law, referred to above). Section 798 of the Revised Statutes defines moneys and credits as follows:

1. "Money" or "moneys" shall mean gold and silver coin, treasury notes, bank notes, and other forms of currency in common use, and every deposit which any person owning the same, or holding in trust and residing in this State, is entitled to withdraw in money on demand.

2. "Credits" shall mean and include every claim and demand for money or other valuable thing and every annuity or sum of money receivable at stated periods, due or to become due, and all claims and demands secured by deed or mortgage due or to become due.

SAVINGS BANK INVESTMENTS.—The law relating to the investment of savings banks will be found in full on page 1274 of the "Chronicle" Nov. 4 1911.

BONDS TAX-FREE.—The 1911 Legislature passed a bill exempting all future State, county, school and municipal bonds from taxation. V. 92, p. 1263.

The bonded debt as given above includes the new City Hall and Court-House certificates, for the payment of which a special tax is levied each year. These on Oct. 21 1912 amounted to $536,000.

SINKING FUND.—It is provided by the city's charter that in addition to raising a tax sufficient to pay the interest on all its bonds, the city shall levy a tax of one mill on each dollar of the assessed valuation to provide for the principal of the bonds when due. The maintenance of this sinking fund for the payment of the principal of the bonds is "declared to be part of the contract with the holder of any bonds of the city that may hereafter be issued and shall be kept inviolate." In accordance with this provision there was raised by taxation for the sinking fund in 1910 (which was collected in 1911) $249,020.84. The sinking fund is largely invested in city bonds.

The city of Minneapolis is restricted in its debt-making power to 5% of the assessed valuation after deducting the sinking fund from the debt; exception is made by Chapter 204, Laws of 1893, as amended by Chapter 128, Laws of 1895, wherein it is provided that debt created for the purchase of water works shall be considered outside of the 5% limit, and also that an additional 5% debt may be created for certain purposes, provided the same be authorized by a two-thirds vote of the people. We have marked above with a section (§) those issues put out in excess of the 5% limit.

WATER RECEIPTS.—The revenue from water rents, &c., in 1911 was (est.) $435,000; current expenses for water works in 1911 were (est.) $205,000.

VALUATION AND INDEBTEDNESS.—The city's assessed valuation and tax rate have been as follows:

Under the "biennial election" amendment adopted in 1904, the General Assembly meets biennially in odd years on the second Monday in January There is no limit to length of session.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1894, page 110.

FINANCIAL CONDITION.—Iowa has no bonded debt. On Sept. 1 1912 there were $82,594 60 warrants outstanding and the State had cash in the general revenue fund amounting to $705,109.77. The Permanent School Fund on Sept. 2 1912 aggregated $4,800,581.71.

EQUALIZED VALUATION.—The equalized assessed valuation (¼ actual value) has been as follows in the years named

	Lands.	Personal Property.	Railroads.	Express Telephone & Teleg. Cos.	Total.
1911	$551,039,657	$133,265,938	$66,109,856	$4,636,542	$755,051,993

TAX RATE.—The State tax (per $1,000) for 1911 was $3.80; this included $3.30 general State tax and 50 cents for educational purposes; for 1910 it was $3.80, of which $3.30 was for general State tax and 50 cents for educational purposes; in 1909 it was $3.90, of which $3.40 was for general State tax and special tax and 50 cents for educational purposes.

CONSTITUTIONAL AMENDMENT.—On Nov. 3 1908 an amendment to the State Constitution was adopted by the voters. The amendment, which is an addition to Section 18 of Article 1, provides for the construction of drains, ditches and levees, as well as the organization of drainage districts. V. 87, p. 1556.

DEBT LIMITATION.—Iowa's Constitution restricts the creating of debt, both State debt and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

ARTICLE 7, Section 1. [*Limitation of State indebtedness.*] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the benefit of the State.

Section 2. [*Same.*] The State may contract debts to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more Acts of the General Assembly or at different periods of time, shall never exceed the sum of $250,000; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

Section 4. [*For what other purposes State may contract debt.*] In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the debts so contracted shall be applied for the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Section 5. [*Other debts to be authorized.*] Except the debts hereinbefore specified in this article, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge th principal of such debt within twenty years from the time of contracting thereof; but no such law shall take effect until at a general election it shall have been submitted to the people, and have received a majority of all the votes cast for and against it at such election; and all money raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and such law shall be published in at least one newspaper in each county, if one is published therein, throughout the State for three months preceding the election at which it is submitted to the people.

ARTICLE VIII, Section 3. [*State not to be a stockholder.*] The State shall not become a stockholder in any corporation, nor shall it assume or pay the debt or liability of any corporation, unless incurred in time of war for the benefit of the State.

SECOND, as to municipal indebtedness, the limit is fixed absolutely in the Constitution. The provisions covering the subject are as follows:

ARTICLE VIII, Section 4. [*Corporation not to be a stockholder.*] No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly.

ARTICLE XI, Section 3. [*To what amount county or other corporations may become indebted.*] No county or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding 5 % on the value of the taxable property within such county or corporation—to be ascertained by the last State and county tax list previous to the incurring of such indebtedness. [The Legislature, however, has fixed a lower limit, as stated below.]

The above (Section 3, Article XI) covers cities, counties, towns and every other kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (Chapter 41, Laws of 1900), fixing the limit of indebtedness of counties or other political or municipal corporations at only 1¼ % of the actual value of property therein as returned by the last tax list. This change was made because, under a revision of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. In 1904 and again in 1906 the Act was amended, the important sections now reading as follows:

Section 1. That section thirteen hundred and six-b (1306-b) of the supplement to the code and chapter forty-three (43) of the Acts of the 30th General Assembly be and the same are hereby repealed, and the following enacted in lieu thereof:

"No county or other political or municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount exceeding in the aggregate the amount of one and one-fourth per centum of the actual value of the taxable property within such county or corporation, except that cities and incorporated towns may, for the purpose of purchasing erecting or maintaining and operating waterworks, electric light and power plants gas works and heating plants, or of building and constructing sewers, incur an indebtedness not exceeding in the aggregate, added to all other indebtedness, five per centum of the actual value of the taxable property within such city or incorporated town. The amount of such taxable property shall be ascertained by the last State and county tax list previous to the incurring of such indebtedness.

"Section 2 Provided, that before such indebtedness can be contracted in excess of one and one-quarter per centum of the actual value of the taxable property ascertained as above provided in this Act, a petition signed by a majority of the qualified electors of such city or town shall be filed with the Council of such city or town, asking that an election shall be called, stating the purposes for which the money is to be used and that the necessary waterworks, electric light and power plants, gas works, heating plants or sewers, cannot be purchased, erected, built or furnished within the limit of one and one-quarter per centum of the valuation. And provided, that in cities having a population of more than ten thousand, the petition need not be signed by more than two hundred qualified electors.

Sections 3, 4, 5 and 6 prescribe manner of holding elections, issuance of bonds &c.

In 1904 an Act passed the Legislature, approved March 30, which permits independent school districts containing or contained in any incorporated town or city of the second class of 3,000, or less, population to become indebted for the purpose of building and furnishing school houses and procuring sites, to an amount not exceeding 2½ % of the actual value of taxable property. It is provided, however that any excess above the 1¼ % limit must be authorized by a vote of the people. See V. 78 p. 1408.

DECISION REGARDING DEBT LIMIT.—Judge Smith McPherson of the U. S. Circuit Court on Oct. 22 1909, in a case involving the right of the City of Council Bluffs to issue bonds for a municipal water system, the city's contention that it could issue bonds up to 5 % of the *actual* value of the property of the city and was not limited to 5 % of the *taxable* value was sustained. Judge McPherson construed "taxable" to mean the actual value of property subject to taxation, and not the assessed value, which, by the State code, is fixed at only 25 % of the actual value. In taking this position Judge McPherson referred to the opinion of the State Supreme Court handed down in 1905, in the case of Halsey vs. City of Belle Plaine (128 Iowa 467), which, he says, puts at rest the question raised. V. 89, p. 1176.

OPINION REGARDING MUNICIPAL IMPROVEMENT BONDS.—The Department of Justice in Nov. 1911 rendered an opinion to the effect that municipal improvement bonds or certificates issued in anticipation of the collection of taxes need not be considered in determining the constitutional limit of indebtedness as fixed by Section 741v of the Supplement to the Code, 1907. V. 94, p. 365.

BONDS TAX FREE.—The 1909 Legislature passed an Act providing for the exemption from taxation of municipal, school and drainage bonds or certificates hereafter issued. It is expressly provided, however, that banks or trust companies holding such bonds or certificates shall not be permitted to make any deduction from the assessment of their shares by reason of that fact. V. 88, p. 1329.

LEGISLATURE meets biennially in odd years on the first Wednesday after the first day of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed $5.00 per day for 120 days. A session of this kind was held in 1909.

The State of Missouri contains 114 counties *and* the City of St. Louis, the latter being a separate civil division subject to no county government.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interest, &c., on Jan. 1 1865 was $36,094,908. The indebtedness of the State on Nov. 6 1912 was as follows:

INTEREST on the State school and seminary certificates is payable at State Treasury.

TOTAL DEBT, ETC.—On Mch. 18 1912 the bonded debt of the State was $232,500. On the same date the school and seminary fund certificates amounted to $1,398,839. The total cash in the treasury to the credit of all State funds on Mch. 18 1912 amounted to $3,631,747. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary (University) fund. The capitol building bonds given above are part of an issue of $3,500,000.

ASSESSED VALUATION.—The State's assessed valuation for taxes (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges, telephones and telegraphs, which amounted in 1911 to $181,715,115, or of machinery, tools merchandise, &c., as taxed on "merchants and manufacturers' tax books," which amounted in 1911 to $121,284,826.

Years.	*Assessed Valuation.*	*Tax Rate per $1,000.*	*Years.*	*Assessed Valuation.*	*Tax Rate per $1,000*
1911	$1,804,298,191	$1 70	1902	$1,046,469,144	$2 50
1910	1,761,664,366	1 70	1900	1,001,766,464	2 50
1909	1,482,676,696	1 70	1895	938,202,003	2 50
1908	1,377,360,692	1 70	1890	805,668,844	3 00
1907	1,286,747,781	1 70	1880	532,692,043	4 00
1904	1,153,152,419	1 70	1870	559,082,559	5 00
1903	1,097,220,665	1 80	1860	296,552,806	---

Of the tax rate per $1,000 for 1911 ($1 70) 26 cents was to pay interest on the school and seminary fund certificates, 50 cents was for the common schools and $1 for the support of the State Government. This latter includes the higher institutions of learning, the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

CONSTITUTIONAL AMENDMENTS.—Nine proposed amendments to the constitution were defeated by the voters Nov. 5 1912 V. 95, p. 1420.

DEBT LIMITATION.—Missouri has made provision in its Constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections 44 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation.

The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47; Article 9, Section 6, and Article 10 Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5% of valuation except that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, "or (as per amendment of 1906) for the grading, constructing, paving or maintaining of paved, graveled, macadamized or rock roads and necessary bridges and culverts therein"; and except, also, per the amendment of 1902 (Section 12a—see V. 75, p. 1165), *cities* of from 2,000 to 30,000 inhabitants may, by a two-thirds vote, exceed the limit, by an additional 5 %, for the purchase or construction for water and light purposes; finally (4), that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and form a sinking fund to pay the debt within 20 years.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised under date of December 8 1911 by the Secretary of State, that "bonds or notes or other evidences of indebtedness issued by this State are subject to taxation under the State constitution. There has been no legislation enacted exempting such papers from taxation."

POPULATION OF STATE.—

KANSAS CITY PARK DISTS.

Park fund certificates (which are coupon in form) are not a debt of the city and the city is not liable for their payment. The certificates are issued by the City Treasurer under the provisions of Article X of the city charter. They are to pay for land taken for park purposes, and are payable in annual installments by means of special assessments on lands in the various park districts. Semi-annual distributions of the amounts collected upon the special assessments are made on the certificates at the office of the City Treasurer in Kansas City on the first days of Jan. and July. An election to vote on an issue of certificates is not necessary. Up to July 1 1912 certificates to the amount of $3,260,441 had been issued, of which amount $268,898 were outstanding. Assessments are payable annually in May and interest at the rate of 15% is added on all overdue installments and overdue interest.

INTEREST on bonds payable in £ sterling, on those maturing in 1912, 1914, 1915, 1922, 1928 and 1931, on 3½s due 1918, 1925 and 1929 is payable at Nat. Bank of Commerce, N. Y., or at National Bank of Scotland (Ltd.), London, at the rate of $4.8665 per pound sterling. Interest on all other bonds is payable at Nat. Bank of Commerce, N. Y., or at office of J. S. Morgan & Co., London, at the option of holder.
TOTAL DEBT, SINK. FUNDS, &c.—The subjoined statement shows St. Louis's total municipal debt and the water debt, &c.:

	Apr. 8 '12.	*Apr.* 10 '11.
	$	$
Tot. bond d't.	25,856,690	27,625,000
Water dt., incl.	3,426,000	3,426,000

Note.—Under the charter the Municipal Assembly must appropriate $1,200,000 annually with which to pay debt and interest thereon. That portion of each annual appropriation not required for the payment of interest constitutes the sinking fund for redemption of debt existing Apr. 7 1890, and bonds issued in renewal thereof. On the basis of renewing the city's bonded debt at 4%, the debt for which this sinking fund was established will be extinguished in 1925. The sinking fund on Apr. 8 1912 was $2,473,853.
CONSTITUTIONAL AMENDMENTS.—By constitutional amendments adopted Nov. 1902, the city is empowered to levy an additional tax of 35 cents for municipal purposes; to make a new charter (which was done June 22 1903), and to exempt the county indebtedness of $5,211,000, and water-works indebtedness of $3,426,000, in determining the limit of indebtedness. V. 75, p. 1165.
CITY PROPERTY.—The city owns its water works, the revenue from which for water rates, permits, &c. (est.) for the fiscal year 1911-12 was $2,156,350.55, and net oper'g expenses and cost of collecting water rates (est.) were $1,157,860.45. In addition to the water works, the city owns its hospitals, insane asylums and poor house, city hall, court house, jail, house of correction and work house, engine houses, markets, police stations, parks, &c.
ASSESSED VALUATION.—The city's assessed valuation, including real estate, personal property and railroad, bridge, telegraph, express and street railway property (about 2-3 cash value) and tax rate have been:

Years.	*Assessed Valuation.*	*City tax per $1,000.*
1912	$606,750,000	$14.30
1911	572,917,140	14.50

1909	538,830,211	14.50
1908	526,342,390	14.50
1905	468,930,700	14.70
1900	380,542,073	12.80

Total tax rate (per $1,000) for 1911 was $22.20, including $1.70 State, and $6 school.
POPULATION.—In 1910 (Census), 687,029; in 1900 (Census), 575,238; in 1890, 451,770; in 1880, 350,518; in 1870, 310,864.

1893	.....	.....	82,351,987	5 50

* The assessed valuation of personal property as given above includes the valuation of railroad and street railway property, express companies and telegraph and telephone companies. In 1911 these amounted to $43,269,841; in 1910, $42,094,825; in 1909, $41,846,385; in 1908, $34,230,452; in 1907, $30,455,271; in 1904, $22,835,483; and in 1903, $21,861,555.

a Since 1901 a special tax of $1.00 has been levied for the maintenance of educational institutions of the State. This is included in the total tax given above.

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its Constitution. The provisions with reference to the matter are complete and stringent, and are as follows:

SECTION 182. The State may, to meet casual deficits or failure in the revenue, or in case of extraordinary emergencies, contract debts, but such debts shall never in the aggregate exceed the sum of two hundred thousand dollars, exclusive of what may be the debt of North Dakota at the time of the adoption of this Constitution. Every such debt shall be authorized by law for certain purposes, to be definitely mentioned therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax discontinued until such debt, both principal and interest, shall have been fully paid. No debt in excess of the limit named shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the State in time of war, or to provide for public defense in case of threatened hostilities; but the issuing of new bonds to refund existing indebtedness shall not be construed to be any part or portion of said two hundred thousand dollars.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed *five* (5) *per centum* upon the assessed value of the taxable property therein: provided, that any incorporated city may, by a *two-thirds vote*, *increase* such indebted-

ness *three* (3) *per centum* on such assessed value *beyond said five* (5) *per cent* limit. In estimating the indebtedness which a city, county township, school district or any other political subdivision may incur, the entire amount of existing indebtedness, whether contracted prior or subsequent to the adoption of this Constitution shall be included, provided, further that any incorporated city may become indebted in any amount not exceeding four (4) per centum on such assessed value without regard to the existing indebtedness of such city, for the purpose of constructing or purchasing water-works for furnishing a supply of water to the inhabitants of such city, or for the purpose of constructing sewers and for no other purpose whatever. All bonds or obligations in excess of the amount of indebtedness permitted by this Constitution given by any city, county, township, town, school district, or any other political subdivision, shall be void.

SECTION 184. Any city, county, township, town, school district, or any other political subdivision, incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 185. Neither the State nor any county, city, township, town, school district, or any other political subdivision, shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor shall the State engage in any work of internal improvement unless authorized by a two-thirds vote of the people.

NOT VALID UNLESS ENDORSED BY AUDITOR, ETC.

SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the County Auditor, or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

TAXATION OF MUNICIPAL BONDS.—P. D. Norton, Secretary of State, advised us, under date of Dec. 11 1911, that "there is no specific exemption with relation to the matter of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities. These evidences of indebtedness are held as representing the amount in dollars and cents for which the same may be executed."

POPULATION OF STATE.—The population of North Dakota in 1910 Census) was 577,056; in 1900, 319,146; in 1890, 190,983; in 1880, 36 909; in 1870, 14,181; in 1860, 4,837. The figures for 1860 and 1870 are for both North and South Dakota.

1902	187,531,381	1893	136 032,840

TAX RATE.—The tax rate (per $1,000) for 1911 was $4.00.

DEBT LIMITATION.—South Dakota has incorporated into its Constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XIII and are as follows:

SECTION 1. Neither the State nor any county township or municipality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation; provided that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State. Nor shall the State engage in any work of internal improvement.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate $100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection, or defending the State or the United States in war and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose, or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid; provided however the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota limited by section 2 of this article shall be in addition to the debt of the Territory of Dakota assumed by and agreed to be paid by South Dakota.

Section 4 amended in 1896 and again in 1902 now reads as follows:

SECTION 4. The debt of any county, city, town, school district, civil township or other subdivision shall never exceed five (5) *per centum* upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred

"In estimating the amount of the indebtedness which a municipality or subdivision may incur, the amount of indebtedness contracted prior to the adoption of the Constitution shall be included:

"Provided, That any county, municipal corporation, civil township, district or other subdivision may incur an additional indebtedness not exceeding ten per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred, for the purpose of providing water and sewerage, for irrigation domestic uses sewerage and other purposes; and

"Provided, further, That in a city where the population is 8,000 or more, such city may incur an indebtedness not exceeding eight per centum upon the assessed valuation of the taxable property therein for the year next preceding that in which said indebtedness is incurred, for the purpose of constructing street railways, electric lights or other lighting plants;

"Provided, further, That no county, municipal corporation, civil township, district or subdivision shall be included within such district or subdivision without a majority vote in favor thereof of the electors of the county, municipal corporation, civil township, district or other subdivision, as the case may be, which is proposed to be included therein, and no such debt shall ever be incurred for any of the purposes in this section provided, unless authorized by a vote in favor thereof by a majority of the electors of such county, municipal corporation, civil township, district or subdivision incurring the same."

SECTION 5. Any city, county, town, school district or any other subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

TAXATION OF MUNICIPAL BONDS.—Royal C. Johnson, Attorney-General, advised us, under date of Jan. 17 1912, that he did not know of any statute exempting from taxation bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons.

1910	583,888	1890	348,600	1870	*14,181
1900	401,570	1880	98,268	1860	*4,837

*This is the total for both North and South Dakota.

LEGISLATURE meets biennially in odd years on the 1st Tuesday of January, and sessions "shall *not be less* than sixty days," but are not otherwise limited. Members of the Legislature "shall not receive pay for more than 60 days at any one sitting, nor more than 100 days during their term."

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1894, page 122.

This State has no *bonded* indebtedness at present. The bonded debt, which on Dec. 1 1892 amounted to $549,267, was gradually reduced until June 3 1900, when the last remaining $35,000 was paid off. The amount of the general fund on Sept. 1 1912 was $90,247.27.

PERMANENT SCHOOL FUND.—The investments of the school funds on Sept. 1 1912 amounted to $9,146,710.69, held as follows: Permanent School fund, $8,389,889.79; University fund, $197,120.90; Agricultural College endowment fund, $485,500, and the Normal College endowment fund, $74,200.

The amount of cash on hand in these various funds on Sept. 1 1912 amounted to $127,572.60.

ASSESSED VALUATION.—The total assessed valuation and tax rate per $1,000 have been:

Years.	Total Assessed Valuation.	Tax rate per $1,000	Years.	Total Assessed Valuation.	Tax rate per $1,000
1912------	$463,371,889	$5.20	1905------	$304,470,961	$7 00
1911------	415,490,373	6 20	1904------	294,779,244	6 00
1910------	412.138,607	5 00	1902 ------	180,091,192	7 50
1909------	398,985,819	5 75	1900------	171,747,593	7 25
1908------	391,735,464	6 25	1890------	184,770,304	6 24
1907------	329,413,349	7 00	1880------	90,499,618	4 00
1906------	313,060,301	7 00	1870------	53,709,828	6 50

The large increase in the valuation for 1904 and 1905 was the result of a new general revenue law passed by the 1903 Legislature—Chapter 73. Under this law property is assessed at 20 % actual value, whereas in earlier years the proportion seems to have been much lower.

METHOD OF ASSESSING.—Section 10911 of the Compiled Statutes of 1907 reads: "All property in this State not expressly exempt therefrom shall be subject to taxation, and shall be valued at its actual value, which shall be entered opposite each item and shall be assessed at twenty per cent (20%) of such actual value. Such assessed value shall be entered in a separate column opposite each item, and shall be taken and considered as the taxable value of such property, and the value at which it shall be listed and upon which the levy shall be made. Actual value as used in this Act shall mean its value in the market in the ordinary course of trade."

CONSTITUTIONAL AMENDMENTS.—Five amendments to the State constitution were voted on at the general election Nov. 5 1912. V. 95, p. 699. As soon as it is definitely determined by official count whether these amendments have carried or not, the fact will be reported in the "State and City" Department of the "Chronicle."

DEBT LIMITATION.—Section 1 of Article XIV. of the constitution contains the following regarding public indebtedness:

STATE indebtedness is restricted to $100,000 to meet casual deficits in revenues, except in case of invasion, &c., while the loaning by the State of its credit is prohibited.

By Section 2 of Article XIV. of the constitution, no city, county, town, precinct, municipality or other subdivision of the State shall ever make donations to any railroad or other works of internal improvement, unless a proposition so to do shall have been first submitted to the qualified electors thereof at an election by authority of law; *provided*, that such donations of the county with the donations of such subdivisions in the aggregate shall not exceed ten per cent (10%) of the assessed valuation of such county; *provided, further*, that any city or county may, by a two-thirds (2-3) vote, increase such indebtedness five per cent (5%) in addition to such ten per cent (10%), and no bonds or evidences of indebtedness so issued shall be valid unless the same shall have endorsed thereon a certificate signed by the Secretary and Auditor of State showing that the same is issued pursuant to law.

TAXATION OF MUNICIPAL BONDS.—Bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities are subject to taxation, according to information received from the office of the Secretary of State under date of Dec. 9 1911.

DEBT LIMITATION.—The Legislature at its 1909 session amended the law relating to the debt limitations of this city so that the provision now reads as follows:
Section 196. The bonded indebtedness of the city, exclusive of district grading bonds, district improvement bonds, public library bonds, renewal bonds, bonds issued for the purpose of funding or taking up and making payment of the floating indebtedness and liabilities of the city, or bonds for the erection or purchase of a city hall, auditorium or fire-engine houses, or the construction or purchase, or for the construction and maintenance, of subways and conduits, or for park purposes, or for the purchase, construction or appropriation of gas works, water-works, electric-light plants or power plants, shall not at any time exceed in the aggregate 5% of the actual value of the taxable property within the corporate limits of the city, such actual value to be determined by reference to the assessment of property in said city.
There are also other provisions and restrictions. The full text of the law as passed by the Legislature will be found in V. 88, p. 955.
VALUATION.—In Nebraska the law requires assessors to find the full value of property, but in making the tax levy to take only one-fifth (1-5) of such value and to fix the rate on that basis. In the following we show both the full appraised value and the valuation for tax levy:

OTOE COUNTY.
County seat is Nebraska City. Bonds are taxable.
Some years ago the precinct of Nebraska City was formed, and included the city of that name and adjoining lands. Bonds to the amount of $40,000 were issued and interest paid for some years. The County Commissioners then declared the precinct illegally organized and refused to levy a tax. Litigation resulted and the courts have ordered a tax sufficient to pay debt to be levied on territory covered by the precinct in 1886, the year the bonds were sold. See V. 72, p. 302. New bonds were issued in 1901.

INCIDENTS IN STATE ORGANIZATION, &c.—See "State and City Supplement" of Apr 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of $150,000. The Constitution of 1895 limited the debt-making power to $1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was $630,775, of which the State owned $28,650. In 1878 the total bonded debt was $1,181,975, of which the State owned $713,600. The bonded debt Sept. 1 1912 was $370,000, all held by the State Permanent School Fund. Permanent School Funds Sept. 1 1912 amounted to $9,379,091 76.

*The large increase beginning with 1908 followed from a law passed in 1907 (Chapter 408) creating a Tax Commission to take the place of the Board of Railroad Assessors and State Board of Equalization. This law makes it the duty of the Tax Commission to require all townships and city assessors, County Commissioners and County Boards of Equalization, under penalty of forfeiture and removal from office as such assessors or boards, to assess all property of every kind and character at its actual and full cash market value. Previously property was assessed at only a fraction of its actual value. V. 87 p 1189.

DEBT LIMITATION.—Kansas has by its Constitution given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed $1,000,000. This limit, however, has two exceptions. *First*, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors, and if the proposed law be ratified by a majority of the votes cast. *Second*, the section following provides that the State may borrow money to repel invasion, &c. We give these sections in full, and also the subsequent one which forbids the State being a party to internal improvements.

Debts, annual tax; proceeds. For the purpose of defraying extraordinary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed $1,000,000, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt and the principal thereof when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the interest and principal of such debt shall have been wholly paid.

Other debts. No debt shall be contracted by the State except as herein provided, unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election; and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the preceding section of this article.

Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages.

Cities. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted as to prevent the abuse of such power.

Under the foregoing the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. The 1909 Legislature passed an Act limiting the creation of indebtedness in counties, cities, school districts and by boards of education. The new Act covers various laws contained in the General Statutes of 1901 and those passed subsequently affecting municipal borrowing capacity. V. 88, p. 1329. That part of the new law relating to cities of the first class having a population of 50,000 or more fixes 5% of the assessed value of taxable property as the limit of bonded indebtedness which they may create—special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, *including* special improvement bonds, shall not exceed 10% of the assessed value. For limitations pertaining to other civil divisions, see V. 88, p. 1329.

BONDS TAX FREE.—By Section 15 of Chapter 408, Laws of 1907, all bonds or other evidences of indebtedness hereafter issued by this State, or any county, city or school district contained therein, are exempt from taxation

POPULATION OF STATE.—

1910	1,690,949	1880	996,096

LEGISLATURE meets biennially in odd years on the first Monday in January and sessions are limited to 60 days.

SITUATION AS TO DEBT, &c.—For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130. The bonded debt of the State of Montana on Sept. 1 1912 was $200,000. These bonds were put out in 1908 to take up educational bonds issued under the name of the State University, State Normal School Agricultural College and Deaf and Dumb School of the State of Montana, and which in 1906 were held invalid. The Capitol Building bonds given below are issued against a land grant; they amounted to $1,000,000 on Sept. 1 1912, and then had a sinking fund, for the payment of same, of $225,020.14. The cash on hand in all funds on Sept. 1 1912 amounted to $1,049,150.76. The permanent school fund on Sept. 1 1912 held cash and securities amounting to $2,580,730.60 and other permanent funds on hand aggregated $1,370,034.88.

[An issue of $533,000 insane asylum bonds was voted Nov. 5 1912. V. 95, p. 1425.]

ASSESSED VALUATION.—For 1911 the total assessed valuation was $331,670,418, of which real estate was $170,623,169, personal $58,932,852 live stock $35,139,271 and railroads $66,975,126; in 1910 the total assessed valuation was $309,673,699. The State tax rate (per $1,000) in 1911 was $2.50. In 1910, 1909, 1908 and 1907 it was $2.50. Property is supposed to be assessed at full cash value

DEBT LIMITATION.—The Constitution of Montana was adopted by popular vote October 1 1889. Article XIII. contains the Sections which regulate the debt-making powers of State, county and city. Counties are allowed to become indebted to an amount not exceeding five (5) per centum and cities, towns, townships and school districts to an amount not exceeding three (3) per centum of the value of taxable property; but in the latter case the Legislative Assembly may permit debt in excess of this limit for sewer or water purposes, provided the question is submitted to a vote of the taxpayers. All the provisions in full and also those relating to the power of the State itself to create indebtedness may be found on page 135 of the "State and City Supplement" of April 1895.

TAXATION OF MUNICIPAL BONDS.—Concerning the taxation of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities, Albert J. Galen, Attorney-General, advised us under date of Dec. 22 1911 that there is no legislative enactment expressly exempting such securities from taxation.

POPULATION OF STATE—
1910, 376,053|1900, 243,329|1890, 132,159|1880, 39,159|1870, 20,599

The population in 1910 and 1900 included Indians and whites on Indian reservations not previously counted in the enumeration. In 1890 there were 10,765 and in 1880 31,650 such persons, which number should be added to the total for those years in making accurate comparisons.

* The water-works bonds are a direct obligation of the city, but the interest and bonds are paid entirely from the operation of the plant, and no tax levy is made for this purpose. A one-mill levy was made in 1912 for the betterment of the plant. The total amount of bonds issued was $400,000, but $14,000 have been redeemed.

INTEREST on water-works bonds payable at Harris, Forbes & Co., N. Y.; on judgment funding bonds at City Treas. office and at Harris, Forbes & Co., N. Y.; all others at Kountze Bros., N. Y.

The City Council on July 31 1911 passed an ordinance providing for the issuance of 4% bonds to refund old warrants issued by city between 1893 and 1897. City issued $190,000 or $200,000 of these warrants to pay its running expenses. They were never taken up by the city, it appears, there being a question as to their legality. The Nat. Exchange Bank of Providence, R. I., holding nearly 50% of the warrants, and all other holders, recently agreed to accept for their payment 75% of face value without int., and this offer was accepted by city. V. 93, p. 423. A levy was made in 1911 for paying int. due on the new bonds and a fund of $15,000 has been created and is now on hand for their redemption.

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January, and sessions are limited to 40 days.

DEBT HISTORY.—All the necessary data respecting the State's debt will be found in the following statement:

LOANS— Name and Purpose.	Interest— %	Principal— Payable.	When Due.	Outstand'g.
Insane Asylum Bonds	c 6	Jan. 1	{Jan. 1 1913-1921 $3,000 yearly. July 1 1919-1928 $9,000 yearly.}	$27,000
Public Building Bonds	c 6	July 1		90,000

INTEREST on the public building bonds is payable at the Fourth National Bank, New York; on others at the State Treasurer's office.

TOTAL DEBT, ETC.—The total bonded debt on Sept. 1 1912 was $117,000. On Sept. 1 1912 the warrants outstanding amounted to $8,609.42, an on the same date the cash and securities on hand were $1,181,424.11. This latter amount is exclusive of trust funds.

ASSESSED VALUATION.—The following statement shows the assessed valuation of property in Wyoming for the years indicated. For explanation concerning increase in 1909, see remarks immediately below regarding the creation of a new tax authority.

Years.	Valuation.	Years.	Valuation.	Years.	Valuation.
1912	$180,750,630	1904	$46,696,949	1895	$29,838,939

1905	48,826,940	1897	30,300,462	1875	9,493,638

TAX RATE.—The total State tax (per $1,000) in 1911 was $3.20.

CREATION OF A COMMISSIONER OF TAXATION.—The 1909 Legislature passed an Act (Chapter 66, Laws of 1909) creating the office of Commissioner of Taxation. This official is appointed by the Governor with the advice and consent of the Senate. The new commissioner is given power and authority to exercise general supervision over the administration of all assessment and tax laws, over all county, town and city tax assessors and boards of equalization, levy and assessment, to the end that taxation of all property, real, personal and mixed, shall be made relatively just and uniform, and at its true and full cash market value. Assessors or boards failing to assess property in accordance with this new law do so under penalty of forfeiture and removal from office. Heretofore property in the State is understood to have been assessed at 33 1-3 % of its actual value V. 88, p. 956.

DEBT LIMITATION.—In Wyoming the provisions of the Constitution with respect to debt contraction and limitation are quite voluminous. They are all found in Article 16 of that instrument, and prohibit the State from creating any indebtedness exceeding 1% of the assessed valuation except to suppress insurrection or to provide for the public defense. Counties, cities, towns or villages, or any subdivision thereof, are limited to 2 % on the assessed valuation. An additional indebtedness of not exceeding 4 % is permitted in the cases of cities, towns or villages for the purpose of building sewers therein. Debts contracted for supplying water to cities or towns are not included in the limitations in this section. Neither the State nor any subdivision shall loan or give its credit or make donations to, or in aid of, any individual, association or corporation. Citations from the laws of the State respecting debt limitation will be found on page 134 of the "State and City Supplement" of April 1895.

EXEMPTION FROM TAXATION.—The Legislature of 1905 passed an Act exempting municipal bonds from taxation provided certain conditions are complied with. The Act follows:

CHAPTER 17, LAWS OF 1905.—*Be It Enacted, Etc.*: "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State, provided that the owner or owners of such securities shall list the same annually on their assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt.'"

MORTGAGES EXEMPT FROM TAXATION.—An Act of the Legislature approved Feb. 21 1911 (Chap. 72) exempts from taxation all mortgages upon property within the State, whether real or chattel, together with the indebtedness thereby accrued, provided that the mortgage property, whether real or personal, shall be taxed at its true value in money. V. 93, p. 1054.

POPULATION OF STATE.—

1910	145,965	1890	62,555	1870	9,118
1900	92,531	1880	20,789		

In 1870-1880 increase was 11,671, or 128 %; in 1880-1890, 39,916, or 192.01%; in 1890-1900 29,976, or 47.9%, and 1900-1910 it was 53,434 or 57.7%.

State of Idaho.

ITS

DEBT, RESOURCES, &c.

Organized as a Territory (Act March 3 1863)—March 3 1863
Admitted as a State (Act July 3 1890)—July 3 1890
Total Area of State (square miles)—84,800
State Capital—Boise
Governor (term ends 1st Mon. Jan. 1913)—James H. Hawley
Sec. of State (term ends 1st Mon. Jan. 1913) Wilfred L. Gifford
Treasurer (term ends 1st Mon. Jan. 1913)—O. V. Allen
Auditor (term ends 1st Mon. Jan. 1913)—Stephen D. Taylor

LEGISLATURE meets biennially in odd years on the first Monday in January following election, and the length of sessions is limited to 60 days.

DEBT HISTORY.—Idaho as a Territory always kept its debt within moderate limits. When it became a State the bonded debt of the Territory was $146,715 06. Of that amount $46,715 06 was issued to pay floating debt, $80,000 to pay for Capitol building and $20,000 for an asylum. The condition of the State's debt now is set out with all the details below.

*ASSESSMENTS NOW MADE ON NEW BASIS.—By an Act of the Legislature, which convened in special session on Jan. 15 1912 and adjourned on Jan. 1 1912, all taxable property must be valued at its full cash value and assessed at 40% of such full cash value, and such assessed value shall be taken and considered as the taxable valuation of such property and the duration at which it shall be listed and upon which the levies shall be made and extended, lands and improvements thereon must be assessed separately. The law previously provided for the assessment of property at its "actual" or fair cash value. V. 94, p. 427.

CONSTITUTIONAL AMENDMENTS.—Nine amendments to the State constitution were submitted to the voters on Nov. 5 1912. V. 95, p. 812. As soon as it is definitely determined by official count whether these amendments have carried or not, the fact will be reported in the "State and City Department" of the "Chronicle."

DEBT LIMITATION.—The State is prohibited from creating debts which in the aggregate exclusive of the debt of the Territory, and exclusive of debts or liabilities incurred subsequent to Jan. 1 1911 for the purpose of completing the construction and furnishing of the State Capitol) exceed the sum of 1% upon assessed valuation (except in case of war, &c.) unless the same shall be authorized by law for some single work therein specified; no such law shall take effect until it is submitted to the people and it receives a majority of the votes cast. No county, city, town or other subdivision shall incur indebtedness "exceeding in that year the income and revenue provided for it for such year" without the assent of two-thirds of the qualified electors voting at an election. The credit of the State or any sub-division shall not be loaned to any individual, association, municipality or corporation.

For a digest of the laws respecting debt limitation in Idaho, see "State and City Supplement" of April 1895, pages 138 and 139.

TAXATION OF MUNICIPAL BONDS.—We were advised Dec. 11 1911 by the Secretary of State's office that the laws of Idaho do not tax bonds or notes or similar evidences of indebtedness.

POPULATION OF STATE.—

1910	325,594	1890	88,548	1870	14,999
1900	161,772	1880	32,610		

In 1870-80 Increase was 17,611, or 117.41%; in 1880-90 55,938, or 171.54%. In 1890-1900 the increase was 73,224, or 82.70%, a part of which is due to the fact that the 1900 aggregate embraced Indians and whites on Indian reservations, not theretofore included. Such persons numbered 4,163 in 1890 and 3,420 in 1880, which amounts should be added to the totals for those years in making comparisons. In 1900-1910 the increase in population was 163,822, or 101.3%.

Net debt	$2,846,692	$2,614,759	$2,634,819

*Estimated interest due on certificates of indebtedness and warrants.

Under an Act passed by the 1909 Legislature, the State Treasurer is empowered to exchange, at par and accrued interest, the $950,000 3% 20-year coupon funding (Series of 1909) bonds authorized by this Act, for certain warrants or certificates of indebtedness issued during the years 1899, 1903 and 1904, for the purpose of suppressing insurrection and defending the State. On May 6 1912 the State Supreme Court affirmed the ruling made on Nov. 22 1911 by the District Court of the City and County of Denver, declaring constitutional the Act passed by the Legislature providing for a bond issue of $2,115,000 to pay old State warrants, in accordance with an amendment to the constitution adopted in Nov. 1910. V. 94, p. 1336. A motion for a rehearing in this case was denied by the State Supreme Court on June 3 1912. V. 94, p. 1712; see also V. 95, p. 1420.

DEBT AND TAX VALUATION.—The following shows the State's total assessed valuation, the State tax per $1,000, and the total State debt for the years named:

Nov. 30—	Total Assessed Valuation.	State Tax (per $1,000)	Nov. 30—	Total Assessed Valuation.	State Tax (per $1,000)
1911	$422,386,687.47	$4.00	1904	$342,170,703.00	$4.00
1910	414,885,770.00	4.00	1901	*465,874,288.00	4.10
1909	400,671,647.00	4.10	1900	216,776,356.00	4.10
1908	375,284,970.00	4.00	1899	220,544,064.62	4.00
1907	367,343,320.00	4.00	1880	73,698,746.20	6.00
1906	356,244,547.00	4.00	1877	43,453,946.36	5.60

*Under the Revenue Law of 1901 property is required to be assessed at its full value This accounts for the large increase in values in 1901, as property was assessed at a very much lower basis in earlier years.

In addition to the tax rate as above there is a poll tax of $1 00 per capita. In 1880 and prior to that date this poll tax was 50 cents per capita.

CONSTITUTIONAL AMENDMENTS.—On Nov. 5 1912 thirty-two separate propositions were submitted to the voters of this State. They consist of nine proposed constitutional amendments and eleven proposed laws initiated by petition, six bills referred to the people by petition of referendum, five constitutional amendments passed by the Legislature, and an Act referred to the people by the Legislature. V. 95, p. 1143. As soon as it is definitely determined by official count whether these proposed amendments and laws have carried or not, the fact will be reported in the "State and City" department of the "Chronicle."

DEBT LIMITATION.—Colorado's constitutional debt limitations are found in Article 11 of the constitution and were published in the "State and City Supplement" of April 1895, pages 140 and 141. Section 3 of Article XI. of the Constitution concerning the debt *limitation* of the State was amended Nov. 8 1910 as follows (V. 92, p. 202):

SECTION 3. The State shall not contract any debt by loan in any form, except to provide for casual deficiencies of revenue, erect public buildings for the use of the State, suppress insurrection, defend the State, or, in time of war, assist in defending the United States; and the amount of *the* debt contracted in any one year to provide for deficiencies of revenue, shall not exceed one-fourth of a mill on each dollar of valuation of taxable property within the State, and the aggregate amount of such debt shall not at any time exceed three-fourths of a mill on each dollar of said valuation, until the valuation shall equal one hundred millions of dollars, and thereafter such debt shall not exceed one hundred thousand dollars, and the debt incurred in any one year for erection of public buildings shall not exceed one-half mill on each dollar of said valuation, and the aggregate amount of such debt shall never at any time exceed the sum of fifty thousand dollars (except as provided in section five of this article), and in all cases the valuation in this section mentioned shall be that of the assessment last preceding the creation of said debt. Provided, That, in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of paying the principal and accrued interest of all the outstanding warrants issued by this State during and for the years 1887, 1888, 1889, 1892, 1893, 1894 and 1897; said debt to be evidenced by registered coupon interest-bearing funding bonds to an amount not exceeding $2,115,000, or so much thereof as may be necessary to pay said warrants and interest thereon. For remainder of this section, as amended, see V. 89, p. 1363.

Counties are prohibited from contracting debt by loan in any form, except for public buildings, roads and bridges, and such indebtedness is not to exceed in any one year $1.50 on each $1,000 in counties where the assessed valuation exceeds $5,000,000, and $3 on each $1,000 in counties, the assessed valuation of which is less than $5,000,000; the aggregate indebtedness of any county for all purposes (exclusive of debts contracted before the adoption of the Constitution) may not exceed twice the amount of the above limit, unless the question incurring such indebtedness shall be submitted to the qualified tax-paying electors; "but the bonds, if any be issued therefor, shall not run less than ten years, and the aggregate amount of debt so contracted shall not at any time exceed twice the rate upon the valuation last herein mentioned." Originally counties with a valuation of less than $1,000,000 were not entitled to this privilege. The Constitution also provides that, with the approval of the tax paying electors, counties might issue bonds in liquidation of certain indebtedness existing prior to Dec 31 1886

School districts cannot incur debt without first submitting the proposition to the tax-payers; otherwise there is no limit in their case.

In the contracting of debts by cities and towns, provision must be made for a tax of not exceeding 12 mills on each dollar of valuation in order to pay annual interest and extinguish debt within 15 years and in not less than 10 years. No debt can be created unless the question is first presented to the tax-paying electors, and the aggregate of the debt must never exceed 3% of valuation. Debts contracted for supplying water are excepted from the limit.

TAXATION OF MUNICIPAL BONDS.—The Legal Department of the State advised us under date of Jan. 22 1912 that there is no law specifically exempting from taxation bonds issued by the State or any of its Municipalities, "in case the same are found in the hands of individuals as owners."

IRRIGATION DISTRICTS IN DEFAULT ON BOND INTEREST.—A bondholders' protective committee has been formed in the matter of defaulted interest on bonds of the Denver-Greeley Valley Municipal Irrigation District, North Denver Municipal Irrigation District and Denver-St. Vrain Municipal Irrigation District.

SAVINGS BANK INVESTMENTS.—The Legislature on June 3 1911 enacted a banking law which prescribes the securities in which savings deposits may be invested. V. 93, p. 1131.

AURORA.

The State Court of Appeals on July 8 1912 in two cases to recover on bonds issued some time ago by the town of Fletcher, now Aurora, to pay for a water system, decided that the issue was invalid, as it had not been properly advertised. The amount involved in these two cases, including the interest, was $80,000.

The U. S. Circuit Court of Appeals in another case involving practically the same question (see "Chronicle" of April 13 1912, p. 1072) made a ruling on April 3 1912 seemingly at variance with that of the State Court referred to above. Denver papers regard the matter as being in abeyance until further action is taken by the Federal courts. V. 95, p. 126.

DENVER.—Jas. F. Markey, Auditor.
Denver is situated in Denver Co. Incorp. Nov. 7 1861. All bonds are taxable. Under the Rush Amendment to the constitution (Chap. 46, Laws of 1901), adopted Nov. 1902, the City of Denver and various suburban towns have been united to form what is known as the City and County of Denver. V. 76, p. 554. New counties of Adams and South Arapahoe were formed out of portions of the old County of Arapahoe not included in new City and County of Denver. State Supreme Court on Feb. 27 1903 upheld constitutionality of the Rush Amendment. On Mch. 29 1904 a new charter was adopted. See V. 78 p. 1408. Under decisions of State Supreme Court handed down in Nov. 1904, Capitol Hill Sewer, Fourteenth St. Viaduct, Broadway Storm Sewer and Eighth Ave. Paving bonds are a charge upon property-owners, payable by assessments. V. 79, p. 2221.

Water-Works.—The value of plant of Denver Union Water Co. has been fixed at $14,400,000. V. 88, p. 955. The city on May 17 1910 defeated a proposition to grant a new franchise to the company, and on Sept. 6 1910 voted in favor of issuing $8,000,000 bonds for a municipal plant. V. 91, p. 665. The case was taken to the U. S. Circuit Court of Appeals, which May 19 1911 affirmed an order for a temporary injunction issued by the Circuit Court of the District of Colorado, restraining the city from issuing bonds or constructing a water-works system. V. 92, p. 1386. The case was tried on its merits by the lower Federal Court in April 1912 and decision on a permanent injunction, &c., is pending. An application was made to the U. S. Supreme Court on May 13 1912 for a writ of certiorari to review the decision of the U. S. Circuit Court of Appeals denying the preliminary injunction. The matter is still pending.

The State tax (per $1,000) in 1912 is $7.50.

CONSTITUTIONAL AMENDMENTS.—Eight proposed amendments to the constitution were defeated on Nov. 5 1912. V. 95, p. 1421.

DEBT LIMITATION.—The indebtedness of this State is limited by its Constitution. The sections relating to State debt are found in Article XIV. of that instrument, being Nos. 1, 2, 5 and 6. We quote these sections below.

SECTION 1. To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public buildings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding (as amended in 1910) in the aggregate at any one time an amount equal to one and one-half per centum of the value of the taxable property of the State, as shown by the last assessment for State purposes previous to the incurring of such indebtedness. But the State shall never contract any indebtedness, except as in the next section provided, in excess of such amount, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they were obtained.

SECTION 2. The State may contract debts to repel invasion, suppress insurrection, or to defend the State in war but the money arising from the contracting of such debts shall be applied solely to the purpose for which it is obtained.

SECTION 5. All moneys borrowed by, or on behalf of the State, or any legal subdivision thereof, shall be used solely for the purpose specified in the law authorizing the loan.

SECTION 6. The State shall not assume the debt, or any part thereof, of any county, city, town or school district.

Title 17, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Counties, Cities, Towns, &c.—The Constitutional provisions relating to the debts of counties, cities, towns, school districts and other municipal corporations will be found in Sections 3, 4, 5 and 7 of Article XIV. Section 5 is quoted above. We give Sections 3, 4 and 7 below.

An amendment to the constitution was voted upon Nov. 5 1912, proposing a change in Section 1 of Article XIV by increasing the limit of indebtedness which may be incurred by certain cities for municipal sewers, artificial light or water works. V. 93, p. 1619. As soon as it is definitely determined by official count whether this amendment carried or not, the fact will be reported in the "State and City Department" of the "Chronicle."

SECTION 3. No debt in excess of the taxes for the current year shall be created by any county or subdivision thereof, or by any school district therein, or by any city, town or village, or any subdivision thereof, in this State; unless the proposition to create such debt shall have been submitted to a vote of such qualified electors as shall have paid a property tax therein, in the year preceding such election, and a majority of those voting thereon, shall have voted in favor of incurring such debt.

SECTION 4. When authorized to create indebtedness as provided in Section 3 of this Article, no county shall become indebted to an amount, including existing indebtedness, exceeding 2%. No city, town, school district or other municipal corporation, shall become indebted to an amount, including existing indebtedness, exceeding 4% of the value of the taxable property therein, the value to be ascertained by the last assessment for State and county purposes previous to the incurring of such indebtedness; except that in incorporated cities the assessment shall be taken from the last assessment for city purposes; provided, that no part of the indebtedness allowed in this section shall be incurred for other than strictly county, city town or school district purposes; provided, further, that any city of the first and second class, when authorized as provided in Section 3 of this Article, may be allowed to incur a larger indebtedness, not to exceed four per centum, and any city of the third class, or town, not to exceed as amended in 1910] eight per centum additional, for supplying such city or town with water, artificial lights or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heretofore contracted, in accordance with the laws of Utah Territory, by any county, city, town or school district or to prevent the contracting of any debt, or the issuing of bonds therefor in accordance with said laws, upon any proposition for that purpose, which, according to said laws may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this Constitution takes effect.

SECTION 1884, Chapter 15, of the Revised Statutes, limits the indebtedness of school districts to 4%—that is, to the constitutional figure.

TAXATION OF MUNICIPAL BONDS.—Charles S. Tingey, Secretary of State, advised us, under date of Dec. 11 1911, that he could find no statute which expressly exempts from taxation bonds, notes or other evidences of indebtedness issued by the State, counties, school districts and municipalities. The constitution, however, exempts all property owned by such political divisions and also exempts mortgages from taxation, and it has been construed that the bonds of the State and its municipalities are mortgages, and therefore not taxable. The Legislature which adjourned Mch. 9 1911 passed two Acts providing for bond issues ($260,000 road and bridge and $300,000 university) and in both of these Acts it was expressly stipulated that the bonds should be exempt from taxation for any purpose within the State.

INTEREST on the bonds of 1912 is payable at State Treasurer's office; on all others at the National Bank of Commerce, New York City, and at Harris, Forbes & Co., New York City.

TOTAL DEBT.—The total bonded debt Mch. 25 1912 was $958,000. An issue of $1,125,000 refunding bonds is offered for sale Dec. 16 1912. See V. 95, p. 1425.

ASSESSED VALUATION.—The assessed valuation (about 1-5 cash value) for 1911 was $64,506,560; the tax rate for 1911 was $10.

STATEHOOD.—On Aug. 21 1911 President Taft signed the joint resolution passed by Congress admitting the Territories of New Mexico and Arizona into the Union. This resolution suggested an amendment to be submitted to the voters at the first State election making their constitution easier of amendment. This amendment was adopted Nov. 7 1911. V. 94, p. 148. The proclamation admitting New Mexico to Statehood was signed by President Taft on Jan. 6 1912. V. 94, p. 148.

DEBT LIMITATION.—Article IX. of Constitution contains the sections which regulate the debt of State, county, city, &c. The State may borrow money not exceeding the sum of $200,000 in the aggregate, to meet casual deficits or failure in revenue or for necessary expenses. The State may also contract debts to suppress insurrection and to provide for the public defense. No other debt shall be contracted unless authorized by law for some specified work or object, which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal within 50 years.

No *school district* shall ever become indebted in an amount exceeding six (6) per centum on the assessed valuation of the taxable property as shown by the preceding general assessment. The section giving the limitations of indebtedness of *counties, cities, towns and villages* reads as follows:

SECTION 13. No county, city, town or village shall ever become indebted to an amount in the aggregate, including existing indebtedness, exceeding four per centum on the value of the taxable property within such county, city, town or village, as shown by the last preceding assessment for State or county taxes; and all bonds or obligations issued in excess of such amount shall be void; provided, that any city, town or village may contract debts in excess of such limitation for the construction or purchase of a system for supplying water, or of a sewer system, for such city, town or village.

All the provisions of this Article XI. in full will be found on page 1412 of the "Chronicle" for Nov. 18 1911.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—For opinions, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111.

POPULATION.—The population of New Mexico has been as follows in the years named. The total for 1900 includes Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 6,689 and in 1880 23,452.

1910	327,301	1880	119,565	1850	*87,034
1900	195,310	1870	91,874	1850	61,547

TOTAL DEBT, &c.—The total debt Sept. 1 1912 was $3,015,275.29; deduct amount of county, city and school district funded indebtedness, $2,098,302.86; net Territorial debt, $916,972.43; cash in general fund Sept. 1 1912, $584.90. On Sept. 1 1912 there was in the sinking fund for the redemption of Territorial indebtedness, $5,324.71.

ASSESSED VALUATION.—The assessed valuation in 1912 is $140,338,191; in 1911 it was $98,032,709; in 1910 it was $86,126,226; in 1909 it was $82,684,062; in 1908 it was $80,637,512; in 1907 it was $77,372,156; in 1906 it was $62,227,634; in 1902 it was $39,083,177. Tax rate (per $1,000) for 1912 is $9.00, including a $1.80 (per $1,000) for State roads.

STATEHOOD.—President Taft on Aug. 21 1911 signed the joint resolution passed by Congress admitting the Territories of Arizona and New Mexico into the Union. This resolution provided that the voters of Arizona must except judicial officers from the recall provision of their constitution before Statehood is granted. V. 93, p. 546. On Dec. 12 1911 an amendment to this effect was favorably voted. V. 93, p. 1736. At the session of the first State Legislature, however, a resolution was passed providing for the re-submission of this amendment to the voters. V. 94, p. 1263. The State was admitted by proclamation of the President on Feb. 14

CONSTITUTIONAL AMENDMENTS. On Nov. 5 1912 five amendments to the State constitution were adopted. V. 95, p. 1420. One changes Sec. 8 of Article IX, so as to limit the amount of debt which may be incurred under any circumstances by a county or school district to 10% of the taxable value. The limit which may be incurred by a city or town with the assent of the voters for municipal water, light or sewer works is increased from 5% to 15% of the taxable value. Below we give Section 8 as it now reads.

DEBT LIMITATION—BONDS TAX-FREE.—The power of the State and its sub-divisions to incur debt is limited by Sections 5, 7 and 8 of Article IX, and by Section 2 of this same article such debt, when evidenced by bonds, will be exempt from taxation. The four sections referred to are given below in full:

Section 2. There shall be exempted from taxation all Federal, State county and municipal property. Property of educational, charitable and religious associations or institutions not used or held for profit may be exempted from taxation by law. Public debts, as evidenced by the bonds of Arizona, its counties, municipalities, or other subdivisions, shall also be exempt from taxation. There shall further be exempt from taxation the property of widows, residents of this State, not exceeding the amount of one thousand dollars, where the total assessment of such widow does not exceed two thousand dollars. All property in the State not exempt under the laws of the United States or under this constitution, or exempted by law under the provisions of this section, shall be subject to taxation to be ascertained as provided by law.

Sec. 5. The State may contract debts to supply the casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more laws, or at different periods of time, shall never exceed the sum of three hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted, and to no other purpose.

In addition to the above limited power to contract debts, the State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan shall have been authorized or to the repayment of the debt thereby created. No money shall be paid out of the State Treasury except in the manner provided by law.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or become a joint owner with any person, company or corporation, except as to such ownerships as may accrue to the State by operation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who must also in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property therein to be ascertained by the last-assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment for city or town purposes; Provided, that under no circumstances shall any county or school district become indebted to an amount exceeding ten per centum of such taxable property, as shown by the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding fifteen per centum additional, for supplying such city or town with water, artificial light or sewers, when the works for supplying such water, light or sewers are or shall be owned and controlled by the municipality.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—For opinions, see V. 85, p. 1534; V. 86, p. 340; V. 87, p. 111.

POPULATION.—Population of Arizona has been as follows in the years mentioned. The total for 1900 includes Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 28,623 and in 1880 18,706.

TOTAL BONDED DEBT... (?)

State of Oklahoma.

ITS

DEBT, RESOURCES, ETC.

Organized as a Territory under Act of May 2 1890.
Admitted as a State (Act June 16 1906)..... Nov. 16 1907
Total area of State (square miles) 73,820
State Capital ..... Oklahoma City
Governor (term expires Jan. 9 1915) ..... Lee Cruce
Secretary of State (term expires Jan. 9 1915) .. B. F. Harrison
Treasurer (term expires Jan. 9 1915) ..... Robert Dunlop

LEGISLATURE.—The first session of the Legislature convened on Dec. 2 1907 and was limited to 160 days. The regular sessions occur biennially in odd years on the first Tuesday after the first Monday in January. After the first session members will receive only one-third the regular pay per day after 60 days.

On Nov. 5 1912 the voters defeated a proposed amendment to the State constitution to locate the capital and seat of government at Guthrie. V. 95, p. 1345.

TOTAL DEBT.—The bonded debt of Oklahoma Territory, which on July 1 1903 amounted to $48,000, was paid off in May 1904. The total amount of all outstanding warrrants on June 30 1912 was $3,800,000. The cash in all funds on June 30 1912 amounted to $1,348,733.

The State Supreme Court on Nov. 15 1912 held valid the proposed bond issue of $2,870,500 to take up a portion of the warrant indebtedness of this State. V. 95, p. 1420.

The total bonded debt of the State June 30 1912 was as follows:

LOANS—		—Interest—		—Principal—	
Name and Purpose.		*P.C.*	*Payable.*	*When Due.*	*Outstanding*
Funding bonds, coupon	1908	4	F-A	Aug. 1 1918-27	$1,460,000
Public building bonds	1910	5	M-N	May 1 1913-'22	626,500
Public building bonds	1911	5	M-N	May 1 1923-34	968,500

INTEREST is payable at the National Reserve Bank of New York City or at the State Treasurer's office.

ASSESSED VALUATION for the State of Oklahoma in 1912 is $1,194,450,000; in 1911 it was $1,326,840,833; in 1910 it was $916,343,830; in 1909 it was $866,126,700. Tax rate (per $1,000) in 1911, $2.00, and in 1912 it is $2.25. Property is assessed at full value.

STATEHOOD.—Under an Act of the United States Congress approved June 16 1906 provision was made for the union of the Territory of Oklahoma and of Indian Territory, the two to form the State of Oklahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a Constitution by the people on Sept. 17 1907. See V 85, p. 745, and 1289.

DEBT LIMITATION.—Article X. of the Constitution contains the following regarding public indebtedness:

SECTION 23. The State may, to meet casual deficits or failure in revenues, or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time, exceed $400,000, and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.

SECTION 24. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or to defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 25. Except the debts specified in sections 23 and 24 of this Article, no debts shall hereafter be contracted by or on behalf of this State, unless such debt shall be authorized by law for some work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due and also to pay and discharge the principal of such debt within 25 years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either House of the Legislature, the question shall be taken by yeas and nays, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?"

SECTION 26. No county, city, town, township, school district or other political corporation, or subdivision of the State, shall be allowed to become indebted, in any manner, for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year, without the assent of three-fifths of the voters thereof, voting at an election to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount including existing indebtedness, in the aggregate exceeding 5% of the valuation of the taxable property therein, to be ascertained from the last assessment for State and county purposes previous to the incurring of such indebtedness; provided, that any county, city, town, township, school district or other political corporation or subdivision of the State, incurring any indebtedness, requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 27.—*Public Utilities.*—Any incorporated city or town in this State may, by a majority of the qualified property tax-paying voters of such city or town, voting at an election to be held for that purpose, be allowed to become indebted in a larger amount than that specified in Section 26, for the purpose of purchasing or constructing public utilities, or for repairing the same, to be owned exclusively by such city: Provided, That any such city or town incurring any such indebtedness requiring the assent of the voters as aforesaid, shall have the power to provide for, and, before or at the time of incurring such indebtedness, shall provide for, the collection of an annual tax in addition to the other taxes provided for by

this Constitution, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 28. Counties, townships, school districts, cities and towns shall levy sufficient additional revenue to create a sinking fund to be used, first, for the payment of interest coupons as they fall due; second, for the payment of bonds as they fall due; third, for the payments of such parts of judgments as such municipality may, by law, be required to pay.

SECTION 29. No bond or evidence of indebtedness of this State shall be valid unless the same shall have endorsed thereon a certificate, signed by the Auditor and Attorney General of the State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or any other political subdivision of any county, shall be valid unless the same have endorsed thereon a certificate signed by the County Clerk, or other officer authorized by law to sign such certificate, and the County Attorney of the county, stating that said bond or evidence of debt is issued pursuant to law, and that said issue is within the debt limit.

SECTION 30. The Legislature shall require all money collected by taxation or by fees, fines and public charges of every kind, to be accounted for by a system of accounting that shall be uniform for each class of accounts, State and local, which shall be prescribed and audited by authority of the State.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised, under date of Dec. 11 1911, by the office of the Secretary of State, that "the only evidences of indebtedness issued by this State that are exempt from taxation are the public-building fund bonds." For opinions regarding territorial and municipal bonds being exempt from taxation, see V. 85, p. 1534; V. 86, p. 240; and V. 87, p. 111.

SUPREME COURT UPHOLDS COMMISSION FORM OF GOVERNMENT.—On March 12 1912 the Oklahoma Supreme Court affirmed the validity of the charter of the City of Guthrie providing for the commission form of government. See V. 94, p. 862.

BONDS TO PURCHASE SEED WHEAT ILLEGAL.—Attorney-General West in an opinion to B. W. Parks of Hooker held that counties cannot issue bonds for the purpose of purchasing seed wheat for farmers. V. 93, p. 423.

MUNICIPAL BOND ISSUES.—Future bond issues are to be approved by Attorney-General. V. 90, p. 1114.

POPULATION.—Population of State 1910 (Census), 1,657,155; in 1907 (Census), 1,414,177. The population of the Territory in 1890 was 61,834; in 1900, 398,331.

OKLAHOMA CITY.
This city, the capital of the State, is the county seat of Oklahoma Co. Incorp. Mch. 10 1891. Commission government adopted Mch. 9 1911 (V. 92, p. 747) and upheld by State Supreme Court on June 8 1911, V. 92, p. 1652. The State Supreme Court in May 1911 held valid bond issues of $150,000 for a fire station and $15,000 for street-cleaning apparatus. The principal question involved was whether or not the objects for which the issues were made were public utilities, and the Court decides that they are. V. 92, p. 1386.

INTEREST is payable at the office of the Treasurer in Sacramento.

TOTAL DEBT.—The total bonded debt of the State on Sept. 1 1912 was $6,881,500, including $4,000 civil bonds on which interest has ceased. The warrant debt on that date was $356,959 22. Cash in treasury on Sept. 1 1912 amounted to $15,490,837 70. The $2,000,000 sea-wall bonds issued for San Francisco are not included in the total indebtedness of the State; these bonds are payable out of a sinking fund receiving its revenue from moneys collected by the San Francisco Harbor Commissioners; $200,000 of this issue is held by the State in trust for the State School Fund.

The bonds of 1873 ($2,277,500) matured in 1893. No sinking fund having been provided for their payment, they were taken over by the State for its school funds and have been so held since 1893.

The State Treasurer on Sept. 1 1912 held bonds aggregating $6,824,975 for the benefit of the State School Fund; this includes $1,526,500 of the funded debt bonds of 1873. The State Treasurer also holds $1,272,950 for the benefit of State Funds other than the School Fund. This includes $751,000 of the funded debt bonds of 1873 held in trust for the University Fund referred to above.

*Pursuant to Chap. 335, Laws of 1911, carrying into effect Sec. 14 of Art. 13 of the constitution as amended Nov. 8 1910 (see below) there is now no general tax, revenue being derived from the taxation of public service and other corporations, banks and insurance companies. The amount of tax placed upon these corporations by the State Board of Equalization for 1911 was $10,454,125.46.

CONSTITUTIONAL AMENDMENTS.—At the general election on Nov. 8 1910 eight amendments were favorably voted. Under the terms of one of these amendments the city of San Francisco was authorized to vote on an amendment to its charter so as to allow the issuance of $5,000,000 bonds, the proceeds of the same to be turned over to the Panama Pacific International Exposition Co. for an exposition to be held in San Francisco to celebrate the opening of the Panama Canal. In accordance with this authority, a special election was held in San Francisco on Nov 15 1910 and the proposed charter amendment was accepted. A further amendment approved by the voters of the State on Nov. 8 1910 creates a fund of $5,000,000 for the use, establishment, maintenance and support of the Panama Pacific International Exposition. One other amendment adopted provides for the separation of State and local taxation and for the taxation of public service and other corporations for the benefit of the State. V. 92, p. 202. On Oct. 10 1911 the voters adopted constitutional amendments granting equal suffrage to women, allowing the recall of public officials, even the judiciary, and reserving to the people the powers of initiative and referendum. See V. 93, p. 1337, for list of amendments adopted and defeated.

BOND PROPOSITIONS.—Four bond propositions were also favorably voted at the general election Nov. 8 1910. They provide for the issuance of $18,000,000 4% bonds for highways, $1,500,000 4% San Diego sea-wall bonds, $1,000,000 4% India Basin bonds for the county and city of San Francisco and $9,000,000 4% harbor-improvement bonds for the city and county of San Francisco. V. 92, p. 202. This latter issue was declared valid by the Superior Court on Nov. 14 1911. V. 93, p. 1337. On May 23 1912 Judge Seawell in the Superior Court dismissed the order to show cause why an injunction should not be issued restraining the sale of the $1,000,00 4% India Basin bonds. V. 94, p. 1519. The offering of these bonds, which was to have taken place July 22 1912, has been indefinitely postponed. V. 95, p. 312.

DEBT LIMITATION.—The limitations fixed in the Constitution of California with reference to the creation of State debt, debts of counties, cities, towns, &c., are as follows:

ARTICLE 16. Section 1.—*State Indebtedness.*—The Legislature shall not in any manner create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars, except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within seventy-five years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, or city and county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same.

ARTICLE 12. Section 13.—*State Not to Loan Its Credit, &c.*—The State shall not, in any manner, loan its credit, nor shall it subscribe to or be interested in the stock of any company, association or corporation.

ARTICLE 4. Section 31.—*Legislature Prohibited from Loaning Credit &c., of State, City, County, &c.*—The Legislature shall have no power to give or to lend, or to authorize the giving or lending of, the credit of the State, or of any county, city and county, city, township or other political corporation or sub-division of the State now existing, or that may be hereafter established, in aid of or to any person, association or corporation, whether municipal or otherwise, or to pledge the credit thereof in any manner whatever for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift, or authorize the making of any gift, or any public money or thing of value to any individual, municipal or other corporation whatever; *provided*, that nothing in this section shall prevent the Legislature granting aid pursuant to *section twenty-two* of this Article; and it shall not have power to authorize the State or any political sub-division thereof to subscribe for stock or to become a stockholder in any corporation whatever.

The exception provided in Section 22 of Article 4 (referred to in the last clause of the above) permits merely the granting of aid by the State and by cities, &c., to institutions for the support and maintenance of minor orphans, or half-orphans, or abandoned children, or aged persons in indigent circumstances. By an amendment adopted Nov. 8 1910 further provision is made for creating a fund of $5,000,000 for the use, establishment, maintenance and support of the Panama Pacific International Exposition. V. 92, p. 202. See Constitutional amendments given in preceding column.

ARTICLE 11. Section 18.—*Counties, Cities and Towns, &c., Debt Restrictions.*—No county, city, town, township, board of education or school district shall incur any indebtedness or liability, in any manner, or for any purpose, exceeding in any year the income and revenue provided for it for such year, without the assent of two-thirds of the qualified electors thereof voting at an election to be held for that purpose, nor unless, before or at the time of incurring such indebtedness, provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed *forty years* from the time of contracting the same; *provided, however*, that the City and County of San Francisco may at any time pay the unpaid claims, with interest thereon at the rate of five per cent per annum, for materials furnished to and work done for said city and county during the forty-first, forty-second, forty-third, forty-fourth and fiftieth fiscal years, and for unpaid teachers' salaries for the fiftieth fiscal year, out of the income and revenue of any succeeding year or years, the amount to be paid in full of said claims not to exceed in the aggregate the sum of five hundred thousand dollars, and that no statute of limitations shall apply in any manner to these claims; *and provided further*, that the City of Vallejo, of Solano County, may pay its existing indebtedness incurred in the construction of its water-works whenever two-thirds of the electors thereof voting at an election held for that purpose shall so decide, and that no statute of limitations shall apply in any manner. Any indebtedness or liability incurred contrary to this provision, with the exceptions hereinbefore recited, shall be void.

The City and County of San Francisco, the City of San Jose and the Town of Santa Clara may make provision for a sinking fund, to pay the principal of any indebtedness incurred, or to be hereafter incurred, by it, to commence at a time after the incurring of such indebtedness of not more than a period of one-fourth of the time of maturity of such indebtedness, which shall not exceed seventy-five years from the time of contracting the

same. Any indebtedness incurred contrary to any provision of this section shall be void.

COUNTY DEBT RESTRICTIONS.—By a State law passed March 24 1893, all counties are restricted to the issuance of bonds which shall not run onger than *twenty* years.

A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

LIMIT OF INDEBTEDNESS.

SECTION 4. No city, town or municipal corporation shall incur an indebtedness for public improvements which shall in the aggregate exceed 15% of the assessed value of all the real and personal property of such city town or municipal corporation.

This new law was given in full in the "Chronicle," Aug. 10 1901, p. 303

TAX EXEMPT AMENDMENT.—At the November 1902 election the following amendment to Article 13 of the State Constitution was favorably voted upon. V. 74 p. 916; V. 75, p. 1366.

SECTION 1¼. All bonds hereafter issued by the State of California, or by any county, city and county, municipal corporation, or district (including school, reclamation and irrigation districts) within said State shall be free and exempt from taxation. See editorial article in "State and City Supplement" of October 1902.

MORTGAGES EXEMPT FROM TAXATION.—Among the amendments voted Nov. 8 1910 is one repealing Section 4 of Article 13 of the State Constitution, thereby changing Section 1 so that hereafter a mortgage deed of trust, &c., together with the money represented by such debt, shall be exempt from taxation. This section, as it now reads, will be found in full in V. 91, p. 974.

IRRIGATION BONDS AS SAVINGS BANK INVESTMENTS.—The Legislature in 1911 passed an Act (Chapter 157, Laws 1911) allowing investment by savings banks in bonds of irrigation districts. V. 93, p. 1131.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CALIFORNIA.

NOTE.—For debts of civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

Many of the counties in this State levy a special tax on property outside incorporated cities and towns for making, repairing and sprinkling of roads, and the tax rate as given below under these counties is made up of the State tax rate and the county tax rate *including* special road tax.

SAN FRANCISCO.
San Francisco is in San Francisco County, and the financial statement given below is for both city and county. On Nov. 5 1907 the city voted in favor of 21 amendments to the charter. V. 85, p. 1418.
Earthquake and Fire.—This city was visited by an earthquake on Apr. 18 1906 and the subterranean upheaval, together with the fires resulting therefrom, caused the loss of many lives and the destruction of property to the estimated value of several hundred millions of dollars. The territory destroyed by fire covered 2,500 acres, or about four square miles. See V. 82, p. 945, 999 and 1060. A compilation of the New York State Insurance Department revealed a gross insurance loss of $222,836,307 and a net loss, after deducting reinsurance and estimated salvage, of $132,823,067. See V. 82, p. 337.
City on Dec. 30 1909 voted $2,020,000 bonds for the reconstruction and operation of the Geary St. Park & Ocean RR. V. 90, p. 64. Up to Oct. 1 1912 $1,900,000 of these bonds had been issued.
The Mayor on Aug. 12 1912 made an informal offer on behalf of the city to purchase the system of the Spring Valley Water Co. for $38,500,000. V. 95, p. 485. This offer was refused by the water company. V. 95, p. 1047. During previous negotiations with the company the electors defeated a proposition to buy the system for $35,000,000, and instead ratified the issuance of $45,-000,000 bonds for a municipal system with a source at Lake Eleanor. See V. 90, p. 254. Of the bonds authorized, $1,125,000 have been sold V. 94, p. 430.
The city has completed the purchase from the Tuolumne Water Power Co. of the water rights and properties on Cherry Creek, in Tuolumne County. The purchase price was $652,000, and this sum was later paid back to the city in return for a like amount of city water-supply bonds. V. 94, p. 79.
At a special election held March 29 1912 the voters decided to refuse to assent to the suggestion that the city authorities permit the merger of the Home Telephone Co. with the Pacific Telephone & Telegraph Co. They declared in favor of the plan to call another special election to vote on the question of issuing $6,000,000 bonds for the acquisition of the Home Telephone Co. V. 94, p. 1073.
The voters on Nov. 15 1910 authorized the issuance of $5,000,000 Panama Exposition bonds. V. 91, p. 1398. See remarks under State of California for constitutional amendments giving authority to issue these and other bonds.

Special bonds made payable by statute from taxes on lands benefited:
Montgomery Ave. bonds $1,579,000
Dupont Street bonds, 7s, amount outstanding--- 285,000
The Dupont St. bonds have long been involved in litigation, but the U.S. Circuit Court in Sept. 1903 ruled in favor of the bondholders—the property owners being made liable for the face value of bonds. V. 77, p. 998.
Holders of Montgomery Ave. bonds brought suit against the State to recover the face value and int. aggregating $2,000,000. The Superior Court holds that the State is not liable. V. 78, p. 1565; V. 79, p. 925, 1659, and V. 80, p. 483, 1070; V. 81, p. 1449. Appeal was taken, which up to Oct. 1 1912 was still pending.
INTEREST is payable in gold in San Francisco.

LEGISLATURE meets biennially in odd years on the second Monday in January, and there is no limit to length of sessions; but members of the Legislature can draw pay only for 40 days' services in the aggregate.

HISTORY OF DEBT.—For the early history of Oregon's State debt see "State and City Supplement" of April 1894, page 147.

To-day Oregon has no bonded debt.

On Oct. 1 1912 the amounts held in the irreducible trust funds were as follows: School fund, $6,260,655.99; Agricultural College fund, $201,383.99, and University fund $103,635.36. On the same date the cash on hand amounted to $993,736.47.

CONSTITUTIONAL AMENDMENTS, &c.—The voters of this State had submitted to them on Nov. 5 1912 thirty-eight separate propositions, including six proposed constitutional amendments referred to the people by the Legislature, eight proposed constitutional amendments and twenty bills for Acts proposed by initiative petition and four Acts passed by the Legislature upon which a referendum was ordered by petition of the people. The various measures voted upon are outlined in V. 95, p. 1144. As soon as it is determined by official count whether these amendments and other propositions carried or not, the fact will be reported in the "State and City" Department of the "Chronicle."

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI, sections 5 to 10 inclusive, of the Constitution of 1857. We quote these sections in full.

SECTION 5.—*Restriction upon Municipal Corporations.*—Acts of Legislative Assembly incorporating towns and cities shall restrict their power of taxation, borrowing money, contracting debts, and loaning their credits

SECTION 6.—*State not to be Stockholder in Company.*—The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 7.—*Credit of State not to be Loaned—Limitation upon Powers of Contracting Debts.*—The Legislative Assembly shall not loan the credit of the State, nor in any manner create debts or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of fifty thousand dollars, except in case of war, or to repel invasion or suppress insurrection, and every contract of indebtedness entered into or assumed by or on behalf of the State, when all its liabilities and debts amount to said sum, shall be void and of no effect.

SECTION 8.—*State not to Assume County Debt, Except in What Case.*—The State shall never assume the debts of any county, town or other corporation whatever, unless such debts shall have been created to repel invasion suppress insurrection, or defend the State in war.

SECTION 9.—*Prohibition upon Municipal Corporations.*—No county, city, town, or other municipal corporation, by vote of its citizens or otherwise, shall become a stockholder in any joint-stock company, corporation or association whatever or raise money for or loan its credit to, or in aid of any such company, corporation or association.

SECTION 10.—*Limitation upon Powers of County to Contract Debts.*—No county shall create any debts or liabilities which shall singly or in the aggregate exceed the sum of five thousand dollars, except to suppress insurrection or repel invasion, or (according to constitutional amendment of 1910) to build permanent roads within the county; but debts for permanent roads shall be incurred only on approval of a majority of those voting on the question.

It will be seen from the above that the power to limit the indebtedness of municipalities has been relegated to the Legislative Assembly. In 1903 the Legislature, acting under this authority, passed the following Act—Section 2722 of Bellinger & Cotton's Annotated Codes and Statutes.

The common council (of cities and towns) shall not in any manner create any debt or liability which shall singly or in the aggregate exceed the sum of two thousand five hundred dollars without first obtaining authority from the Legislative Assembly of this State to contract a debt or liability in excess of said sum.

The above limitation does not apply to bonds issued in anticipation of the collection of street and sewer assessments under the authority of any charter of any city of 2,500 or more inhabitants.—See sections 2727 to 2735 of the Annotated Codes and Statutes.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Bellinger and Cotton's Code, section 3389, paragraph 31) gives permission to school boards to issue bonds (prescribing the method) without special legislation, but stipulates that "in no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1,000 children of school age) located in cities of over 75,000 inhabitants shall never exceed $100,000—the 5% limit mentioned above applying to all districts of under 75,000 inhabitants.

TAXATION OF MUNICIPAL BONDS.—No legislation has been enacted, we are advised Dec. 12 1911, by the Board of State Tax Commissioners exempting from taxation bonds or other obligations of the State or its counties and municipalities.

POPULATION OF OREGON.—The population of Oregon has been as follows in the years named:

While the water bonds are direct liabilities of the city, provision is made in the law for fixing the rate annually at a sum sufficient to cover the expenses, pay interest on bonds and provide a sinking fund that, by annual retirement, will pay the bonds in full at maturity. Present water rates have been more than sufficient and have enabled considerable extensions and other improvements to be made.

PORTLAND. A. L. Barbur, Auditor.
Portland is the county seat of Multnomah County. The cities of Portland, East Portland and Albina were consolidated in June 1891. Five proposed amendments to the city charter and two ordinances were adopted by the voters on Nov. 2 1912. All other questions submitted on that day, including the proposed new charter to establish the commission form of government, and the amendments providing for six bond issues aggregating $3,650,000 were defeated. V. 95, p. 1345.

The State Supreme Court in an opinion handed down Mch. 26 1912 by Justice Burnett holds that the consolidation of Portland and St. Johns in accordance with a vote taken Nov. 8 1910 is illegal and ineffective. The Court's ruling will, it was thought, invalidate the consolidation of the towns of Seaside and West Seaside as voted for at a special election Nov. 4 1911. V. 94, p. 996.

LEGISLATURE meets biennially in odd years on the second Monday in January. Sessions are limited to sixty days.

TOTAL DEBT.—The State has no bonded debt against the general funds which on Sept. 20 1912 contained $199,265.57 cash. There are outstanding, however, $206,024 Normal School Fund bonds and $125,000 Public Highway Fund bonds shown in detail below.

Normal School Fund Bonds.
3s '09 J-D $206,024..June 10 1924

***Public Highway Fund Bonds.**
4s '11 F-A $125,000....Feb 1 1923
(Subject to call on any interest date, 10% ($12,500) annually.)

*If not paid by highway fund in 12 years from their date, these bonds will be paid out of general fund.

INTEREST is payable at the office of the State Treasurer in Olympia.

ASSESSED VALUATION.—The assessed valuation, equalized by State Board, for 1912, of real estate, is $729,751,400; personal property, $117,-949,520; railroads, telegraph, &c., $157,385,331; total, $1,005,086,251. The following statement shows the total assessed valuation of the State for the years indicated. Real estate is valued only every two years. The State tax rate (per $1,000) for 1912 is $5.79.

Years.	*Assessment.*	*Years.*	*Assessment.*	*Years.*	*Assessment*
1912	*$1,005,086,251	1907	$573 070,528	1900	$237,576,523
1911	*955,125,934	1906	530,209,882	1890	217,595,569
1910	*906,247,944	1905	328,542,525	1880	23,708,587
1909	*790,419,826	1904	298,460,979	1870	10,642,863
1908	*748,593,942	1903	276,988,569	1860	4 394,735

• The large increase in valuations is caused by the re-valuation of real estate and in part also by a rapid development of railroad and electric building in the State and the greater valuation put on such property by the State Tax Commission.

EXEMPTION FROM TAXATION.—The Legislature of 1907, by an Act approved Feb. 28, amended the laws relating to revenue and taxation by exempting mortgages, credits, notes, municipal securities, &c., from all taxation as personal property. V. 84, p. 949. The State Supreme Court in 1908 upheld the constitutionality of this Act. V. 87, p. 558.

CONSTITUTIONAL AMENDMENTS.—At the general election on Nov. 5 1912 four proposed amendments were favorably voted. V. 95, p. 1421. Two of these establish the initiative and referendum and also the recall.

DEBT LIMITATION.—The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts in the aggregate shall not at any time exceed $400,000. The State may also incur debts to repel invasion, suppress insurrection or to defend the State in time of war. Otherwise the State shall not contract any debt except the same shall be authorized by law, and provision must be made for the payment of the annual interest on the same and also for the payment of the principal within 20 years. All such propositions must first receive the approval of the voters.

As regards counties, cities, towns, school districts or other municipal corporations, no debt is to be incurred by them in an amount exceeding 1½% of the taxable property without the assent of 3-5 of the voters therein, nor in cases requiring such assent shall the total indebtedness at any time exceed 5% of the taxable property. It is further provided that "any city or town," with the required assent of the voters, may be allowed to become indebted to a larger amount but not exceeding 5% additional for supplying such city or town with water, light and sewers, when the works for the same shall be owned and controlled by the municipality. The provisions in full will be found in Section 6 of Article 8 of the Constitution.

SEATTLE.
Seattle is situated in King County. Incorp. as a town Jan. 14 1865 and as a city Dec. 2 1869. An issue of $800,000 4½% 20-year bonds for a municipal electric railway system was voted Mch. 7 1911. V. 92, p. 753. The State Supreme Court on June 25 1912 affirmed the ruling made on April 5 1912 by the Superior Court, upholding the validity of these bonds. V. 95, p. 64 and 1404. None of these bonds has yet been issued. On Mch. 5 1912 27 amendments to the city charter were voted upon. Of this number 14 were defeated. For details of amendments see V. 94, p. 778.
Judge John F. Main on Aug. 8 1912 sustained the demurrer of the city in the mandamus proceeding commenced to compel the city to purchase from the Mountain Development Co. the Hebb power site on the White River for $1,000,000, in accordance with the vote taken on March 5 1912. See V. 95, p. 699.

In addition to the bonds given above, there are also outstanding $1,975,000 5% (J.-J.) coup. Cedar River water bonds due Jan. 1 1913-'26. These bonds are a lien on a certain portion of the revenues of the Water Dept., and are not a general municipal indebtedness.
* Issued in payment for water systems by their respective cities prior to annexation. They were then made part of the water plant of this city, and although they are a general indebtedness, the interest is being paid from the water fund.

INTEREST is payable as follows: Funding bonds of 1891 and funding bonds of 1893 (first and recond series) at Seattle or at Harris, Forbes & Co., N. Y. City; funding bonds due 1931 at fiscal agency in N. Y. City or at City Treasurer's office; sewer tunnel bonds of 1893 and sewer bonds of 1893 at City Treasurer's office or at Blair & Co., N. Y. City; library-site bonds at City Treasurer's office or fiscal agency, N. Y. City; municipal-light and power-plant bonds (series A and B), State Treasurer's office; municipal-light and power-plant-extension and park bonds due July 1 1932 at City Treasurer's office, and fiscal agency, New York City; park bonds due 1931, the refuse-disposal-plant bonds and bonds of 1912 at fiscal agency in N. Y. City (Equitable Trust Co.). All the other bonds, except those of the annexed cities, at City Treasurer's office or at Harris, Forbes & Co., N. Y. City. Interest on the annexed cities' bonds is payable as follows: On refunding bonds, the water-works bonds due 1917 & 1924 and on the general municipal bonds, at the fiscal agency in N. Y. City; on the funding bonds at the Harris Trust & Savings Bank, Chicago; on the water-works bonds due 1915 at the Chemical Nat. Bank, N. Y. City, and on the water-works bonds due 1922 at the State Treasurer's office.

The State tax rate (per $1,000) for 1911 was $6.00.

CONSTITUTIONAL AMENDMENTS.—Five proposed amendments to the State constitution were submitted to the voters at the general election on Nov. 5 1912. V. 95, p. 310. As soon as it is definitely determined by official count whether these amendments have carried or not, the fact will be reported in the State and City Department of the 'Chronicle."

DEBT LIMITATION.—Nevada has in its constitution limited the *State* to a nominal indebtedness, except for the purpose of "defraying extraordinary expenses" arising from invasion, war, &c.; and in such cases the law shall provide an annual tax sufficient to pay the interest semi-annually and the principal within twenty years. Further, the State is forbidden ever to assume the debt of any county, city, &c., or to donate or loan its money or credit, or to subscribe to the stock of any company, &c.

Counties, towns, cities, &c., cannot become stockholders in any company, or loan their credit, &c. But other than that the constitution omits to put any limit on county, city, &c., debts; though it provides that the Legislature shall make general laws restricting their borrowing power. The constitutional provisions referred to are as follows:

ARTICLE IX., Section 3. (*State Debt Limited.*) For the purpose of enabling the State to transact its business upon a cash basis from its organization, the State may contract public debts, but such debts shall never in the aggregate, exclusive of interest, exceed the sum of three hundred thousand dollars, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually and the principal within twenty years from the passage of such law, and shall especially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed or diminished, until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, to provide for the public defense.

Section 4. (*State Prohibited from Assuming Debts of Cities, &c.*) The State shall never assume the debt of any county, town, city or other corporation whatever, unless such debts have been created to repel invasion, suppress insurrection or to provide for the public defense.

ARTICLE VIII., Section 9. (*State Shall Not Loan Its Money or Credit, &c.*) The State shall not donate or loan money or its credit, subscribe to or be interested in the stock of any company, association or corporation, except corporations formed for educational or charitable purposes.

ARTICLE XVII., Section 7. (*State to Assume Debts of the Territory.*) All debts and liabilities of the Territory of Nevada lawfully incurred, and which remain unpaid at the time of the admission of this State into the Union, shall be assumed by and become the debt of the State of Nevada, *Provided*, That the assumption of such indebtedness shall not prevent the State from contracting the additional indebtedness as provided in Section 3 of Article 9 of this constitution.

ARTICLE VIII., Section 10. (*County, City, Town, &c., Not to Be Stockholders, &c.*) No county, city, town or other municipal corporation shall become a stockholder in any joint-stock company, corporation or association whatever, or loan its credit in aid of any such company, corporation or association, except railroad corporations, companies or associations.

Section 8. (*Cities and Towns to Be Restricted by General Laws.*) The Legislature shall provide for the organization of cities and towns by general laws; and restrict their powers of taxation, assessment, borrowing money, contracting debts and loaning their credit, except for procuring supplies of water.

TAXATION OF MUNICIPAL BONDS.—The Department of State advised us under date of Dec. 29 1911 that bonds or other evidences of indebtedness of State, county or municipalities are not assessed in Nevada.

POPULATION OF STATE.—The 1900 figures include persons on Indian reservations not considered in previous aggregates. Of such persons there were 1,594 in 1890 and 6,800 in 1880.

MUNICIPAL AND COUNTY INDEBTEDNESS.—A new Constitution went into effect in April 1902. One of its provisions fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate, unless the issue be authorized by a majority of the qualified voters. V. 74, p. 741. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years.

TAXATION OF MUNICIPAL BONDS.—We were advised under date of Dec. 12 1911 by the office of the Auditor of Public Accounts that the only bonds exempt from taxation under the laws of this State are bonds of the United States and of the State of Virginia.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April, 1893, pages 151 and 152.

On March 1 1912 Virginia's debt stood as shown below:

LOANS—	When Due.	
Riddleberger Bonds, Act of 1882.		
3s J-J $5,616,554.16	July 1 1932	
(Subject to call after 1900.)		
Century Bonds, Act of 1892.		
3s J-J $16,431,462.13	July 1 1991	

The Literary Fund on Mch. 1 1912 held $182,900 Century bonds and $1,579,927.28 of Riddlebergers; total, $1,762,827.28. These being held alive in the Fund, form part of the outstanding amounts in the table.

Of the $16,431,462.13 Century bonds, $4,951,000 are coupon, $11,479,200 registered and $1,262.13 fractional certificates; of the $5,616,554.16 Riddlebergers, $1,489,000 are coupon, $4,126,700 are registered and $854.16 are fractional certificates.

The interest on the Century bonds was 2% for the first 10 years (or until July 1 1901) and 3% thereafter. Both issues are exempt from taxation.

Total amount of outstanding bonds issued under Act of Feb. 20 1892:

To Bondholders' Committee	$16,359,860.00
Deposited with Commissioners of Sinking Fund	1,715,397.14
	$18,075,257.14
Canceled	1,643,795.01
Total, Act of Feb. 20 1892	$16,431,462.13
Total, Act of Feb. 14 1882	5,616,554.16
Total debt Mch. 1 1912	$22,048,016.29
School and College debt (additional)—6s	$2,384,805.85
School and College debt (additional)—5s	82,800.00
	$2,467,605.85
Old unfunded bonds (additional)	460,438 49

Note.—The school and college debt here mentioned does not represent any obligations outstanding in the hands of the public. It consists entirely of amounts owing the educational institutions, and is evidenced by certificates of indebtedness issued under Chapter 344, Laws of 1892. These certificates are redeemable at pleasure of the State and are non-transferable.

The Virginia Legislature re-enacted the Funding Act of Feb. 20 1892, and under its provisions all old Virginia bonds were allowed to be brought in and funded into new Century bonds, upon the same terms as the Olcott settlement, provided they were presented for funding prior to Dec. 31 1896. By the Act of Jan. 25 1898, however, bondholders were given until July 1 1898 to come in and accept the terms, and the time has been repeatedly extended since then, the latest extension having been until December 31 1912. Bonds funded under any amendment or extension to the Act of February 20 1892 carry interest from the semi-annual period next preceding the date of funding. Under the old law coupon bonds once converted into registered certificates were not re-convertible into coupon bonds, but under the Acts of 1882 and 1892 coupon and registered bonds are interchangeable at a cost of 50 cents for each new bond issued in such exchange.

WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is, $15,239,370 out of the total debt of $45,718,112. To represent, therefore, West Virginia's share of bonds funded, "deferred certificates" were issued. West Virginia, however, refused to recognize these certificates. After lengthy litigation, the U. S. Supreme Court on March 6 1911 decided that West Virginia should assume liability for a debt of $7,182,507, not counting the interest, which is left for adjustment between the parties. V. 92, p. 674. On Oct. 30 1911 the U. S. Supreme Court, in an opinion expressed by Justice Holmes, denied without prejudice the motion made on behalf of the State of Virginia to compel West Virginia to take immediate action to pay its share of the debt. The full text of the opinion will be found in V. 93, p. 1274.

After about three-fourths of the old Virginia bonds had been surrendered, and "deferred certificates" been given to represent West Virginia's one-third, under the Acts of 1871 and 1879, these Acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the *principal* of the old bonds brought in for funding, but gave "non-interest-bearing certificates" to represent one-third the *interest* on old bonds. The following shows the amount of each refunding issue:

LOANS— *Name and Purpose.*	—Interest.— P. Ct.	P'y'ble.	—Principal.— When Due.	Outstanding.
Interest-bearing "def'd certs" of 1871 and 1879	6	J & J	Contingent	*$15,658,843 53
Non-interest-bearing deferred certificates of 1871 and '79	--	------	----------	187,385 81
Interest-bearing certs. of 1882	--	------	----------	1,031,551 88
Non-int.-bearing certs of 1882	--	------	----------	744,051 60
Interest-bearing certs. of 1892	--	------	----------	287,422 00
Non-int.-bearing certs.of 1892	--	------	----------	323,652 75

*It has been ascertained that $8,781,981.81 bonds were issued under the Act of 1879.

State of West Virginia.

ITS

DEBT, RESOURCES, &c.

Admitted as a State (Act Dec. 31 1862)------June 20 1863
Total area of State (square miles)----------24,780
State Capital ----------Charleston
Governor (term expires March 4 1913)---Wm. E. Glasscock
Secretary of State (term exp. March 4 1913)-Stuart F. Reed
Treasurer (term expires March 4 1913)-------E. L. Long
Auditor (term expires March 4 1913)---------J. S. Darst

LEGISLATURE meets biennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

TOTAL DEBT.—This State has no debt. In the settlement of the Virginia debt one-third was set apart as the share belonging to West Virginia, but the latter refused to assume the same. In March 1911, however, the U. S. Supreme Court held the State liable for a principal debt of $7,182,507 and left the question of interest for adjustment between the parties. V. 92, p. 674. Justice Holmes of the U. S. Supreme Court in an opinion rendered Oct. 30 1911 denied without prejudice the motion made by the State of Virginia to compel West Virginia to take immediate action to pay its share of the debt. V. 93, p. 1274.

The amounts in the various State funds and in banks on Oct. 1 1911 aggregated $1,611,620 30. In addition, the State School Fund had invested $992,500. Total of all funds invested and in banks on Oct. 1 1911 was $2,604,120 30.

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate personal property and railroad property. Under the tax law passed in 1903 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906, returns for earlier years having been on a much lower basis.

TAX RATE.—The State tax rate (per $1,000) in 1910 for all purposes was 45c. In 1909, 1908 and 1907 it was 50c. In 1906 the State tax rate (per $1,000) was 60c.; school tax (per $1,000) was 25c.; State tax rate (per $1,000) for 1905 was $1.40; school tax (per $1,000) was 60c.

DEBT LIMITATION.—Provisions limiting the debt-making power of the State and the various sub-divisions are found in Article X of the State Constitution of 1872; the sections pertaining thereto being as follows:

SECTION 4.—No debt shall be contracted by this State, except to meet casual deficits in the revenue; to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war; but the payment of any liability other than that for the ordinary expenses of the State shall be equally distributed over a period of at least twenty years.

SECTION 6.—The credit of the State shall not be granted to, or in aid of, any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation, or person, nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever.

SECTION 7.—County authorities shall never assess taxes, in any one year the aggregate of which shall exceed ninety-five cents per one hundred dollars valuation, except for the support of free schools; payment of indebtedness existing at the time of the adoption of this Constitution; and for the payment of any indebtedness with the interest thereon created under the succeeding section, unless such assessment with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three-fifths of all the votes cast for and against it.

[*Note*.—The legislature of 1904 passed a tax measure limiting county levies after 1905 to 60 cents per $100 of valuation.

SECTION 8.—No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding 5 per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness, nor without, at the same time, providing for the collection of a direct annual tax sufficient to pay, annually, the interest on such debt, and the principal thereof, within and not exceeding thirty-four years; *Provided* That no debt shall be contracted under this section unless all questions connected with the same shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same.

[*Note*.—The Legislature of 1905 passed an Act prohibiting indebtedness exceeding 2½ per centum on the value of taxable property. This Act went into effect Jan. 1 1906. See V. 80, p. 1930.

TAXATION OF MUNICIPAL BONDS.—Bonds of municipalities are assessed as personal property against the person holding them, if he be a resident of the State. Bonds held by banks are not subject to tax. The constitution forbids the creation of State debt; therefore there is no provision regarding the taxation of State bonds.

Educational bonds	6	semi-an.	Irredeemable	2,312 597
Past-due bonds (never presented)				6 394

INTEREST is payable in Frankfort and New York.

STATE DEBT.—The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, $1,327,000; county bonds, issued Jan. 1 1885, $381,986; new school bonds, issued March 12 1892, $606,650. The $165,000 military bonds are also irredeemable; the interest is paid to the A. & M. College and the State normal school for colored persons. The sinking fund on hand June 30 1912 aggregated $189,552.

TAX RATE.—In 1911 the State tax rate (per $1,000) was $5.00.

CONSTITUTIONAL AMENDMENTS.—An amendment to the constitution was approved by the voters on Nov. 2 1909, permitting State aid to counties located therein for public roads and additional taxation by counties for the payment of same. V. 89, p. 1437.

DEBT LIMITATION.—The constitutional provisions relating to the creation of debt by the State are found in Sections 49 and 50 of the Constitution of 1891. We quote these sections below:

Section 49. The General Assembly may contract debts to meet casual deficits or failures in the revenue; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed five hundred thousand dollars, and the moneys arising from loans creating such debts shall be applied only to the purpose or purposes for which they were obtained or to repay such debts: *Provided*, The General Assembly may contract debts to repel invasion, suppress insurrection, or, if hostilities are threatened, provide for the public defense.

Section 50. No Act of the General Assembly shall authorize any debt to be contracted on behalf of the Commonwealth except for the purposes mentioned in Section 49 unless provision be made therein to levy and collect an annual tax sufficient to pay the interest stipulated, and to discharge the debt within thirty years; nor shall such Act take effect until it shall have been submitted to the people at a general election and shall have received a majority of all the votes cast for and against it: *Provided*, The General Assembly may contract debts by borrowing money to pay any part of the debt of the State without submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt so contracted or the interest thereon.

Cities, Towns, Etc.—Cities, towns, counties, taxing districts and other municipalities are limited by Sections 157 and 158 of the constitution. Section 157 provides that no debt of any kind may be created to an amount exceeding in any year the income and revenue provided for such year *unless* authorized by a two-thirds vote of those voting at an election held for the purpose. In Section 158 we find the following limits to the debt-making power of municipalities. Cities having over 15,000 population 10% of the taxable property, cities and towns of 3,000 or more inhabitants but less than 15,000, 5%; cities and towns of less than 3,000 population, 3%; counties, taxing districts and other municipalities, 2%. Some exceptions are made to these limits. For instance indebtedness may be contracted in excess of the limit when same has been authorized under laws in force prior to the adoption of the constitution (Sept. 28 1891) or when necessary for the completion of a public improvement undertaken but not finished at the time of the adoption of the constitution. A further exception is made in the case of such places as had exceeded the prescribed limit at the time the constitution went into effect. In such instances permission is given to further increase debt in an amount not exceeding 2% in the case of cities and towns and not exceeding 1% in the case of counties, taxing districts or other municipalities—"until the aggregate of its indebtedness shall have been reduced below the limit herein fixed, and thereafter it shall not exceed the limit, unless in case of emergency the public health or safety should so require Nothing herein shall prevent the issue of renewal bonds or bonds to fund the floating indebtedness of any city, town, county, taxing district or other municipality."

TAXATION OF MUNICIPAL BONDS.—The State has no bonded debt (see above) but is authorized to issue interest-bearing warrants, which are not taxable for any purpose. The Auditor of Public Accounts, F. P. James, writes us, under date of Dec. 23 1911, that most municipalities exempt their bonded debts from taxation but they would not be authorized to relieve them of State and county taxes.

POPULATION OF STATE:—

1910	2,289,905	1860	1,155,684
1900	2,147,174	1850	982,405

TAYLOR COUNTY.
Campbellsville is the county seat. Judge Walter Evans of the Federal Court has rendered a decision holding this county liable for bonds issued by it to pay for the building of the old Cincinnati & Ohio RR., and directing the county officers to certify the collection of sufficient taxes to pay the judgment when taxes are collected next time for local purposes. This has been sustained by the U. S. Circuit Court of Appeals in Cincinnati. Something over $50,000 is involved, it is said, in this particular litigation, and there are other bonds outstanding that are affected by the same decision. V. 94, p. 1714.

State of Tennessee.

ITS

DEBT, RESOURCES, ETC.

Organized as a Territory (Act May 26 1790)—May 26 1790
Admitted as a State (Act June 1 1796)—June 1 1796
Total area of State (square miles)—42,050
State Capital—Nashville
Governor (term exp. Jan. 15 1913)—Ben. W. Hooper
Sec'y of State (term exp. Feb. 12 *a* 1913)—Hallum W. Goodloe
Treasurer (term expires Jan. 15*a* 1913)—Geo. T. Taylor
Comptroller (term expires Jan. 15 1913—Frank Dibrell

a Constitution says term of office shall be computed from the 15th of January, but these officials being elected by the Legislature are usually allowed to serve a full term from the date of their appointment.

LEGISLATURE meets biennially in odd years on the first Monday in January and sessions are not limited, "but no member shall be paid for more than 75 days of a regular session."

STATE DEBT.—The debt on which the State is paying interest is as follows, the aggregate on Jan. 1 1912 having been $11,458,000.

LOANS— *Name and Purpose.*	*Interest.— P. Ct.*	*Payable.*	*Principal.— When Due.*	*Outstanding.*
New settlement bonds (subject to call at 100)	3	J-J	July 1 1913 c&r	$9,222,000
Penitentiary bonds	4½	A-O	Oct 1 1913 c	600,000
Redemption bonds	4½	A-O	Oct. 1 1913 c	1,000,000
Old ctfs. of indebtedness held by State institutions	5&6	J-J	At pleasure of State.	636,000

TOTAL DEBT, &c.—The 3% bonds in the above table were given in settlement of 6% bonds. This compromise was effected in 1883. These old bonds were funded at 50c. on the dollar, and to represent fractions the State issued what is known as "scrip." The subjoined statement shows Tennessee's total debt on Jan. 1 1912:

Total interest-bearing debt	$11,458,000
Est. amt. of bonds yet to be funded (held by U. S. Gov't)	335,666
Total bonded debt	11,793,766

Of the unfunded bonds $335,666 66 are owned by the United States Government. The State will not fund these bonds it is said, until certain claims are adjusted between the State and the Federal Government. Under an Act of 1905 all of the unfunded bonds, except the $335,666.66 held by the Federal Government, were eliminated from the State debt on Jan. 1 '07.

ASSESSED VALUATION.—The following statement shows the character and valuation of all taxable property in the State.

In addition to the above valuations, the assessed valuations of railroad, telephone and telegraph property in 1910 was $91,028,024.

TAXATION OF MUNICIPAL BONDS.—Charles T. Cates Jr., Attorney-General, advised us under date of Jan. 24 1912 that, "under our constitution it is not competent for the Legislature to exempt from taxation State, county or municipal bonds, although occasionally, in providing for and issuing county or municipal bonds, it is provided that they shall not be subject to county or municipal taxation. In 1903, by Chapter 258 of the Acts of that year, it was attempted to practically exempt from taxation State bonds held by banks in this State, but the Supreme Court in the case of the State National Bank against the City of Memphis, 116 Tennessee 641, held that it was not competent for the Legislature under our constitution to exempt from taxation that class of property."

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 150,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue $250,000 coupon bonds to improve the water works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

DEBT REFUNDING BILL.—A bill providing for refunding of State debt due in 1913 was before the 1911 Legislature but failed of passage The

bill provided for the issuance of new bonds in an amount not to exceed $11,448,000, the proceeds to be used to redeem any bond or obligation of the State of Tennessee (and accrued interest) issued under Chapter 84, Acts of 1883 and amendments thereto, Chapter 57, Acts of 1881, and Chapter 97, Acts of 1893. See V. 92, p. 1127, for further details of bonds.

POPULATION.—The population of Tennessee has been as follows:

1910	2,184,789	1860	1,109,801	1820	422,771
1900	2,020,616	1850	1,002,717	1810	261,727
1890	1,767,518	1840	829,210	1800	105,602
1880	1,542,359	1830	681,904	1790	35,691
1870	1,258,520				

The proportion of the colored population was 26.14% in 1880, 24.57% in 1890, 23.8% in 1900 and 21.7% in 1910. In number blacks were 515,881 in 1850, 283,019 in 1860, 322,331 in 1870, 403,151 in 1880, 434,300 in 1890, 480,243 in 1900 and 473,088 in 1910.

KNOXVILLE.

Knoxville is county seat of Knox County. In 1897 people of Knoxville, North Knoxville and West Knoxville voted in favor of consolidation. Statement below is for consolidated city. Commission government adopted Aug. 26 1911. V. 93, p.607. City has purchased plant of Knoxville Water Co. City assumed $639,000 bonds of water company and in addition issued $611,000 4½% bonds in payment for plant. These issues are not included in bonded debt given below, but the $611,000 bonds are direct obligations of the city. For previous items concerning purchase of this plant, see "State & City Sup." for Nov. 27 1909. Of the bonds assumed, $150,000 6s were refunded in June 1912 by a like amt. of 4½s.

MEMPHIS.

Memphis is the county seat of Shelby County. A yellow fever epidemic in 1878 rendered city unable to meet its obligations, and in 1879 city charter was repealed and Taxing District of Shelby County was organized for purpose of securing a compromise with bondholders on such terms as city felt able to make. The courts, however, held that Taxing District was liable for entire debt of city, and a compromise at 50% was then arranged for under Act. of March 1883. This Act was amended in 1885. Old debt has been all retired and int. payments on new issues are promptly made. In 1891, by Act. of Legislature, district was again incorp. as city

City charter was amended by Legislature in 1907, but on June 22 1907 State Supreme Court declared same unconstitutional. See V. 84, p.1563. City now governed under commission form provided for in amended city charter passed by 1909 Legislature (V. 89, p. 1297), and which has been declared unconstitutional. V. 90, p. 387, and V. 91, p. 49. Bonds are free from local tax.

Artesian-water plant bonds mentioned below are part of an issue of $3,500,000. Of this, $1,250,000 was to provide for refunding water company's bonds which matured in 1909.

State of North Carolina.

ITS

DEBT, RESOURCES, ETC.

Admitted as a State.....One of Original Thirteen

Total area of State (square miles).....52,250

State Capital.....Raleigh

Governor (term expires Jan. 1913).....W. W. Kitchin

Secretary of State (term expires Jan. 1913).....J. B. Grimes

Treasurer (term expires Jan. 1913).....B. R. Lacy

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions, but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the funding laws of 1879, the time prescribed for the exchange having been extended to July 1 1910. These laws provided for the issuance of (1) consolidated 4% bonds due in 1910 (now replaced by refunding bonds due in 1950) to fund old ante-war bonds at 40% of face value, "new" railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consolidated 6% bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating $240 of overdue interest on each $1,000 bond. The 6s due in 1919 carry tax-receivable coupons and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special."

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904, North Carolina on April 1 1905 paid to the State of South Dakota $27,400, representing the judgment obtained by the latter State on $10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the $250,000 bonds of 1905 mentioned below to provide means of payment.

A committee of bondholders has been endeavoring to enforce payment of the special tax bonds of this State. V. 85, p. 1100. A committee of bondholders also offered to donate to the State of New York a large amount of these bonds for the purpose of bringing suit, but the offer was declined. V. 86, p. 121. A similar offer was made to the State of Rhode Island, but was rejected. V. 90, p. 249. Offers to the States of Michigan (V. 92, p. 610) and Nevada (V. 92, p. 477) were also refused.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds, $11,366,000; bonds to Chatham RR., 1868, $1,030,000, and to Williamston & Tarboro RR., $150,000; penitentiary bonds of 1868, $44,000, "unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869; class 3 bearing the coupon of April 1870.

The recognized debt which had been adjusted up to Dec. 1911 stood as follows. All bonds are exempt from taxes; see remarks below on taxation of bonds. An issue of $550,000 4% refunding bonds is offered for sale Dec. 17 1912. V. 95, p. 1347.

LOANS— Name and Purpose.		Interest— %	Payable.	Principal— When Due.	Outstanding.
Construction bonds	c	6	A & O	Apr 1 1919	$2,720,000
Bonds of 1903		4	J & J	Jan 1 1913	300,000

Refunding bonds 1910	c	4	J & J	July 1 1950	3,430,000
Building bonds, 1911	c	4	J & J	July 1 1951	310,000

The State Supreme Court on Sept. 9 1909 declared valid the asylum bonds given above. V. 89, p. 677.

PAR VALUE OF BONDS.—The consolidated 4s are $50, $100, $500 and $1,000; the consolidated 6s, $1,000 each. The bonds of 1903 are for $500 and $1,000 each.

INTEREST on the consolidated 4s and 6s, South Dakota judgment and Schaefer bonds, the 1909, 1910 and 1911 bonds is payable in New York at the National Park Bank and at any bank in Raleigh.

The State does not have to raise money for the interest on the 6% bonds for the reason that the lease of the North Carolina RR. provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the road, which if sold would much more than pay the principal. In addition the State holds 12,666 shares of stock in the Atlantic & North Carolina RR. valued at $1,266,600 and $240,500 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 2-3 of the cash value. In 1903, however, the attempt was to assess at true value, which accounts for the large increase in that year.

The proportion of the *colored* population was 37.95% in 1880, 35.05% in 1890, 33.3% in 1900 and 31.6% in 1910. In number *blacks* were 316,011 in 1850; 361,522 in 1860; 391,650 in 1870; 531,277 in 1880; 567,170 in 1890, 624,469 in 1900 and 697,843 in 1910.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General, T. W. Bickett, that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds and it is thought probable that, under the constitution, they cannot do so.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 $1,800,000 of this scrip had been issued. V. 80, p 725. The State debt on Jan. 1 1912 consisted of the following items:

LOANS—	*When Due.*
Consols 1873-8-9	
6s J-J $250,000c	----
Agricul. Col Scrip (two pieces)	
6s J-J $191,800r	Irredeemable
Clemson College Stock 1891.	
6s J-J $58,539r	Irredeem.
Past-due Bonds.	
6s J-J $6,794r	Past due

Bds. to Refund Brown Consols '92	
4½s J-J $5,621,351c&r	Jan 1 1933
(Subject to call after Jan 1 1913.)	
Blue Bonds 1887.	
4½s J-J $400,000c&r	July 1 1928
Bonds Fundable into Brown Cons	
Various old bonds, principal fundable.	
6s	$165,358c&r

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to $37,000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U. S. Supreme Court sustained this decision.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by $14,500. The 1912 Legislature passed an Act providing for the issuance of 4% gold coupon bond and certificates of stock for the refunding of outstanding Brown consol. bonds and stocks. This Act was given in full in V. 94, p. 718.

PAR VALUE OF BONDS.—The brown consols, the brown bonds exchangeable for the same and the blue bonds are all for $500 and $1 000.

INTEREST is payable in New York at the Hanover National Bank; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N. B. A.

TOTAL DEBT.—The total valid bonded debt on Jan. 1 1912 was $6,271,691, not including $415,358.64 bonds which matured a great many years ago but have never been paid. The assets of the sinking funds on Jan. 1 1912 amounted to $869,967.51; of this amount $95,395.98 was ordinary sinking fund and $774,571.53 "cumulative" sinking fund; this latter fund is for the reduction and payment of South Carolina Brown 4½ % bonds and stocks.

On Nov. 5 1912 a proposition to issue $1,000,000 State Hospital bonds was favorably voted. V. 95, p. 1349.

ASSESSED VALUATION AND TAX RATE.—

STATE PROPERTY.—The State owns valuable deposits of phosphates but its revenues from the mining of them, after increasing from $196,698 in 1886 to $237,149 in 1890, fell to $11,584 in 1906. In 1907 they amounted to $8,340.25, in 1908 to $6,899.75, in 1909 to $4,362.12, in 1910 and 1911 to $1,500. This is partly the result of a reduction in royalties from $1.05 per ton in 1886 to 25 cents per ton in 1900.

DEBT LIMITATION.—*State.*—The State Constitution of 1895 imposes several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as follows:

Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this Constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a general State election. Two-thirds vote necessary to authorize.

COUNTIES, CITIES, &c.—The constitutional limitations as to the indebtedness of counties municipalities &c., are covered by Section 7 of Article VIII. and Section 5 of Article X of the State Constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund should be established to redeem bonds at maturity. Under an amendment authorized by vote in 1900 and ratified by the Assembly in 1901, the 8% limit does not apply to the bonded debt incurred by the cities of Columbia, Rock Hill, Charleston and Florence, where the proceeds of said bonds are applied solely for the purchase, establishment, maintenance or increase of water-works plant and sewerage system; nor does the limit apply to the City of Georgetown and Greenville, where the proceeds of the sale of bonds are applied solely to the purchase, establishment maintenance or increase of water-works plant, sewerage system, or gas and electric-light plants. By a vote in 1906, ratified by the Legislature in 1907, the city of Bennettsville may also increase its indebtedness beyond the 8% limit, where the proceeds are applied solely to the purchase, establishment and maintenance of a water-works-plant, or sewerage system, provided the question of incurring such indebtedness is submitted to the voters of said municipality. At the election Nov. 3 1908 a somewhat similar privilege was granted the town of Gaffney. V. 87, p. 1372.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property therein." By the Constitutional amendments adopted in 1910, exceptions are made in the case of bonds for water, sewerage or lighting purposes—see below.

CONSTITUTIONAL AMENDMENTS.—Nine amendments to the Constitution were favorably voted at the election Nov. 8 1910. V. 92, p. 1449. Five of these are amendments to Section 7 of Article VIII; of these five, four provide that the limitations proposed by that Section and Section 5 of Article X shall not apply to bonded debt incurred for certain specified purposes by the places named, while the fifth states that the limitations proposed by these two sections shall not apply to the bonded indebtedness of any municipal corporation when the proceeds are used for a water plant sewerage system or lighting plant. Another amends Section 6 of Article X so as to allow townships in Greenwood County and Saluda County to issue railroad-aid bonds. For details of amendments see "Chronicle" of Sept. 3 1910. At the general election on Nov. 5 1912 three proposed amendments to the State constitution were voted upon. V. 95, p. 700. As soon as it is definitely determined by official count whether the amendments and bond proposition have carried or not, the fact will be reported in the State & City Department of the "Chronicle."

TAXATION OF MUNICIPAL BONDS.—A law was passed in 1912 exempting all school and municipal bonds from taxation. Heretofore the only bonds which were non-taxable were those specifically exempted under the Acts authorizing their issuance. V. 94, p. 645.

MUNICIPAL CORPORATIONS MAY ISSUE CERTIFICATES OF STOCK.—An Act to amend Article VI, Chapter XLIX, of the laws of this State relating to municipal corporations was passed by the 1908 session of the Legislature. This amendment authorizes the authorities of any incorporated city or town of this State to exchange certificates of stock for any coupon bonds which have heretofore been, or which may hereafter be issued in accordance with the provisions now set forth in Sections 2008, 2015, 2021 and 2022 of the Code of Laws of South Carolina. V. 87, p. 1039.

POPULATION OF STATE.—

STATE PROPERTY.—The State owns the Western & Atlantic RR., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 29 years from December 27 1890 to the Nashville Chattanooga & St. Louis RR. Company at a rental of $420,012 per annum. It also holds 186 shares of the Georgia RR. & Bkg. Co., 440 shares of the Southern & Atlantic Telegraph Co. and $107,000 3½% securities of the N. E. RR. maturing in 1915.

CONSTITUTIONAL AMENDMENTS.—Several amendments to the State constitution were adopted at election held Oct. 5, 1904. One of these limits State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, &c. See V. 79, p. 746.

The voters at the State election on Oct. 2 1912 adopted five proposed constitutional amendments. Important among them is the one amending Section 3 of Article 7 of the constitution by increasing the borrowing power of the State to supply deficiencies in revenue from $200,000 to $500,000. V. 95, p. 993. Section 3 now reads as follows:

DEBT LIMITATION.—Section 3. No debt shall be contracted by or on behalf of the State except to supply such temporary deficit as may exist in the Treasury in any year from necessary delay in collecting the taxes of that year, to repel invasion, suppress insurrection and defend the State in time of war, or to pay the existing public debt; but the debt created to supply deficiencies in revenue shall not exceed, in the aggregate, five hundred thousand dollars, and any loan made for this purpose shall be repaid out of the taxes levied for the year in which the loan is made.

COUNTIES, CITIES, &c.—The State constitution of 1877, Article VII, Section VII, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows:

Paragraph 1. "The debt hereafter incurred by any county, municipal corporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipality or division shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof, at an election for that purpose, to be held as may be prescribed by law; but any city the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the adoption of this constitution may be authorized by law to increase, at any time, the amount of said debt three per centum upon such assessed valuation; except that the City Council of Augusta, from time to time, as necessary, for the purpose of protection against floods, may incur a bonded indebtedness upon its power-producing canal and municipal water-works, in addition to the debts hereinbefore in this paragraph allowed to be incurred, to an amount in the aggregate not exceeding fifty per centum of the combined value of such properties, the valuation of such properties to be fixed as may be prescribed by law, but said valuation not to exceed a figure five per cent on which shall represent the net revenue per annum produced by the two such properties together at the time of said valuation, and such indebtedness not to be incurred except with the assent of two-thirds of the qualified voters of such city, at an election or elections for that pur-

pose to be held as may be now, or may be hereafter, prescribed by law for the incurring of new debts by said the City Council of Augusta."

Paragraph 2 of the same article and section is as follows: Paragraph 2, "County and city bonds, how paid. Any county, municipal corporation or political division of this State which shall incur any bonded indebtedness under the provisions of this constitution shall, at or before the time of so doing, provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within thirty years from the date of the incurring of said indebtedness."

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898. The constitutionality of this Act was upheld by the State Supreme Court in an opinion handed down on Dec. 1 1908 regarding a suit brought to restrain the issuance of certain bonds by the City of Albany, Ga. See V. 88, p. 319. Also see editorial in "State and City Supplement" of May 29 1909.

BONDS TAX FREE.—The State Supreme Court on Aug. 9 1907 handed down a decision holding that bonds issued by any municipal corporation within the State of Georgia are not taxable by that State or any county thereof. V. 85, p. 676.

POPULATION.—The population of Georgia has been as follows:

1910	2,609,121	1860	1,057,286	1820	340,985
1900	2,216,331	1850	906,185	1810	252,433
1890	1,837,353	1840	691,392	1800	162,686
1880	1,542,180	1830	516,823	1790	82,548
1870	1,184,109				

The proportion of the colored population was 47.02% in 1880, 46.8% in 1890, 46.7% in 1900 and 45.1% in 1910. In number, blacks were 384,613 in 1850; 465,698 in 1860; 545,142 in 1870; 725,133 in 1880, 858,815 in 1890, 1,034,813 in 1900 and 1,176,987 in 1910.

DEBT LIMITATION.—The Constitution of the State of Georgia, adopted in 1877, limits municipal indebted in this State to 7% on the amount of taxable property. Augusta's debt at that time was in excess of that limitation. As shown above, the debt is now a half million dollars, within the 7% limit. On Oct. 5 1910 an amendment to Paragraph I, Section VII, of Article VII of the constitution was favorably voted, allowing this city to incur a bonded debt outside of the limit now prescribed, for the purpose of protection against floods. V. 91, p. 1045. No obligation of this city has ever been repudiated or scaled.

CITY PROPERTY.—The city owns its water-works and a canal which furnishes water and pumping power for the former, besides supplying power for numerous industrial plants. These two municipal properties are valued at $3,245,000. The city also owns other good real estate within the city limits valued at $300,000. The net annual income from water rents (canal and water-works) was reported in 1911 as $121,473, and it increases yearly from new industries and new extensions of water mains. This income more than meets the interest on bonded debt.

The present law requires property to be assessed at "full cash value."

CONSTITUTIONAL AMENDMENTS.—Proposed constitutional amendments establishing the initiative and referendum and authorizing the incorporation of special tax school districts, submitted to the voters on Nov. 5 1912 appear to have carried. V. 95, p. 1345.

DEBT LIMITATION.—*State.*—Section 6 of Article IX of the constitution reads: "The Legislature shall have power to provide for issuing State bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued, at a lower rate of interest." Section 10 of this article states the credit of the State shall not be pledged or loaned to any individual, company, corporation or association, nor shall the State become a joint owner or stockholder in any company, association or corporation.

Cities and Towns.—Title X (First Division), Revised Statutes 1906, prohibits cities and towns from issuing bonds in excess of five per cent (5%) of the assessed value of real and personal property within their corporate limits. Before any such bonds are put out, the question of issuing the same, as well as the amount to be issued, must be approved by two-thirds (2-3) of the registered voters actually voting. Any city or town may issue bonds in excess of the five per cent (5%) limit for gas or electric plants, provided the additional amount does not exceed seven per cent (7%) of the total valuation of real and personal property. The maturity of such bond shall not exceed thirty (30) years and the interest rate may not exceed seven (7) per cent. Authority for the issuance of the same must be granted by a majority of the votes cast at an annual or special election to be called for such a purpose. It is also required that the interest and a sinking fund for their payment at maturity shall be provided for.

Counties.—Title IX, Section 786 (First Division), Revised Statutes 1906, states that counties may issue bonds for highways, buildings and for funding purposes, provided the proposition to issue such bonds is authorized by a majority of the voters A sum sufficient to pay the interest and to raise the amount annually required as a sinking fund to pay the bonds at maturity is required.

TAXATION OF MUNICIPAL BONDS.—Under Chap. 5596, Laws of 1907, relating to tax assessments and collection of revenue, "all debts due or to become due from solvent debtors, whether on account, contract, note or otherwise, all public stocks or shares in all incorporated or unincorporated companies," are taxable as personal property when held by persons residing in this State.

a This is date when the Mississippi Constitutional Convention completed its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed a Constitution and "State Government for that part of the Mississippi Territory lying west of "the territory herein described."

LEGISLATURE.—Under the new Constitution the Legislature meets quadrennially on the second Tuesday in January or on such other day as may be prescribed by law. Session limited to 50 working days. Last regular session convened Jan. 10 1911 and adjourned April 14 1911.

HISTORY OF DEBT.—For the early history of Alabama's State debt see "State and City Supplement" of April 1894, page 163. Under an Act of the State Legislature approved Feb. 18 1895, all bonds authorized to be exchanged under the Act approved Feb. 23 1876 were barred if not exchanged by July 1 1896. The amount thus barred was $185 400. By another Act also approved Feb 18 1895 and amended Feb. 16 1899, the Governor refunded the bonds issued under the Act of Feb. 23 1876 (Series A," "B," and "C") with new securities.

TOTAL DEBT.—Total bonded debt Sept. 1912, $9,057,000.

Admitted as a State (Act March 1 1817)-----Dec. 10 1817
Total area of State (square miles)-----46,810
State Capital-----Jackson
Governor (term expires January 1916)-----Earl Brewer
Secretary of State (term expires Jan 1916)---J. W. Power
Treasurer (term expires January 1916)-----P. S. Stovall

a This is the date of the organization of the old Mississippi Territory, which was divided up into two parts when the State was created.

LEGISLATURE meets in regular session (unlimited as to duration) biennially in even years on the first Tuesday after the first Monday in January. Constitutional amendment to this effect adopted by the voters in November 1910. V. 91, p. 599.

HISTORY OF DEBT.—For early history of the State debt of Mississippi see "State and City Supplement" of April 1894, page 170.

INTEREST is payable at office of State Treasurer.

TOTAL DEBT.—Mississippi's indebtedness on May 1 1912 (including $2,344,253.80 of debt for school funds, &c., on which interest alone has to be paid) was $3,851,153, and of this amount a large proportion was held by various State funds. Cash on hand and in depositories May 1 1912, $308,437.46.

The constitution of the State interdicts the payment of the so-called "Union Bank" and "Planters' Bank" bonds. The Corporation of Foreign Bondholders of London and Messrs. H. B. Hollins & Co. of New York have consented to act as readjustment managers for the benefit of the holders of the old defaulted "Union Bank" and "Planters' Bank" bonds who may deposit their bonds under the terms of an agreement provided for that purpose. V. 93, p. 1803.

SUPREME COURT DECIDES AGAINST PAYMENT OF BOND COUPONS.—The State Supreme Court in a decision handed down May 29 1911 held that the Jan. 1 1911 coupons on an issue of $600,000 State bonds should not be paid. This reversed the judgment of Judge W. A. Henry of the Seventh Circuit Court District, who on Apr. 5 1911 ordered a writ of mandamus commanding the Auditor to issue warrants for the payment of the Jan. 1 1911 coupons. See V. 92, p. 1049. The litigation was started by former State Treasurer Edwards, who refused to pay the interest on the ground that should the bondholders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statues. The State Supreme Court held this view was correct. V. 92, p. 1511. The 1911 Legislature provided for an appropriation of $600,000 for the redemption of so much of the $600,000 bond issue of 1910 presented to the State Auditor between Jan. 1 and Jan. 15 1912. The interest coupons maturing at that time were also to be paid. We learn that $336,000 bonds were redeemed during that period. Those still holding the 1910 bonds were given an opportunity to exchange them for the new bonds also provided for by the Legislature in 1911. These new bonds mature in 20 years and bear 4% interest.

CONSTITUTIONAL AMENDMENTS.—Three proposed amendments to the constitution were defeated on Nov. 5 1912. V. 95, p. 1420.

LAW GOVERNING BORROWING CAPACITY OF MUNICIPALITIES AMENDED.—Chapter 142, Laws of 1910, approved April 5 1910, amends the law fixing a limit upon the debt which may be incurred by municipalities so as to allow cities having a population of 10,000 or more to become indebted for the purpose of improving streets or acquiring water-works, gas or electric plants up to 15% of their assessed value. It is also provided that whenever bonds shall be issued for the construction or purchase of water-works, gas or electric plants, they may be secured by the pledge of the revenue of such plants. The Act referred to is given in full in V. 91, p. 893.

TAXATION OF MUNICIPAL AND DRAINAGE BONDS.—All bonds issued by this State are non-taxable under the law authorizing their issuance. Municipal bonds are taxable.

DRAINAGE DISTRICT BONDS EXEMPT FROM TAXATION.—During the 1908 session of the Legislature an Act was passed (Chapter 141, Laws of 1908) and approved Feb. 20 1908 providing that "in addition to the prop-

erty already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character what ever." V. 87, p. 1254.

Treasurer (term exp. 3d Mon. May 1916)---- L. E. Smith
Aud. of Public Accts. (term exp. May 1916)--Paul Capdevielle

a Further provision for the Government of the Territory, then known as the Territory of Orleans, was made by the Act of March 2 1805, the duration of the Act of March 26 1804 having originaly been confined to the period of one year from Oct. 1 1804, "and to the end of the next session of Congress which may happen thereafter."

LEGISLATURE meets biennially in even years on the second Monday in May, and sessions are limited to 60 days.

HISTORY OF DEBT.—For early history of the State debt of Louisiana see "State and City" Supplement of April 1894, pages 171 and 172

Debt on which the State is paying interest is as follows:

Consol. 7% Bonds of '74, Stamped 4%.	Consol. (Consti'l) Bonds of '80.
4s J-J $11,500c...Jan 1 1914	4s J-J $101,700c...Jan 1 1914
New Bonds (Act of 1892)	**Louisiana Port Commission Bonds.**
4s J-J $10,995,100c Jan 1 1914	5s '10 J-J*$3,500,000c ---------- (Not less than $100,000 due yearly beginning July 1 1924.)

* Issued for the purpose of constructing wharves, sheds, roadways and other improvements necessary for shipping facilities in the Port of New Orleans.

PAR VALUE OF BONDS.—The consolidated 7s, stamped 4%, are for $100, $500 and $1,000. The Constitutional bonds, for $5, &c. See "Chronicle," V. 68, p. 987.

INTEREST on Port Commission bonds payable at State Treasury; other interest at Winslow, Lanier & Co., N. Y. and by the fiscal agents of the State in New Orleans.

FISCAL AGENTS.—The fiscal agents of the State are the New Orleans National Bank, the Hibernia Bank & Trust Co. and the Whitney-Central National Bank, all of New Orleans. Also the Bank of Assumption, Napoleonville, La.; State National Bank of New Iberia, La.; First National Bank of Shreveport, La.; Commercial National Bank, Shreveport, La.; Central Savings Bank & Trust Co., Monroe, La.; Ruston State Bank, Ruston, La.; the Bank of Baton Rouge, Baton Rouge, La.; Louisiana Nat. Bank, Baton Rouge, La.; Rapides Bank, Alexandria, La., and the Union Bank & Trust Co., Opelousas.

TOTAL DEBT.—The subjoined statement shows Louisiana's total bonded debt in Sept. 1912.

Total bonded debt bearing interest (not including $3,500,000 5% La. Port Commission bonds issued by the Board of Commissioners of the Port of New Orleans)	$11,108,300
Floating Debt Jan. 1 1912—	
Baby bonds (3s) and certificates (Act of 1880), exclusive of coupons	910,728
Floating debt, warrant and interest account	344,010

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but $308,500 consols so issued ($303,500 being consols of 1874 and $5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above There are also $421,935 (estimated) fraudulently issued baby bonds out standing.

There are, moreover, old bonds not recognized, and hence not fundable amounting to $3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, $875,000; 8% State bonds issued to said road, $2,500,000 8% bonds issued to the N. O. Mobile & Chattanooga RR., $70,000; 7.30% bonds issued to the Mississippi & Mexican Gulf Ship Canal Co., $260,000, &c

The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxesdue the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no litigation on the matter since the Act of 1894, under which holders of $364,295 bonds have disposed of same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376, V. 94, p. 1263.

ASSESSED VALUATION.—The assessed valuation is estimated at about 60% of the actual value. The State tax (per $1,000) for 1911 was $5.45:

Years.	Total Assessed Valuation.	Years.	Total Assessed Valuation.	Years.	Total Assessed Valuation.
1911	$541,820,340	1904	$351,018,941	1895	$249,621,419
1910	527,773,950	1903	336,118,348	1890	234,350,791
1909	518,132,175	1902	315,583,468	1885	212,725,564
1908	523,800,478	1901	301 215,222	1880	177,996,459
1907	507,190,230	1900	276,659,407	1870	253,371,890
1906	459,273,821	1899	267,723,572	1860	435,787,265
1905	396,821,157				

DEBT LIMITATIONS, STATE AND MUNICIPAL.—The debt limitations under the constitution adopted May 12 1898 are contained in Art. 281, and were discussed in the "State and City" Supplement for Oct. 1898. The limitation for municipalities is 10% upon the assessed value of the property of the municipal corporation, parish or drainage district.

This section, however, has been amended several times since then. One amendment, adopted in Nov. 1908, prescribes the manner in which municipal corporations, parishes and drainage districts may issue bonds. In 1910 Section 281 was again amended, this time relative to the issuance of bonds for works of public improvement by municipal corporations, parishes and schools, drainage and sewerage districts, the city of New Orleans excepted, and the assessment of special taxes to pay for same. In 1912 the same section was further amended. Reference to this and all other amendments submitted on Nov. 5 1912 will be made in the "State and City" Department of the "Chronicle" at an early date.

At the Nov. 1906 election two amendments were adopted relating to the issuance of $8,000,000 sewer and $200,000 school-teachers' salary bonds by the City of New Orleans. V. 83, p. 1306. In Nov. 1908 an amendment was adopted authorizing the City of New Orleans to issue $2,000,000 5% tax-exempt Public Belt RR. bonds (V. 87, p. 415) and one authorizing $3,500,000 5% Port of New Orleans bonds. Of the railroad bonds, $300,000 were sold on June 20 1912. V. 94, p. 1781. The Port of New Orleans bonds have all been placed and are given in the table of State debt. Another amendment, adopted in 1908, alters the provisions set forth in an Act passed in 1906 which authorized New Orleans to issue the $8,000,000 4% public-improvement bonds mentioned in V. 93, p. 1306. See City of New Orleans.

REAL ESTATE MORTGAGES, ETC.—An amendment adopted in Nov. 1908 provides for the *exemption from taxation*, under prescribed conditions, *of loans made upon mortgages of real estate* and the notes evidencing such loans, and loans made by life insurance companies. V. 87, p. 1434.

TAXATION OF MUNICIPAL BONDS.—There is no law, the Department of State advises us Jan. 2 1912, covering the taxation of notes or bonds of the State and its municipalities; hence they are considered non-taxable The courts have decided that the State as a sovereign has no right to tax its own bonds.

FIXING THE SITUS FOR TAXATION OF MORTGAGES AT THE DOMICILE OF HOLDER.—The Legislature passed an Act in 1908 which was approved July 3 1908, whereby it is sought to prevent double taxation by making mortgage paper and other evidence of indebtedness taxable only at the situs of the owner and holder thereof. V. 87, p. 1110.

SUPREME COURT DECIDES DRAINAGE BOND CASES.—The Louisiana Supreme Court on Feb. 26 1912 and April 22 1912 rendered decisions which are considered of great benefit to drainage and reclamation projects in this State. V. 94, p. 644, 1200 and 1519.

POPULATION.—

1910	1,656,388	1870	726,915	1830	215,739

NEW ORLEANS. T. Wolfe Jr., Sec'y Board of Liquidation.
New Orleans is co-extensive with the parish of Orleans. It was incorporated July 1 1852. Commission form of government adopted Aug. 28 1912. V. 95, p. 634. An amendment to the Louisiana constitution authorizing the city to refund its debt at a lower rate of interest was adopted in 1892, and the city has issued 4% 50-yr. bonds to the amount of $10,000,000, thus enabling it to pay all its maturing loans and all those upon which it had option. The amendment provides that the interest tax collected in excess of requirements shall be divided between city schools and city improvements. The new Louisiana constitution, in effect May 12 1898, confirmed these arrangements.
On June 6 1899 the city voted a special tax of 2 mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 16 million bonds. As this required an amendment to the State constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and $12,000,000 of the bonds were awarded in Dec. 1900 (V. 71, p. 1283), to be issued from time to time as the improvement progressed. The whole amount is out. In March 1903 the validity of this Act was tested in the Civil District Court and affirmed. V. 76, p. 770. The case was taken to the State Supreme Court and the validity of the Act was again upheld. V. 76, p. 989. At the Nov. 1906 election two amendments to the State constitution in relation to the City of New Orleans were ratified by the voters; one of these authorized the city to issue $8,000,000 sewer bonds and the other $200,000 teachers' salary bonds V. 83, p. 1306, and V. 87, p. 1110. 1434 and 1556. $1,000,000 of the sewer bonds were sold on May 21 1909 (V. 88, p. 1388) and the remainder ($7,000,000) were sold on May 8 1911. V. 92, p. 1331. Of the teachers' salary bonds, only $198,000 were issued.

Tot. bd. dt. $33,841,860 $33,951,860
The figures of total debt as given above do not include the amount of accrued interest on premium bonds, which on July 1 1912 was $4,757,941; Jan. 1 1912 it was $4,876,144.
PREMIUM BONDS.—The premium bonds ($20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15 1875. They also get a premium if they happen to draw a prize, 2,352 prizes, aggregating $100,000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds (par value $420,000) were paid each year, in two installments of 10,500 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place Jan. 31 and April 15 next preceding. The drawings to determine the bonds payable Jan. 15 take place July 31 and Oct. 15.
The drawings to determine which bonds shall receive prizes (ranging from $20 to $5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.
At a meeting held Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds the 5% premium bonds of Sept. 1 1875. This action was taken in reply to a letter received from Benjamin Orry, who holds five of the bonds, which are for $20 each. See V. 94, p. 223.

LEGISLATURE meets biennially in odd years on the second Monday in January, and sessions are limited to sixty days, unless by a two-thirds vote of the members a longer time is decided on.

HISTORY OF DEBT.—For early history of the Arkansas State debt see "State and City Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3% 30-year bonds, denominations $500 and $1,000, except $15,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to $24 300, which have not been presented for refunding. All valid 6% funding bonds were called for payment Dec. 1 1901, those not presented up to that time being now null and void.

The total amount of bonds outstanding Mar. 20 1912 was $1,250,500, of which $1,134,500 are held by the State's School Fund and $116,000 by the permanent endowment fund of the University of Arkansas.

TOTAL DEBT, ETC.—The bonded debt March 20 1912 consisted only of refunding bonds (referred to above) as follows:

	Interest.	When Payable.	Maturity.	Amount.
Refunding bonds	3	Sept.	1929	$1 250,500

TAXATION OF MUNICIPAL BONDS.—Under date of Feb. 7 1912 L. M. Burge, Chairman of the Arkansas Tax Commission, writes as follows concerning the taxation of State and municipal bonds:

"We wish to state that under Sec. 1, Art. XVI. of our State constitution, our State and municipalities are not allowed to issue bonds. Section 5 of the Article also sets out the exemption of this State. Those exemptions are also enumerated under Section 6887, Kirby's Digest. The tax in our State is a general property tax. There are very few exemptions; as cited above, no evidences of indebtedness as mentioned by you are exempt from taxation.

"In 1907 we submitted a constitutional amendment to our people asking that municipalities be allowed to issue bonds. It failed of passage by an overwhelming vote. All bonds and indebtedness, the nature of which you mention, were subject to assessment and therefore liable for tax; however, I will state in this connection that we have numerous improvement districts, such as schools, levees, bridges, drainage, &c., which under special Acts are allowed to borrow money or issue bonds for their completion. Bonds of this character do not seem to come clearly under the prohibitory mandate of our Constitution and for that reason these districts are allowed to proceed in this manner, and while it is true these bonds are evidences of indebtedness, they are not exempt from taxation. For the above-mentioned constitutional reasons our Legislature has passed no law allowing State or municipalities to issue bonds."

POPULATION.—The population has been as follows:

1910	1,574,449	1870	484,471	1830	30,388

§ This includes valuation of railroads &c.

Note.—In 1908 there was a large increase in the assessed valuation, due to a new law which requires that property be assessed at its full value.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (*) in the returns below the issues put out *prior* to the enactment of the above law.

A law went into effect Aug. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city;" also excepting bond issues for less than $2,000, when "issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued"] to a vote of the qualified tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

CONSTITUTIONAL AMENDMENTS.—In November 1904 an amendment to the State constitution was adopted permitting legislation in aid of internal improvements. This amendment was given in full on pages 641 and 642 of "Chronicle" of Aug. 6 1904. In Nov. 1908 an amendment to Section 3 of Article 7 of the constitution was adopted increasing the amount of tax that may ve voted in school districts from 20 cents to 50 cents on the $100 valuation, and also providing for a majority vote instead of a two-thirds, of the property tax-paying voters of such district to vote such tax. V. 88, p. 243. A further amendment to this section was adopted on Aug. 3 1909. V. 89, p. 1022.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Attorney-General's department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State or any municipality.

DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, school districts and drainage districts, see V. 87, p. 112, 1254,1 557; V. 90, p. 515, 1188 and 1313; V. 91, p. 1788; V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520 and 1578.

DRAINAGE LAW AMENDED.—The Governor on Feb. 19 1909 signed the bill passed by the Legislature providing for the various amendments to the law relating to the incorporation of drainage districts. V. 88, p. 578.

INVESTMENTS FOR SAVINGS BANKS.—The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. 89, p. 1364.

POPULATION.—The population of Texas has been as follows:

1910	3,896,542	1880	1,591,749
1900	3,048,710	1870	818,579
1890	2,235,523	1860	604,215
		1850	212,592

Of the total population in 1910, 690,020 were blacks, which compares with 620,722 in 1900, 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proport on of the colored race has greatly diminished, the ratio for 1910 being only 17.7% against 20.4% in 1900, 22.04% in 1890 and larger percentages in previous decades.

AUSTIN.
This is the capital of the State and the county seat of Travis County. Incorporated Dec. 27 1839.
The Austin dam, water-works, electric-light and power houses, for the building of which the water and light bonds were issued, were destroyed by the disastrous floods that visited Texas in April 1900. V. 70, p. 755. An adjustment of this debt on the basis of new bonds bearing 3% for 5 years, 4% for the next ten years and 5% for the final 15 years was reached between the city and the bondholders' committee. For details see V. 73, p. 459. All these bonds have been refunded and interest is being regularly paid. On Dec. 29 1908 the city voted in favor of a new charter providing for a commission government. V. 88, p. 115.

Under the terms of an ordinance passed by the City Council and ratified by popular vote, an agreement was authorized between the City Water Power Co. and the City of Austin, dated Sept. 22 1911, under which the entire property of the water company will be owned by the city upon the completion of the required payment of $64,800 per annum for 25 years. The payment of this amount is made one-half every six months directly to the trustee (New York Trust Co.), which pays the interest and redeems bonds therefrom. The payments by the city are derived from the gross income of the city's water, light and power department, and the city is required by the ordinance to maintain water, light and power rates sufficient and adequate to pay the installments as they mature. The gross earnings of the water company in 1911 were $251,369.14 and the operating expenses $117,316.04.

FORT WORTH.
This city is county seat of Tarrant Co. Incorp. 1873. The validity of some of the city bonds was the subject of litigation, but recent decisions of the Court of Civil Appeals confirms their legality. See V. 66, p. 775; V. 67, p. 1072, and V. 76, p. 223. The city failed to pay its interest due in September and November 1899 (see V. 60, p. 711), but in January 1900 paid all arrears. In December 1900 an appeal was made to holders of the bonds to consent to refunding the debt into new 4s and a resolution to aid in the process was passed by the City Council. See "Chronicle," V. 72, p. 100. The Legislature of 1901 authorized $1,883,000 4% 40-year bonds to take up the old issues and $754,000 were refunded; rest of new issue was then canceled and all further efforts to refund stopped.

GALVESTON.
I. H. Kempner, Commissioner Finance and Revenue.
Galveston, the leading seaport of Texas, is the county seat of Galveston County, and was inc. in March 1839.
The County of Galveston has completed the work of constructing a seawall, costing about a million and a half dollars, and devised by a board of eminent engineers, to protect the city from invasion by the sea.
As a result of the great storm of September 1900, in which over 7,500 people were lost and fully as many more left the city to seek employment elsewhere, the population was reduced from 37,000 to about 22,000. The 1910 Census shows that practically all of this has been restored.

§The first installment of these bonds was issued Jan. 1 1892, payable Jan. 1 1932, and the second lot was issued at various dates to Feb. 25 1896. The bonds are also optional after 20 years.

PAR VALUE OF BONDS.—The par value of the bonds is $1,000.

TOTAL DEBT, &C.—	*Sept.* 30'12.	*Feb.* 29'12.
Tot. bd. dt.	$4,915,300	$4,973,000
Floating debt	None	38
Total debt	$4,915,300	$4,973,038
Sink. fds., &c.	485,000	512,728
Net debt	$4,430,300	$4,460,310

The water debt (included in above) on Sept. 30 1912 amounted to $566,000; the water sinking fund (also included above) on same date aggregated $125,449.
The State of Texas in 1902 donated its ad valorem taxes in Galveston County for 17 years to create in part an interest and sinking fund for bonds to be issued for raising the grade of the City of Galveston, and known as grade-raising bonds, series "A", "B" and "C," aggregating $2,000,000. This donation, with only a nominal tax in the beginning, has been sufficient to pay the interest and retire $568,000 of the bonds to date, reducing the amount outstanding, as per above statement, to $1,432,000.
In addition to the sinking fund as given above, the city owns $622,200 wharf company stock. Also owns a water-works plant valued at $1,630,000, an electric-light plant, sewer plant, &c. Total value of its public property at present is $3,[illegible]34 963.
Sinking fund receives yearly an amount equal to 2% of outstanding bonds.
The city holds in its special reserve fund, which can only be used in special or unlooked-for emergencies, the sum of $25,000. The city holds in what is called sewer-extension fund $2,929.81; revenue of present sewer system will pay, over and above operating expenses, int. on entire $300,000 bonds outstanding. Further work on sewers is being done as grade-raising is finished in different districts.
DEBT LIMITATION.—The city can issue bonds only with legislative authority and is forbidden to make loans for railroad aid.

* Issued prior to the law of 1893, which requires approval and registration by State officials.

GALVESTON COUNTY.
